

The Erin Farmers' Association.
An important meeting of the farmers of the township of Erin was convened at Mr. John Fielding's Hotel, Orangeville, on the evening of Friday, Oct. 24. Mr. Langham Currie was chairman, and Mr. Robt. Bott Secretary. Several topics of considerable interest to the township were discussed, but the chief topic before the meeting was the Grouping Act in reference to railways. The following resolutions were passed in relation to this matter:

Moved by Mr. Robt. Bott, seconded by Mr. Theo. Tolton, that this meeting without delay petition the Legislature for the repeal of the Municipalities Grouping Act, deeming it obnoxious to and baneful to the interests of the general public.

Moved by Mr. Edw. M. Tolton, seconded by Mr. John Webb, that for the purpose of effectually carrying into effect the former resolution, different municipalities objecting to the coercion exercised by railroad companies, in compelling objecting parties to pay bonuses, be solicited to co-operate with an aid the projectors of this meeting, and would suggest that a meeting be held at some central point of the county where delegates can meet with mutual convenience and more fully discuss the subject; and that the Secretary write and inform the persons in each township to facilitate arrangements for developing plans for systematic and universal action.

The Secretary writes as follows in relation to this question: "The law gives power to railway companies to group municipalities for the purpose of extorting bonuses in furtherance of their plans. The gross iniquity of this law is now attracting grave consideration. Mr. French ably elucidated the injustice perpetrated on the public by its existence, and strongly deprecated the entire legislation in connection with it; substantiating his assertions that the people were unfairly handled, and that unprecedented privileges were being conferred on railway companies, by quotations from the unparalleled number of railway acts passed during the last few years.

"Admitting that railroad enterprises are immensely practical, and essential to the prosperity of our rapidly developing country; this fact, important as it is, does not justify our law-makers in sanctioning acts that detract from the liberty of the masses, placing them in the clutches of a few wealthy speculators. Such being the case, it devolves on every intelligent individual to offer a consistent opposition to such infringements on our rights. Not satisfied with conceding power to companies to class together various townships likely to carry a majority in favor of their schemes, (which in some cases does not produce the desired effect) additional influence was extended them, by allowing them to cut and subdivide townships. It is pleaded that this system excludes more people opposed to the different plans submitted to them. But what have we to thank for this leniency and "disinterestedness"? Simply the fact that without this cutting and slicing it would be morally impossible for some of the minor branches to succeed in obtaining a bonus at all. Another and an insuperable objection is that in cases where it would be quite possible to exclude all sections manifestly opposed to giving a bonus, numbers are retained and compelled to pay their quota, being unable to help themselves in the face of the majority so adroitly arranged to overwhelm them. The township of Erin is peculiarly situated in this respect at the present time; a large number of its ratepayers being only relieved from compulsory payment of an excessive amount to the C. V. R. by the County Council of Wellington refusing to submit an illegal by-law. From the foregoing resolutions, the course they propose taking is clearly indicated. Other parts of the country will shortly be requested to coalesce with them, and it is to be hoped that all individuals sympathizing with their laudable efforts will, without hesitancy, lend their aid towards arranging a meeting at which the whole county may be represented."

IMPROVE NUTRITION.—The central idea in the treatment of all Chronic Wasting Diseases, resulting in Nervous Prostration and General Debility, is to improve the Digestion and assimilation of Food, and the formation of Healthy Blood. The action of this remarkable preparation on is extraordinary in strength and vitalizing the constitution, whether impaired by age, exhausted by excess, bad habits, or run down by old complaints that have resisted all ordinary methods of treatment. Being a delicious cordial to take, and perfectly harmless under all circumstances, it is especially adapted to prostrate and emaciated and delicate children.

Iron in the Blood
PERUVIAN SYRUP
MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and purified blood permeates every part of the body, repairing damage, and waste, searching out and expelling disease to feed upon.
This is the secret of its wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, restitutive, strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.
Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and "wails cannot reasonably hesitate to give it a trial."
