### OFFICIAL.

LONDON, Aug. 9.  
The Governor, Newfoundland:  
The French Government reports German attacks repulsed in Argonne and the Vosges.  
The Russian Government reports enemy assaults on fortress positions in the Baltic provinces. Sanguinary fighting is in progress on the Narva. The Turkish official reports announce their battleship Kheys-ed-din Barbarossa sunk by a hostile submarine.

### BONAR LAW.

### ITALIAN FORCES READY.

NEW YORK, Aug. 9.  
Italy will send 850,000 fresh troops either to France or the Dardanelles within the next three weeks, according to Capt. Victor Del Francis, of the Italian army, who arrived here today on the steamer Duca Daosta. "There were 500,000 troops in Turin, when I left," said Capt. Del Francis; "100,000 more at Taranto Naval base and between 150 and 250 large transports ready to convey the troops where they are most needed."

### THE RUSSIAN POSITION.

LONDON, Aug. 9.  
This morning's newspapers look upon the Russian situation more favorably than they have for several days. The Times declares that while the position of certain portions of the Russian forces still remains critical, there is every reason to believe that the excellent order with which their withdrawal has been executed, thus far, will be maintained, until all have reached the new line of defence. Little additional news has reached London regarding the Russians' last days in Warsaw. The Times correspondent in that city, describing the retreating Russian troops, says: "There was no feeling of hopelessness, although disappointment was written on every face. The long Russian retreat, culminating in the fall of Warsaw, has touched the lethargic temperament of the Russian nation, and today the war has the support of the entire Russian people. There is not the slightest suggestion anywhere of peace without a decision."

### NEWS AGENCY DESPATCH.

BERLIN, Aug. 9.

The letter, the News Agency says, was accompanied by a large sum of money for relief of the victims.

### ARRESTED IN LONDON.

### MEXICANS AND AMERICANS.

BROWNSVILLE, Texas, Aug. 9.  
Five Mexican bandits, one a Mexican woman, were killed fighting yesterday at Norias, 68 miles north of here. For a number of days, a detachment of United States cavalrymen, stood off the attacks of sixty Mexicans. Five Americans were wounded, three the latter being soldiers. Fifteen Americans were saved from death, just as their ammunition gave out, by the arrival of seventeen Texas Rangers.

### THE LONDON BUDGET.

LONDON, Aug. 9.  
While the Austro-German armies made fresh progress today in their campaign against the Russians, the conflict in the western front took new importance in order to escape from a fierce artillery engagement in which British and French forces captured trenches in Hooze along a front of 1,200 yards.  
The occupation of Praga, reported by Berlin, brings to a dramatic climax the first phase of the drive to the Polish capital and the region of Eastern Poland, of which Warsaw is the dominating country. Praga is essentially a part of the capital with great railway stations and roads running to Petrograd and Moscow.  
Few details have been received of the Grand Duke Nicholas's final stand at Praga, but indications are that the withdrawal of the Russians became imperative in order to escape from the German lines gradually drawing together in the rear. The German lines spread along the river Narva on the north and the Vistula on the south, contracting gradually as the armies in the north and those in the south approach each other. A strip of territory across which the Russians may withdraw to safer positions now is hardly more than thirty miles.  
This enveloping movement immediately to the east of Warsaw, Berlin reports, is steadily hammering at the great Russian fortresses of Kovno and Lomz, the chief significance of

which is their proximity to the lines of railway communications to Petrograd. Nowie is the only place west of Warsaw in which the Russian garrison remains and its fall seems imminent.

The attitude of the Poles towards the new German regime is arousing deep interest as the occupation of Warsaw has united for the first time the three branches of Poles, heretofore divided among Russia, Germany and Austria. Under the Russian regime, Poland has been the hotbed of disorder and it remains to be seen whether the control of this territory will be as difficult a problem for Germany as it has been for Russia.  
An official report from Berlin characterized the operations around Hooze as a battle, but Sir John French's later report shows them to have been another trench fight, preceded by severe artillery exchanges and resulting in the recapture by the British of nearly a mile of trenches previously taken by the Germans. This served to divert public attention temporarily from the magnitude of the German sweep in the Eastern field, but operations west still lack general significance.  
The commander of another British submarine, whose name has not yet been disclosed, was reported today to have distinguished himself by sinking the Turkish battleship Kheys-ed-din Barbarossa.  
A Petrograd official communication was issued tonight that a German fleet, nine battleships, twelve cruisers with a large number of torpedo boat destroyers persistently attacked the entrance to the Gulf of Riga, Sunday, but were everywhere repulsed. A cruiser and two torpedo boat destroyers were damaged.

### DESTITUTE REFUGEES.

PETROGRAD, Aug. 9.  
Refugees from Courland continue to pour into Riga by thousands. The fields outside the town are filled with herds of cattle, and droves of horses have been rescued from German invaders from the Province. Constant distress exists among the refugees, but as far as possible huts and tents had been erected for them. The Germans are nevertheless sleeping in the woods. There is a great shortage of bread, consequent on the removal of the machinery from the mills.

### NEITHER CONFIRMED OR DENIED.

LONDON, Aug. 10.  
The British Government has received no official report of Germany's peace proposal. Official circles neither affirm nor deny the report, but hold that if true, the proposal would probably be in such tentative form it would not be incumbent upon Russia to formally communicate it to the Allies.

### ALLIES PROGRESS IN THE WEST.

LONDON, Aug. 10.  
Sir John French, Commander in Chief of the British forces in France, reports that the lost trenches at Hooze, east of Ypres in Belgium, have been retaken by British troops and that they have advanced on a front of 200 yards. Field Marshal French says, since my communication of August 1st, artillery on both sides have been active northeast of Ypres, and these exchanges have left the advantages with us. This morning, after a successful artillery bombardment which the French on our left co-operated with effectively, we attacked the trenches at Hooze, captured by the enemy July 30th. These were all retaken, and following up this success we made further progress north and west of Hooze in extending our front trenches captured for 1,200 yards. During this fighting our artillery shelled a German train at Langemarck, five miles northeast of Ypres, derailing five trucks. Captures reported amounted to three of-

### W.C.T.U. Garden Party.

The postponed garden party in aid of the Prohibition Campaign Fund took place yesterday afternoon at the residence of Mr. and Mrs. Joseph Pippy, Freshwater Road. The party was under the auspices of the Women's Christian Temperance Union and was largely attended. The grounds were tastefully decorated with bunting and colors and mottoes of the Union were prominently shown. Delicious teas, ices and candies were served during the afternoon and a number of choice gramophone selections added to the enjoyment of the entertainment. The proceeds amounted to about \$40. To Mr. and Mrs. Pippy congratulation is due for the success of the party, and the ladies in charge are deeply appreciative of the valuable assistance given by Mrs. Pippy.

### Avoid Harsh Pills, Doctors Condemn Them

Most Pills unfortunately are harsh and drastic; they cause inflammation and great discomfort. Rather like nature is the way a pill should act, mildly but effectively. Science has established nothing more satisfactory as a family pill than the old reliable pills of Dr. Hamilton's, which for forty years have had a premier place in America. Dr. Hamilton's Pills are very mild and can be effectively used by the aged, by children, and indeed by men and women of all ages. No stomach or bowel medicine is more reliable. No remedy for indigestion, headache or biliousness is so effective, so mild, so certain to quickly cure as a 25c. box of Dr. Hamilton's Pills.
