He was 70 years of age, and had been ailing for some time. His wife and one son, of this city, and one in Cleveland survive him. The funeral will be held Wednesday morning at 9 o'clock. AN INTERESTING MEDAL.

An interesting and unique war medal belonging to Mrs. Caesar, formerly of this city, of 34 Grenville street, was er, C. Delaney. shown to the Globe by Mr. John Nunn, of the army and navy veterans. Its uniqueness consists of having twelve bars, a number which is quite rarely found with one medal, the majority not having more than ten bars. The battles for which the bars were granted were Vimiera, Corunna, Busaco, Fuentes D'Onar, Ciudad Rodrigo, Badajos, Salamanca, Vittoria, Nivelle, Nive, Orthes and Toulouse. On the face of the medal is a relief portrait of Queen Victoria, with the words, "Victoria Regina," and the date 1848. On the reverse are the words, "To the British ing settlers. The company, he says, Army," and the dates 1793-1814. Upon will bring in 10,000 persons within five tion, "John Smith, Ninety-fifth Rifles."

HELP FROM THE WEST

Oregon Miners' Unions Will Send Cash to the Strikers.

Portland, Ore., Oct. 18.-Twenty-nine presidents and 21 representatives of presidents of the local unions, at a meeting held here have decided by unanimous vote to support the cause of the Pennsylvania coal miners. The unions will be required to contribute to the fund at least one day's pay for each member. By this means it is expected that \$20,000 will be raised and forwarded to Mr. Mitchel as the donation of the Portland organizations. A committee composed of presidents was appointed to solicit subscriptions from the citizens.

FOREIGN COAL AFLOAT. New York, Oct. 13.—So far as the domestic coal market is concerned there the world are seriously disturbed at is little change in the situation here today. Within the next ten days between 50,000 and 60,000 tons of English coal will arrive in port. The Manitou and Marquette sailed yesterday with 22,000 tons and the Bell Arden with 6,000 tons left Barry on Friday. This amount with that now on the high seas and to be shipped before Wednesday will total nearly 60,000 tons of coal, for the partial replenishment of the local market in the near future.

TROUBLE IN THREE REPUBLICS

Troops Opposing Mob Violence in States, in

France and in Switzerland, London, Oct. 13.-It is cynically pointed out by monarchical Europe that the three principal republics of the same time by grave socialist and labor disputes. All three of these republics, the United States, France and Switzerland, are opposing military resistance to mob violence, and in each country political and social consequences which follow threaten to be-

come dangerous. The French disturbance is largely political in its motives. The Government is undoubtedly weak, and this is sufficient to constitute a motive to embarrass it as much as possible. The Swiss authorities seem to be at their wits' end, and it is difficult to forecast the developments which may occur in

Toronto Globe's Appreciation of a Graduate From The Advertiser.

The following is an editorial reference from the Toronto Globe to Mrs. goods. A large proportion of the eggs Eva Brodlique Summers and her work. The readers of The Advertiser will appreciate the Globe's remarks the more and packed in 30-dozen cases. The debecause of the opportunity they have recently had of reading some of Mrs. Summers' delightful letters from England which have lately appeared in this paper. Mrs. Summers is one of the graduates from The Advertiser. who have attained to a high place in the world of journalism and the Globe's words of praise will find a ready response among all her many friends

in this city. The Globe says:

Many of Canada's clever children live outside her borders, but this does not dull our interest or lessen our pride in them. Among the number is Eve Brodlique Summers, one of the best known newspaper women on the continent. Before her marriage to Leland L. Summers, a wealthy Southerner, Miss Brodlique was on the editorial staff of the Chicago Times-Herald, and a regular contributor to the Cosmopolitan, Frank Leslie's for first-class Canadian goods. Some Weekly, and other prominent publications. After four years of resting from trict. her labors she has again taken up the and Oregon, as the British Columbia pen, and with such good result that her story, "According to Omar," has carried off the \$300 prize offered by the Short Story Publishing Company, of New York. There are some fine descriptive paragraphs in "According to Omar," which is the story of a woman's adventure during the Colorado carnival. For instance: "She beheld the red ball of the glowing Colorado sun dip behind the roundshouldered mountains, until only a faint aureole remained; then the great amphitheater blazed forth in competithe stately glory of the white Capitol. studded with lights, amber, and ruby, and green, and topped with a blazing electric star. Through the wide, cool streets ran the ribbons of light from gaily colored Japanese lanterns, and from each pole and overhead wire dan-gled the white and cold of carnival flags, mixed with line after line of rose-hued lamps. There had been three days of this—three days of sunshine yellow as gold dust, crystal clear as no earthly gold ever was, three erisp nights under a blue velvet

range, the silver crescent of a young moon, pure, virginal, swung from a single. tremulous exquisite jewel. It seemed as if nature herself had put on her choicest decorations to grace the carnival." The story gets its title from the fact that through it runs the philosophy of old Khayyam: 'Come, fill the cup, and in the fire of spring.
The winter garment of Repentance fling;
The bird of time has but a little way
To flutter—and the bird is on the wing.

"MAN IS FILLED WITH MISERY."—
This is not true of all men. The well, sound of lung, clear of eye, alert and buoyant with health, are not miserable whatever may be their social condition.
To be well is to be happy, and we can all be well by getting and keeping our local condition.

sts in crockery are filled with sec onds, and dealers may import direct from England. Electrical appliances are largely brought from the United States, the American being said to be 30 per cent cheaper than Canadian used come from the United States.
Only eggs of first quality should be sent, carefully candled before shipment mand for engines is very great and is chiefly filled from the United States. Engines run from 10 to 50 horse-power, should be light, durable and compact. The bulk of this trade, Mr. Anderson thinks, could be secured by Canadians. Compressed hay of the very best quality comes nearly all from Washington Territory. Twenty-eight thousand bales were shipped via St. Michael's this season. The trade in iron pipe is large and controlled by United States firms. All sizes, from three-eighths up, for mining and steamfitting, are required. There is a large market for steel hydraulic pipe from 8 to 30 inches, punched, rolled, and ready to be riveted.

SUPPLIES FROM ABROAD. The trade in canned meats is decreasing, as fresh meat comes in frozen from Australia and the United States. Oats are purchased in the United States, and there is a great opening

have gone in from the Edmonton dis-trict. Potatoes come from California crops do not ripen in time to get in before the close of navigation.

In evaporated potatoes, German sliced are considered best, but Can-adian granulated are securing a fair share of the trade. The rubber boot trade has gone to the United States, owing to early shipments of inferior Canadian goods. Fifteen tons of old worn-out rubbers were shipped out as junk in August, 1902. There is a good market for Canadian rubber hose. The same is true of road scrapers. Granulated and cube sugar comes principally from the United States. Salt comes en tirely from Windsor, Ont. Altogether American hams and bacon are used. The quality of Canadian meats would secure the trade whenever our manufacturers desire it. Shovels come mostly from the United States. The Canadian soapmakers are advised to look up this business. Vinegar is concen trated one to twelve to save high freight charges and is chiefly of Ger-

A KINDLY SUGGESTION.

To the Editor of The Advertiser: I notice the Conservatives are thinking of having a banquet on Nov. 14, provided they can secure "a hall of adequate dimensions."

I suggest that they get permission from Alderman Cooper to use Victoria Park. The weather is warm and Cooper could protect them in the matter of walking (or more properly-lying) on the grass. Yours,
