"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough; and passed night after night without sleep. The doctors gave me up. I tried AYRE'S CHERRY PROTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.
