Serious Charge Against Chatham Managers of the C. W. A. Meet—Turf, Cricket and Other Sport-Ing News.

A WRETCHED DEFEAT.

The Londoners gave the Hamilton spectators an exhibition of wretched ball-playing yesterday. It was the worst played game of the season, as the error column will show. A difficulty was had in securing an umpire. Before the game Cal Davis was interviewed, and promised to have Bayne on hand. It seems strange that Hamilton desires a home umpire continually. One reason is now dawning upon the people, and that is a desire of the Hamilton management to save expenses of an outside umpire, besides having the advantage of a home man. When time was called, Patton was seen to emerge from the dressing rooms of the Hamiltons and take his position. London positively refused to go on with him. A consultation of twenty minutes finally resulted in Cal Davis taking of his coat and going into position. Cal Davis is president, secretary and treasurer of the league, and city editor of the Hamilton Times, and rather than disappoint the spectators determined to have a trial at the severe task of umpiring a game between Hamilton and London. To his credit it may be said it was almost a perfect game in decision. The first inning showed a little nervousness, and two or three balls were called strikes, but after that he settled down, and nothing gave rise for disputes. It was his first attempt as an umpire, and his debut was a success. London expected to win with Johnson in the box. Cockman opened the game with a two-base hit, went to third on Sippi's fly to center, and scored on Keenan's sacrifice. Not another player reached second until the sixth, when Cockman again landed on first on Hickey's error, stole second, and remained there. Meek reached first on a safe hit in the seventh. In the ninth Cockman landed a home by placing the ball over the left field fence. McInnis was hit very hard. Nine flies were sent to the outfield, and the Hamilton fielders covered the ground with several errors. In Hamilton's opening inning two singles were made off Johnson, but a double play retired the side. The second inning was a wretched fiasco on London's part. Error after error contributed runs. After ten men had faced Johnson, and only one was out, Sippi put Kershaw in. The side would have been retired with one run and only two hits if the team had fielded perfectly. Kershaw continued the yellow work by failing to field two hot hits in the third, and although no hits were made off him three runs scored. Errors by Cockman and Keenan and

a single gave another run in the fourth. Capt. Ward allowed a single to pass him in the fifth, and the run came in on another one to his territory. Kershaw had a wild pitch and hit a batsman in the sixth. Two singles, with another error by Keenan, gave Hamilton their last runs in this inning. But seven men went to bat in the last two innings. NOTES.
Rev. Geo. K. Ward, Danville, N. Y., father of Capt. Ward, arrived in Hamilton in the morning and witnessed the game. He came on to London with the club last evening, and will remain here for a few days.

It was not Johnson's fault.
Walsh captured two difficult flies. He went out on three long flies to the outfield. One of his hits was pulled down by McDonald after a hard run. The ball looked safe enough for a homer.

Sechrist took in a fly off the left field fence.
Joe Keenan had two difficult chances, but fell down on everything easy. Jimmy Cockman will lead the league if he keeps up his batting. He hit the ball hard every time he faced McInnis.

The Hamiltons called for Crowe in the sixth. "Let's give them one at a trial," said a crank.
McInnis used his mouth occasionally with the following expressions: "Take off your glasses, Cal." "How does the president like umpiring?" "How am I doing, Cal?" and similar remarks.

President Davis wears glasses.

Do You Use It?

It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use Ayer's Hair Vigor.

but business is business, and we'll have to throw that Pittsburgh combination of his good and hard during the series. It is absolutely necessary for our position in league society.—Philadelphia Inquirer.
Baltimore is willing to part with Jack Doyle, as he is not popular with the other players.
Louisville has released Second Baseman Abbie Johnson, of London, Ont. Evidently it is intended to play either Dolan or Wagner at second.
On three different occasions has Second Baseman O'Brien, of the Providence team, been drafted from minor league teams by National League clubs. Charles Abbey, the outfielder, released by the Washingtons, will go to Providence.
There is one thing to admire about Anson as a ball player. He never "lies down." He plays just as hard, earnestly and conscientiously when his team is beaten as when it is tied or is winning.
Ewing asked Wagner, of the Washingtons, if he would trade Selbach. Wagner replied that he would let the feller go for Corcoran and Irwin, and Ewing was completely stunned.
Lajole came on to the diamond at Philadelphia in an intoxicated condition. He was fired out of the game at the end of the first inning, but not until his stupid work at first had lost the game for St. Louis's men.
Morgan Murphy, of the St. Louis club, is quoted as saying that he is quite certain that the pitcher's box in New York is not the regulation 60 feet from the home plate, and is willing to bet on it. Should this be proved true, the Giants will be in a sorry plight, for all games played there would have to be thrown out.

In attempting to catch a fly ball in the first game, Keeler, of the Baltimore team, knocked a finger nail off one of his fingers, which will put him out of the game for some time. Jennings' arm is in such condition that he can hardly move it, and he will not be able to resume play for two or three weeks.
Pitchers Nops and Pond are ill. With these men on the hospital list the champions' chances for the pennant are not over bright.

Burglary at Nananee.

The Dominion Bank Robbed of \$32,000.
Crooks Work the Combination Lock of the Vault, and Delay Discovery of their Work for Twenty-Four Hours.

Kingston, Ont., Aug. 31.—On Friday night the Dominion Bank of Nananee was entered by professional burglars. The vault opened, the combination having been discovered, and \$32,000 taken. The burglars changed the combination and the bank people could not unravel the mystery. The big robbery was discovered.
The Huguenot Bank officials were ignorant of the robbery, thinking that by some accident the combination had been changed. Examination disclosed that the burglars had obtained entrance through the back premises by removing boards and door panel. No clue has been found yet.
A Nananee dispatch says: On Saturday morning, when the Dominion Bank was opened for business, it was found to be impossible to open the vault. The bank officials, supposing the combination lock had got out of working order, gave up trying to open it, and sent for an expert to open the vault. The expert, after borrowing funds from the Merchants' Bank to transact their business. The expert arrived at midnight, and, about midnight, succeeded in opening the vault, when it was at once discovered that the vault had been robbed and the combination lock so the officials could not open it. The bank officials kept the matter quiet.
It is rumored that about \$30,000 was taken by the robbers. Entrance was gained through a board partition, under the back stairs, in the rear of the bank, but under cover so that the robbers could take their time when once they had gained the entrance through the board partition, which they did by boring holes through it and taking out two or three boards. Then they gained admittance to the bank. Every trace of their entrance was covered up, and no clue whatever left in the bank.
Whoever the robbers were they were able to work the combination lock on the vault without resorting to force, and by this means they completely threw the officials off their guard and gained 24 hours before the robbery was discovered.

I tried many physicians and nearly every known remedy, but without success, and without any permanent relief. A year ago I was persuaded to try Munyon's Rheumatism Cure. Contrary to my expectations, however, after giving the remedy a trial, I found to my unbounded joy immediate relief, and after the use of only three bottles of this wonderful cure I was completely restored to health. IT IS IN THE AIR.

People Will Talk About It—It Is In the Air.

Can't Stop It Spreading. Can't Keep Down a Good Thing. People Who Don't Know About It Want to Know. It Is Kidney Education. Galt People Are Learning Fast Here Are Some Facts.

One of the best known residents of Galt is Mr. Wm. Babcock, the well-known teamster, who has for a long time been a familiar figure in the business portions of our town. Mr. Babcock says: "I have been a sufferer for the last two years from lame back, pains in my back and side, hot flashes extending up over my shoulders, loss of appetite, sleeplessness, etc., together with urinary difficulties.
"It was so bad that I had to give up work. Although I used a great many kidney remedies they seemed to do me no good, until I got a box of Doan's Kidney Pills at Kirkland's drug store. I got great relief from the first box, and now, after using six boxes, feel all O. K. I eat well, sleep well, the pain, hot flashes, lameness and urinary difficulties have entirely disappeared, and I strongly recommend this magnificent medicine to all sufferers."
