DRESSY PATTERNS,

BURNED BUILDINGS.

OTTAWA, Ohio, Jan. 6.—Fire at Columbus Grove, this county, on Saturday did considerable injury to property. It took place in the center of the town, and swept away a livery stable barn, art gallery and other business houses and dwellings, burning half the business part of the place; in all 25 buildings. Total estimated loss, \$150,000. The insurance is unknown. The fire is supposed to be the work of incendiaries. The fire raged furiously from dark till next morning, but the people had nothing but water buckets with which te fight it.

fight it.

AMHERSTBURG, Ont., Jan. 6.—A fire broke out in the old Burk building, corner of Gore and Seymore streets yesterday afternoon. It started in J. B. Fillion's wall-paper store; stock completely ruined. Loss, \$1,200. Delos R. Davis' law office was flooded, but the papers were saved. J. D. Burk's residence and furniture were also damaged to the amount of \$500, fully in sured. Loss on the Burk building, \$500; also insured.

MEDICAL SCIENCE.

A Wonderful Discovery Which Will Bene-fit Thousands of Sufferers.

The civilized world has recently been deeply agitated over the announcement that Dr. Koch, and eminent German physician, had discovered a lymph for the cure of consumption. This discovery has been heralded throughout the world, and is looked upon as one of the greatest achievements of modern medical science. Of equal, if not greater importance is a discovery if not greater importance is a discovery looked upon as one of the greatest achievements of modern medical science. Of equal, if not greater importance, is a discovery made by a well-known Canadian druggist, which, while it does not pretend to cure consumption after the lungs had been affected, is offered with every confidence as a preventative of that disease. Medical testimony bears out the statement that more than two thirds of the cases of consumption, occurring in this country annually, are of catarrhal-origin. The trouble begins with a cold in the head, which the sufferer treats as a light matter, and too frequently neglects. This in time invariably develops into catarrh; the mucous membrane becomes thickened, inflammed and hardened, and ther is a profuse discharge of watery and poisonous matter from the nostrils, or else the poisonous secretions become clogged and hardened. In either as e the breat is inhaled over this poisonous matter, and produces baleful results. The inflammation gradually extends to the bronchial tubes, and thence to the lungs, which, already poisoned and weakened by the foul breath inhaled, are ripe for that dread disease—consumption—which ends in death. A remedy that will prevent which, already poisoned and weakened by the foul breath inhaled, are ripe for that dread disease—consumption—which ends in death. A remedy that will prevent these disastrous consequences must be regarded as a boon to mankind, and, as already stated, such a remedy has been discovered by a Canadian druggist. There is no case of cold in the head which it will not instantly relieve and permanently cure. Do not, for an instant, neglect a cold in the head, for, by its prompt treament, you will prevent its developing into catarrh—the second stage on the road to the grave. If, however, catarrh has already developed, the use of this great remedy will prove equally beneficial, as it affords speedy relief, and will effect a certain cure, even in the most aggravated cases, if persistently used. It removes the secretions, frees the clogged nostrils, and sweetens the breath, stops the inflammation and thus saves the lungs and prevents the disease developing into consumption. This great discovery is known and sold throughout the country under the name of Nasal Balm. It is a positive and certain cure, and the thousands of testimonials in the hands of its proprietors prove that it is all they claim for it. It is sold by all dealers, and every sufferer from cold in the head ot catarrh should use it.
