CIGARS! CIGARS!

PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH

MADE AT WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are stronger in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.

Office of the General Superintendent, Altoona, Pa., 15th Dec., 1866.

GENTLEMEN.—The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 300 of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn a lot longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time so correctly, nor have they done as good service as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS, General Superintendent.

American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD.

Locomotive Department, West Division, Rochester, Dec. 24, 1866.

GENTLEMEN.—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and I furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,
CHAS. WILSON, G. Chief Engineer, Brotherhood of Locomotive Engineers' American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:

Appleton, Tracy & Co., Waltham, Mass.
Waltham Watch Co., Waltham, Mass.
P. S. Bartlett, Waltham, Mass.
Wm. Ellery, Boston, Mass.
Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper. Every watch sold by these companies is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of watch dealers.

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.

VALUABLE FARM PROPERTY

For Sale or to Exchange.

THE undersigned offers for sale, or to exchange for Real Estate in the Town of Guelph, the undermentioned property, viz:

FIRST.—A valuable improved Farm North of the Durham Road, in the Township of Bentick, three miles from the Village of Iarham, containing about 200 acres, of which about 100 acres are cleared and under fence. On the premises are a substantial Frame Dwelling House with good cellar, garden and well, with pump of excellent water. Also, a Frame Barn 60x30, with 18 feet posts and underground stabling, and a never-failing spring in the barn yard for the supply of water to cattle. This is a very eligible property, and well worthy the attention of those who wish to obtain a good farm.

Also—Lot 42, in the 3rd Concession of Bentick, West of the Garafraxa Road, 100 acres, about 12 acres cleared, with a Frame House on the Lot.—The Rocky Saugeen River crosses one corner of this Lot, and has a valuable water power on it, capable of driving any machinery.

Also—Lot 25, in the 1st Concession, South of the Durham Road, three miles from the Village of Priceville, in the Township of Ardenia. There are about 25 acres cleared and fenced on this lot, with a good new Log House.

The above lands are well situated and timbered with the best kind of hard wood timber, with indisputable titles—the last two being direct grants from the Crown.

For further particulars, &c., apply to the proprietor.

INDIA & CHINA TEA CO'Y.

Home Depot at London and Liverpool. Canada Depot, 23 Hospital Street, Montreal.

THE India and China Tea Company beg to call the attention of the Canadian community to their directly imported Teas, which for purity and excellence will be found unequalled.

The Company have made arrangements whereby they have secured the entire produce of some of the best plantations in Assam and on the slopes of the Himalayas, and by a judicious blending of these magnificent Teas with the best varieties of China produce, they are enabled to offer to the public Tea of quality and flavour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.

The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great briskness and flavour, combined with colour and strength, and to be entirely different from the inferior quality usually sold as Black Tea; while their Green Teas are altogether free from the deleterious mineral powder so commonly used for coloring the leaf.

PRICES: High full-flavoured Tea, for family use a real genuine and fine article 70 cents per lb. Finest quality procurable, one dollar per lb.

The above can be had either Black, Green or Mixed.

To be had in packets of Quarter Pound (one lb. four packets) and upwards, or in tin canisters of 5 lbs. and upwards, from the Company's Agents in all the chief towns of Canada.—N.B. All the packages are lined with tin foil paper, and the Tea will consequently retain its flavour any length of time.

Observe—All packages have the Company's trade-mark, without which none are genuine.

Great Cure of Liver Complaint and Dyspepsia in Canada.

MR. N. HIGINBOTHAM

Consecon, Prince Edward Co., C.W., March, 1867.

Messrs. Young & Chamberlain, Sirs—Having proved within my own person that there is a last medicine that will indeed cure Liver Complaint and Dyspepsia, I am induced to make this statement, under oath, which is to certify that I have been sorely afflicted for the last three years, according to the Doctors' statements, with Liver Complaint and Dyspepsia. I had a feeling of sinking and vague uneasiness about the stomach, worse than pain, eructations of wind, occasional pain, drowsiness, constipation, uneasiness in the right side, headache, a poor appetite, &c., and was greatly reduced in strength. Hearing your new Indian medicine, the great Shooshoness Remedy, spoken of so highly, I tried a bottle with your Pills, from these I must say I found but little change, but I took another, and found my health improving. I continued it until I have taken about ten bottles, using the Pills, and I find that I have quite recovered. I eat hearty without pain or uneasiness. I am well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shooshoness Remedy was doing it. I have recommended the Remedy in several cases, and it has invariably effected a cure, and I would strongly recommend it to all afflicted as I was.

AMBROSE WOOD, Sworn before me at Consecon, C. W., this 2nd day of March, 1867.
