ANOTHER THEORY.

Another theory regarding the murder of Miss Minnie Mitchell and Mrs. Anna

Bartholin is now advanced. It has been suggested that Wm. Bartholin, instead

of being a fugitive, has been foully murdered by the hand of the man who committed the other murders.

It is pointed out that Oscar Thompson has lived with the Bartholin family for more than the control of the contro

ily for more than 20 years, and it is thought possible that he was the fa-ther of young Bartholin; that when

Bartholin found this out hot words were exchanged, and the result was the murder of everyone who could possibly have known anything about it.

Oscar Thompson, star boarder at the

Bartholin home, and supposed lover of the aged widow, weakened under a terrific cross-examination in Inspector Hunt's office, admitted his inability to

account for his whereabouts on the night of Minnie Mitchell's disappear-ance, and practically agreed that he

was with Wm. Bartholin and "Daddy" Claffey when the two men were seen with the wagen in which the mur-

dered girl's body is believed to have been carried to its final resting place. Then Thompson fell back on a de-claration that liquor, drugs and hyp-

notism accounted for his presence with Bartholin at the wagon. What occur-

Noted Preacher Hesitates Between Hamilton Young Woman Lost Her Life on Tuesday.

> Hamilton, Aug. 21.-A telegram was received at the residence of Mr. Henry Carscallen, M. P. P., Tuesday evening, announcing that Miss Jean Shaw, a nurse girl employed in the family, and with it in Muskoka, had been drowned. No particulars were given, but the fact that the message asked what should be done with the body showed that it had been recovered. Mr. Carscallen was in Toronto, and was telephoned to. Yesterday he and Mr. C. D. Blachford, undertaker, went to Muskoka, and will bring the body home for interment.

> Miss Shaw was a young woman of about 19 years, and had been in Mr. Carscallen's family employ about two years. She was very highly thought of by them and by all who knew her. She was daughter of the late Mr. Neil Shaw, who died here about 6 years ago, and her mother is also dead. She had no relatives here. She was stay-ing with Mr. Carscallen's family at Moinus, about 2 miles from the Royal Muskoka Hotel, on Lake Rousseau.

FRANKFORT JAIL MUTINY | STOLE 42 DIAMOND RINGS

Robbery of a Jewelry Store in Brooklyn, N. Y.

Customers and Clerks.

New York, Aug. 21 .- A tray containing 42 diamond rings, valued at \$3,150, was stolen from a showcase in the jewelry store of A. A. Webster & Co., 440 Fulton street, Brooklyn, Tuesday afternoon, and although there were at least a dozen persons in the store at the time, no one saw the tray removed from the case, nor did they make the

discovery for some time after the thief had left the store. The showcase from which the diamonds were stolen is in the center of the store. It had a sliding door in the back. Mr. Webster, one of the firm, was in the store, as was also Miss Bauer, one of his clerks, and several jewelers who were repairing watches. Webster, who was in the rear of the store, saw a man standing at the diamond counter. He approached the man and asked him if he was being waited upon. The man said he was. and Mr. Webster then returned to the rear of the store. A few minutes later Miss Bauer asked the man what he wanted. He told her he was being waited upon. She also left. Then a woman customer entered the store, and Mr. Webster soon was engaged in conversation with her and accompanied her to the cashier's office as she wanted to pay a bill. Some time later Mr. Webster discovered that the tray of diamonds was missing.

Then the strange man was suspected.

Detective Sergeants Brady and Mc-Cormick, of the Adams street station, were notified of the robbery, and Mr. Webster told them that the man must have reached over the showcase and shoved back the sliding door to get at the tray. After securing it the thief had to pass Mr. Webster and the woman customer, and also the cashier, but none of them could remember seeing him leave the store. Mr. Webster said the thief must have concealed the tray under his coat.

The police say it was the work of a professional and daring thief, as none other would attempt to commit such a robbery when so many persons were in the store. The thief is described as being about 26 years old, 5 feet 19 inches tall, of medium weight, smooth face, dark hair and wearing dark clothes. The diamonds weighed from 1/2 to 11/2 carats each. A similar robbery took place about a year ago in the jewelry store of Jacob Morsch at 180 Broadway, Williamsburg, and the police believe the same man committed both robberies.
