

Salmon Streams

GARDEN REPORTS, AUG. 13TH.

Little River, Cadroy—2 rods, 3 salmon, 10 to 21 lbs. each.

Grand River, Cadroy (Falls to Parks and North Branch)—4 rods, 16 salmon, 4 to 10 lbs. each.

Cribbes River—4 local rods took large catch trout; no non-residents.

Middle Barachok River—No one fishing.

Robinson's River—River in good condition; 1 rod, 8 salmon, averaging 10 lbs.

Fleeholts River—Everything O.K. no fishermen on River.

Barachok River—Lots of salmon on River but no fishermen.

Barry's River (Upper)—2 rods, 5 salmon, 4 to 21 lbs.

Bonnie Bay to Cape Norman—Superintendent Messervy, writing on Aug. 12th, says "salmon are very plentiful in all the rivers in this division, and it is a pity more tourists do not visit these rivers, which are equal to any in Newfoundland."

Fallon Brook—A large number of salmon had come over the Falls early this week and were still going up; 1 rod, 12 salmon, 3 to 6 lbs.

Exploits River (Upper) and Stoney Brook, Grand Falls—8 rods, 18 salmon, 2 to 5 lbs. each; heavy rain; salmon still going up Stoney Brook.

Water so high salmon would have passed up without being seen.

Northern Arm Brook, Botwood—Most of salmon gone in the Brook, getting scarce now outside; 1 rod, 1 salmon, 5 lbs. Lots of sea trout are being caught now.

Lander River (Lower)—Good many salmon still going in; 10 rods, this season; netters still trying to do some catching.

Lander River (Upper)—4 rods, 14 salmon, averaging 5 lbs. each.

Sageed Hr. River—Nobodies fishing since last report; river quite high; most salmon gone up.

Sage River—Water low; salmon going up plentiful; several catches sea trout; no salmon taken.

Serra Nova River—5 rods, 13 salmon, 4 to 6 lbs. each. Salmon are still going up although river is low but well supplied with salmon. No non-resident fishermen this season.

Port Blandford River—Conditions as last week; think salmon have gone inland to lakes, at least the greater portion have; no one fishing of reaching the river.

Salmon and N.W. Rivers, Trinity—1 rod, 3 salmon, 3 and 4 lbs. each; water very low in rivers; salmon scarce outside but very plentiful inside.

N.E. River, Trepassy—Salmon very scarce outside; nearly all gone in. Someone cut down one of Caution Boards.

N.W. River, Trepassy—3 rods, 10 salmon; 4 to 7 lbs. each. Someone threw trees in Falls Pool on the eighth and while warden was clearing them two men hauled a net across the river at Sandy Pool and escaped without being recognised.

Salmonier River (Month)—2 rods; 5 salmon, 5 and 6 lbs. each.

Pinsen's Falls—No one fishing; lots of water; great many salmon at mouth of river.

North Hr. River—Not many trout now; salmon very plentiful.

Colinet River—Trout and salmon gone up.

S. E. River, Placentia (Upper)—14 rods, 42 salmon, averaging 5 lbs. each.

S. E. River, Placentia—No salmon taken this week, but a lot passed up and a good sign in the arm outside the river.

Come By Chance River—River very low; several good catches trout taken and 1 salmon, 5 lbs.

Black River and Piper's Hole—No one fishing; only saw one salmon this week. Think most of them have gone up; more I have even seen gone in this year.

Sandy Hr. River—Salmon plentiful this week and larger than ever I saw, judging by the schooling; no person fishing or hunting; dry weather; water low in rivers.

Mortier Bay Rivers—Lots of salmon gone up. No rod fishing, but lots of parties on river all the time.

Salmon River, Burin—Salmon working up the river, but some still outside. Haven't heard of any poachers this year.

Garnish River—Good sign of salmon; river still in good condition, but no one fishing during the week.

Bay du Nord River—River low; no rods; salmon moved to upper pools. Last weeks Mr. Outebridge caught 1 salmon, 8 lbs. Lots of salmon about the river.

Cine Gert River—Not many salmon, but a great many large trout, and a good many birds; no one has been fishing the river from Goddard all season. The outside fishermen have only caught about half as many salmon as last year. No sign of caribou on the river this summer.

Rivers in Fortune Bay and Bay d'Espoir—Superintendent Bennett, writing from Bay d'Espoir, says "Wardens report lots of salmon in rivers, and not many sportsmen." Signs of Caribou in Fortune Bay country, and Bear reported in Bay d'Espoir (hunting geese).

Life Association

CONVENTION CONTINUED.

The Confederation Life sales staff met again yesterday morning at the St. John's Office and proceeded immediately by motor to Bonnyville, where the second day's programme was commenced at 10 a.m. The meeting opened with a very fine address on "Life Insurance" by Mr. John Weir, who handled the subject with the confidence of a veteran.

Mr. F. J. Wornell followed with instructions to agents regarding the cashier's department.

The main subject was then taken by Co. W. F. Rendell, C.B.E., namely, "Business Insurance," under three headings—

(a) Partnership—two men.

(b) Manager for Corporation or Company.

(c) Joint Life Plan and Single Policies.

The subject was discussed for some considerable time and the result of the paper showed that the Confederation Life salesmen are experts in "Business Insurance."

Important addresses followed by Mr. V. R. Smith, Actuary; Mr. C. D. Devlin, Superintendent of Agencies; Messrs. Ernest Fox, Tilley, Gillis and others.

Great enthusiasm was displayed over the new plan of insurance, that the Company are about to launch in Newfoundland immediately and which is looked upon in Canada and being the last word in life insurance. The new plan of insurance will be known as the "Peerless Policy."

The party left for town at 5.30, thus bringing to an end one of the most successful conventions ever held in Newfoundland.

Facts

When at full strength, the Paris police force numbers 9,059 men.

Women staff an engineering works and direct a steel company in London.

Each inmate of Fulham's poor-law institutions costs 19s. 2d. weekly to maintain.

Fox-hunting as an organised sport in this country dates back to the reign of Charles II.

Tinned and bottled goods produced in Canada will in future bear upon the label the weight and quality of the contents.

Pig-raising in Australia is said to offer a living in a shorter time and with less capital than any other form of stock-breeding.

The prisons of England and Wales now number only forty in all. More than twenty prisons have been closed since 1914.

The number of persons committed to prison for drunkenness in the year 1924-25 was 11,425, as compared with 51,851 in 1913-14.

A Family Affair.
For one teacher and a solitary pupil, who was the teacher's own daughter, a school was "run" in a village in New York State, U.S.A.

Two spiders, which cover an area of a foot in diameter, with outspread legs and which prey upon birds, have recently arrived at the Zoo.

Crimes known to the police as having been committed in 1923 numbered more than 110,000. This is the highest figure recorded for 67 years.

Germany's population is now practically the same as that of 1908, in spite of the fact that in area she is now much smaller than she was then.

Peppermint is the unusual crop grown on part of the farm belonging to the Reigate, Corporation, Surrey. Last year the crop fetched 22s an acre.

When a British judge is first elevated to the Bench he has to provide himself with seven different sets of robes at a cost which may run into £400.

They Imitate the Ostrich.
Ball pythons, found in parts of South Africa, are timid in spite of their evil appearance. When alarmed, they curl up into a ball, tucking their heads for safety in the centre.

Among the Aztecs, the ancient inhabitants of Mexico, it was the custom to make images of their gods in paste; these were broken up and distributed among the worshippers.

Some of the most precious plumes and feathers, which it is illegal to import into this country, are so fine that specimens up to £200 in total value can be carried in the breast-pocket. A vast new forest is being laid out.

Sunlight
is Highest
Quality

Next time you see a woman buying soap take care to note which soap she is buying.

Women who use SUNLIGHT
SOAP make good wives

They know that clothing costs more than soap, and that inferior soap will damage clothing, therefore they buy Sunlight Soap, which, being entirely pure soap, is most economical for washing clothes, scrubbing floors and for other household purposes. They know that a bar of Sunlight Soap is better than two bars of inferior stuff, which may be only half soap.

They know the best is always cheapest.
