This standard article is compounded with the greatest care.

Its effects are as wonderful and as tisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all cruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing, nothing has been found so effectual or desirable.

True friendship is never selfish; and under all circumstances, no matter how far apart we may be; or how different our let in life, I shall be your friend. Ferdinand is, indeed, a noble fellow, and worthy of your love. When is it to come of? P. S.—I cannot say I do like the tells, for I like to sleep late on Sunday mornings. The bell you say you hear at nights must be the alarm bell on the West Lake street engine house. As you say, I know it, for I often used to hear it when I boarded over on Warren avenue.

ST. JOHN, N. B.

THE NEW DROOPING HATS; The latest novelties in High Crown Hats; little bit forced—too plain to be artistic. It might be construed that I was trying to beg off. Then, too, I don't quite like the beginning. "Why should I?" seems if I was so confident of her love that I couldn't be jealous. Well, I'll chance it." So he sent the letter, and when she received it the girl had a fit of dry hysteries, and said: "Algernon, you must red ress your sister's wrongs. You must imbrue your hands —." Then she wept again.

Well, I'll chance it." So he sent the letter, and when she received it the girl had a fit of dry hysteries, and said: "Algernon, you must redress your sister's wrongs. You must imbrue your hands —." Then she wept again. "I don't know," said her brother, doubtfully; he's bigger'n I am, and tossing about pieces of calico and boxes of thread and playing the counter with a set of parallel bars is powerful in developing the muscle. He's a brazen, fiery serpent, and I always said he was, but if you will go on nursing brazen serpents in your bosom you must expect them to turn again and rend you. He must have a counsel learned in the law to advise him; besides has he taken an impression of his letter in a copying press. He is a three-ply traitor. Perhaps though, we can scoop him yet," and so they tried, and, after a session of three hours, produced the following uhtimatum:

How fanny your last letter was! Congratulating ms on my engagement to referlinand! The idea! Who better than yourself knows where my affections are unalterably placed? Won't you come up to night? I and ma will be at home, and they will be glad to see you.

"That's pretty good, I guess," she said, "and italicizing that they will make the jury think that all our allusions to the old people were put in to be interpreted the other way.
