ing order of the Board of Education made in December last: "The teaching day immediately preceding the Queen's birthday shall be observed in the public schools as Empire Solo, "The two lives," Hazel Smith. Day. The lessons, recitations and other exercises of the day shall be such as may tend to increase the interest of the pupils in the history of Canada in its relation to the British Empire, and to promote a spirit of true patriotism and loyalty to

the Empire to which they belong." Empire Day this year falls on Wedn day, the 23rd of May.

The struggle in which England is now engaged, and in which Carada is taking a minent part, makes it especially titting and desirable that every proper means shall be adopted to foster among the youth of our country a high national sentiment. To cultivate such a sentiment, our children must be taught something of the traditions, struggles stages of growth, and glorious achievements through which the British Empire has reached its present commanding position as an exponent of the spirit of liberty, and the most powerful agency in the civi

lizaton of the world. Empire Day is to be observed may be properly left to the Trustees and Teachers of the several schools. The following suggestions may be of service in the preparation of a programme for the Day: Forenoon-Lessons on the British Empire-Its extent and resources, its institutions, and form of government, its literature and distinguished men. Lessons on Canada- -Its extent and reources, its system of government, historial incidents, especially connected with New Brunswick. The history of the Union Jack as a national emblem might be taken up as the subject of an instructive and interesting lesson to the

united school. AFTERNOON - Patriotic recitations. songs and readings by the pupils, and addresses by trustees, clergymen, and others afternoon exercises the public generally same monotonous round over and over should be invited to be present and during the whole day, as well as the following day, the British flag should float over it may be desirable to have a mass meetspeakers specially invited for the occa-

again Twelve Boxes Com-

pletely Cured Her. BEAR RIVER, N. S., April 30 .- A great number of worthy people, both in Nova Scotia and the other maritime provinces have in time past fallen into the error of thinking that Dodd's Kidney Pills will cure their diseases-often of long years' standing-almost instantly. They follow the directions and take Dodd's Kidney Pills regularly for the first few days, and are then disappointed if their health is

not restored. Dodd's Kidney Pills are the promptest and most speedy remedy for kidney diseases ever known on this earth and they have almost performed miracles in snatching people out of the very jaws of death, but they will not do impossibilities. No medicine ever invented will cure kidney disease like Dodd's Kidney Pills. But they want a fair chance. A doctor doesn't cure a patient of a fever in two or three visits. It takes time. So with

The case of Mrs. Elizabeth Berry, of Bear River, published recently, is typical of hundreds of others throughout the country. Impatience to be cured, lack of perserverance in taking the medicine, foolish belief that it will cure chronic diseases in a few days-these causes are responsible for the only disappointment ever occasioned by Dodd's Kidney Pills. Dodd's Kidney Pills will cure Kidney Mr. Willie Humphrey spent Sanday, Disease every time. There is no question
