

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

BECAUSE THEY FIND SATISFACTION HERE

Many of the most particular families in Newcastle buy their meats and groceries regularly at this store. To satisfy our customers in every respect is our first consideration. And we do satisfy them by selling them the best and freshest Groceries, Meats, Vegetables and Fruits; by charging fair prices, and by according every customer fair and courteous treatment.

CREONOID

To get more milk from your cows

The cow that is free from flies always gives the biggest milk yield. To keep the cow free from these pests use Creonoid. Spray it in the stall and on the body of the animal.

Creonoid is a low-priced, powerful, non-poisonous creosote product.

Flies, lice, etc., cannot live near it.

If you have any difficulty obtaining Creonoid write to

Solve The Fuel Problem

With a New Perfection Oil Cook Stove

BOTH Summer and Winter The New Perfection Oil Cook Stove will do more work than a Coal or wood Stove of twice its size.

THE Long Blue Chimney New Perfection Burners are the latest types of oil cooking burners. They were adopted after years of experience.

The long chimney crent is a draft furnishes the flame with enough air for perfect, clean combustion and makes every drop of kerosene do all the work in its power. All the oil is turned into heat. No smoke—no odor. No soot to blacken pots and pans.
