

Star and B.I.S. Play to a Draw.

A FAST EXHIBITION.

With the weather all that could be desired, a large attendance, and a good exhibition of the many game it is no wonder that last night's match between the Stars and B.I.S. aroused the old enthusiasm in football, that appeared to have lain dormant for some time past.

The game was a hard fought one and resulted in a draw, with no goals scored.

At 7 p.m. the players were summoned to their places by Referee Higgins, and lined up as follows, with the Stars defending the western goal:

STARS—Phealan, goal; J. Hart, J. Walsh, backs; Kavanagh, W. Hart, Thompson, halves; Brien, Christopher, Phealan, Caul, Morgan, forwards.

B.I.S.—Clare, goal; Kavanagh, T. Duggan, backs; Brown, W. Duggan, Burke, halves; Shortall, R. Jackman, Brophy, Kelly, E. Brophy, forwards.

From the start both teams settled down to hard work, and kept the ball flying from one end of the field to the other. A couple of corners were awarded, the Stars, which though well played were just as well saved by the B.I.S.

All during the first half play was well balanced, and enthusiasm ran high amongst the fans when the ball reached the danger territory of either goal.

The half time whistle came as a welcome relief to the majority of the players, who, during the last ten minutes of play, had put on an extra spurt in an effort to score, but without result.

After a breathing spell the ball was again centered, and a repetition of the game played in the first half was witnessed. The ball was at many times within shooting territory, but misdirected shots, and well directed and effective defence were responsible for no scoring being done.

About ten minutes before the final whistle sounded W. Hart, of the Stars, collided with an opponent and injured his leg, and was obliged to discontinue play and had to be taken to the dressing room where first aid was rendered by Mr. Reeves.

Upon resuming play both teams worked hard to score but to no purpose, and when the final whistle sounded the ball was in the B.I.S. danger zone but no score had been made.

SUSPECTS ON TRIAL.

The six lads accused of holding up, assaulting and robbing an outport man named Garland, and who were on remand since Saturday last, came up for trial to-day. The case attracted considerable interest and was listened to by a thronged court room. A marked feature was the guarding of every door by policemen for fear of the accused lads attempting to escape. During the forenoon testimony was taken from the complainant, Garland, and Detective Byrne, who were also cross-examined by Messrs. R. T. McGrath and L. E. Emerson, counsel for two of the lads. As the case went on some cross-firing between Judge Knight, the lawyers and Inspector Gullivan took place, and most of the time His Honor was kept busy recording objections that were raised to certain evidence brought in by the prosecution. At 1 p.m. adjournment was taken until 3 p.m.

HERRING AT HOLYROOD

Yesterday afternoon herring in large quantities were hauled at Holyrood, C.B. on the main Kennedy securing 75 barrels. Not for many years past have herring been so plentiful at that place as they were yesterday, and though caplin have struck in, there are no quantities of these being hauled. Capt. Walker Kennedy of the scho. Gertrude, who recently put into Holyrood for a caplin baiting, is now taking a supply of herring and will sail for the Grand Banks, returning later in the season for caplin. The appearance of herring in such large quantities at this season has caused some surprise amongst the oldest inhabitants of Holyrood, and various conjectures are being made by the sages as to the fishery outlook as gleaned from this remarkable occurrence.

Best Liniment of All Destroys Every Pain Put Never Burns.

"How thankful we are to get hold of such a wonderful household remedy as Nerviline," writes Mrs. E. P. Lamontagne from her home near Westerville, Alberta. "In this far-away section, far away from a doctor or druggist, every family needs a good supply of liniment. Nerviline is the best of all. It destroys every pain, but never burns. We use Nerviline in a score of ways. If it's rheumatism, aching back, pain in the side, sciatica or stiff neck,—you can laugh at them if you have lots of Nerviline handy. For earache, toothache or cramps, I don't think anything could act more quickly. For a general all-round pain remedy I can think of nothing more valuable and speedy to cure than Nerviline."

The above letter is convincing—it tells how reliable and trusty this old-time remedy is. Nerviline for forty years has been a household word in Canada. Scarcely a home in Canada you can find without Nerviline. Every community has its living examples of the wonderful curative properties of Nerviline which will cure pains and aches anywhere in the joints or muscles. It's penetrating, soothing, warming and safe for young and old to use. Get the large 50c. family size bottle; it's the most economical. Small trial size 25c. at any dealer's anywhere.

Workman Injured.

Yesterday afternoon, a truckman, named Stevenson, employed with Mr. C. Lester, met with a serious accident near the Gas House to which he was carting coal. While unloading his car he became jammed between the wheel and the building, and received a bad crushing blow below the hips. At first he did not think his injuries serious, but on reaching his employer's stable he collapsed and a doctor had to be summoned. Upon examination the injuries were found to be of a serious nature and Stevenson was ordered to the hospital whither he was conveyed in the ambulance. The unfortunate man passed a restless night at the institution, but to-day shows signs of improvement.

STEPHANO'S RECORD RUN.

The Red Cross Liner Stephano, Capt. Clarke, has made a record run between this port and Halifax. She left here at 3.30 p.m. Saturday and reached the Nova Scotia port at 5 a.m. yesterday, finishing the course in 37½ hours or an hour and a half quicker than her best previous performance. The quickest time ever the trip was made between the ports mentioned by a ship engaged on the Newfoundland route was by the Allan Liner Pretorian four years ago.

Cricket Memories.

Editor Evening Telegram.

Dear Sir,—Notwithstanding the fact that we have had many new games introduced during the last ten years, it must be acknowledged by all that Cricket is still popular with us and only needs a little effort on the part of some of the enthusiasts to make it as popular as in days of yore. I must admit that the Cricket notes appearing in the press during the last few days have been very interesting indeed, for it makes us live again at it were in the happy days of long ago.

One of the greatest feats of cricketers was that of "carrying out your bat" but few of our batters ever had that proud distinction to boast of. To those who may not be familiar with the game, "carrying out your bat" may be a puzzler as to what is meant by the phrase. Well to enlighten them, permit me to say that this distinction was gained by the batter who went to the wicket first for his team and "held on" during the entire innings without being "put out." The only man that I know to have that record, is Aleck Burke, he performing the feat in a match played on the Barrens about the year 76. Perhaps our Cricket Historian James Murphy, has a record of that match in his log, if he has we would all feel indebted to him if he would give us notes on it in his next article.

One of the writers in the News, makes reference to Michael Galway bowling three and catching one in an "over," and contends that it is a unique record, but I think if I remember correctly that Michael Lawlor, of H. M. Customs, holds the belt for better work than that, he having bowled three, caught two, and stumped one. This game was played on Humberbury's grounds on a Saturday about twenty-five years ago. Maurice Devine, Editor of the Trade Review, was a bowler in this match and it is likely he will remember Mr. Lawlor's feat. Yours etc.

LONG STOP.

We know who he will buy it for? But who will he buy it from? Hundreds of Engagements and Weddings are sealed yearly in Newfoundland with Trapnell's Solid Gold Rings, hundreds of friendships and tokens of affection to sweetheart, wife, mother, sister and friend are embodied in lasting embrace with Trapnell's Rings, the popularity of which is based upon their quality, finish and variety and beauty of design. Rings for men, women, baby and miss for ever occasion. Gem Rings, Chased Rings, Signet Rings, Birthday Rings. Should you have a desire to get a ring of such design as you may create your self, or that you have seen somebody else wear, just take your design to Trapnell; there is nothing impossible along these lines for his talented workmen. A splendid assortment of unset stones can be seen if your design calls for a Gem Ring. Ask to be shown the new White Sapphires. They are hard and brilliant like diamonds so much so that they puzzle experts.—ap20.f

Prospects Are Poor; No Bait.

The latest account of the fishery between Great Basin and Port aux Basques is—

"The total catch is 4,963 qtls. and for last week, 1,025. Fifteen boats are fishing, and two have arrived with 50 and 45 qtls. of codfish, respectively. Five bankers have returned with fares of 300, 250, 180, 150, 60, or a total of 940 qtls. Prospects at present are poor, and there is no bait. The lobster fishery is the worst on record. No dories or skiffs are fishing owing to want of bait."

More Fires.

Fires provoke immediate sympathy for the sufferer and also thankful-ness for personal escape. Another thought should be whether one is personally and sufficiently protected? An insurance policy with Percie Johnson, would provide for you this desired security and at small expense. Have you enough insurance?

LATEST FROM KYLE.—Capt. Parsons, of the S.S. Kyle, sent the following wireless to the R.N. Co. yesterday afternoon: "At Spotted Islands; strong gale N. by E. wind, with thick snow since yesterday; ice tight on land; no prospects of getting north yet."

QUICK RUN.—The Furness Liner Digby reached Halifax yesterday afternoon after an excellent run of 41 hours from this port.
