thought that one of the Maritime  
Province ministers will be moved  
to this Department and a Quebec

**TOTAL DEFICIT IS**  
**\$524,611 ON YEARS**  
**OPERATIONS IN N. B.**

Without taking into account  
a deficit on the St. John and  
Quebec Railway (the Valley road  
operated by the C. N. R.) and  
emergency expenses, the New  
Brunswick Government had a sur-  
plus of about \$70,000 in the fiscal  
year ended Oct. 31 last, according  
to the annual financial statement  
which appeared in the Royal Ga-  
zette last week. The total receipts  
of the province for the year were  
\$445,878,48, an increase over the  
estimates of \$242,052,72.  
Funds For Flood Damage.

Of the expenditures, about \$363,  
000 was paid out of the ordin-  
ary funds for flood damage to  
roads and bridges. The extraordi-  
nary expenditure on account of  
spring freshets was over \$300,000,  
which had to be funded, and in-  
cluding the deficit on current re-  
venue account of the Valley Rail-  
way amounting to \$561,518,83  
there is a total deficit on current  
revenue for the fiscal year of \$524,  
611,55.

The total estimated expendi-  
ture for all branches of the Pub-  
lic Works Department was \$554,113  
and the actual expenditure, not  
taking the flood damage into ac-  
count, was \$656,543, or an over-  
expenditure of \$101,629, of which  
\$82,651 was for roads and bridges.  
The Department of Lands and  
Mines expended about \$52,000  
more than was estimated, due  
mainly to forest fires.

The enforcement of the prohib-  
ition law cost \$67,397, while re-  
venue from fines and licences am-  
ounted to \$52,506.

**Lumber Dealers**  
**Must Obtain Sales**  
**Tax License**

Manufacturers of lumber and  
wholesale or retail lumber deal-  
ers hereafter must obtain a sales  
tax license and make a monthly  
return of sales of lumber to nor-  
licensees according to an order  
issued by the Department of  
Customs. The order says that  
"The tax shall be computed on  
not less than fifty percent of their  
selling price to such purchaser"  
at the rate of six percent.

Retail lumber dealers who do  
not manufacture lumber to other  
dealers or manufacturers need  
not take out a sales tax license.

**"We got our Exercise**  
**at the Wood Pile"**

IN the good old days when we were  
boys in the country there was no lack  
of exercise.

When other jobs ran out there was  
always wood to be cut and there is no  
denying that pushing the buck saw and  
swinging the axe are real exercise.

Rosy cheeks and sparkling eyes told of  
pure blood and an active liver. There  
was no lack of appetite those times and  
no complaints of indigestion.

But wood piles are not so plentiful now  
as they used to be and the tendency to  
avoid exercise is continually on the increase.

For this reason it becomes absolutely  
necessary to resort to other means of  
keeping the liver active and the bowels  
regular.

Particularly in the cold season when we  
live so much indoors with too little pure  
air to breathe and too much artificial  
food to eat do we require the use of  
medicine to regulate the vital organs.

In the great majority of homes Dr.  
Chase's Kidney-Liver Pills are constantly  
kept on hand for this purpose because they  
have proven to be the most dependable  
regulator and suitable for all the family.

Neglect to keep the liver, kidneys and  
bowels in healthful activity is only courting  
trouble from such ailments as appen-  
dicitis, Bright's disease of the kidneys,  
diabetes, high blood pressure or other  
dreaded diseases.

By the use of one pill a dose at bed-  
time once or twice a week you can be  
sure of the healthful action of these  
eliminating organs and the prevention  
of such ills as naturally develop in a  
poisoned system.

Please note that while the price of  
Dr. Chase's Kidney-Liver Pills is increased  
to 35 cts. a box the number of pills in a  
box is increased in the same proportion.

**Tourists Help Develop Ontario**

1. A Typical Bungalow Camp at Emerald Lake. 2. This from the Nipigon. 3. A Vista of the French River.

MOST of the newer parts of  
Canada have received their first  
impetus toward development through  
the tourists. In many cases it has  
been the tourists that have first gone  
in to spy out the land. They have  
found it good, and, by the trade  
which they brought in, have encour-  
aged settlers to set up their homes  
with the result that the district has  
been well started on its way to  
becoming an organized and produc-  
tive community.

With the idea of inducing traffic,  
and by so doing, helping to popularize  
and settle those vast, beautiful and  
productive lands along the right-of-  
way in Central and Western Ontario,  
the Canadian Pacific Railway has  
decided to establish a number of  
Bungalow Camps, modeled on those  
which have proved so successful in  
the Canadian Pacific Rockies during

the past three years, and it is ex-  
pected that in a very short time this  
part of the country will be as famed  
for its scenic and sporting possibilities  
as any other part of the Dominion.  
The French River, Nipigon Bay and  
Lake of the Woods districts are, and  
have been for many years, well and  
most favourably known to anglers  
and hunters, particularly those from  
the United States and the Western  
provinces; but owing to lack of  
adequate housing facilities the traffic  
has been confined chiefly to the more  
adventurous spirits who are satisfied  
to live in tents. It is in these districts  
that the first three of the Bungalow  
Camps will be located, and it is ex-  
pected that they will be ready for  
occupation by July first.

The Camps will consist of a central  
community house where meals will  
be served, and which will also serve as a  
recreation hall, surrounded by two or  
four persons. The privacy, simplicity  
and rusticity of these bungalows  
appeals to those who like outdoor life,  
and the moderate cost of construction  
and maintenance makes it possible to  
charge much lower rates than an  
elaborate hotel where operating ex-  
penses are necessarily high.

The Hon. Mr. Bowman, Minister  
of Lands and Forests in the Ontario  
Government, has expressed himself as  
entirely sympathetic to the extension  
of the Bungalow Camp idea in On-  
tario, and any sites that may be  
selected on Crown Lands will be  
available at agreed rates with the  
usual consideration of this govern-  
ment, so that the Company will be  
able to establish camps in some of the  
most scenic spots of this beautiful and  
inspiring country.
