BRITAIN HAD NEVER DREAMED OF SUCH A COLONIAL FORCE

As Came to Her Assistance in South Africa.

PREMIER SALISBURY'S PRAISE

Extraordinary Difficulties Were Met With Marvelous Courage—Boers Own to Complete Defeat.

London, June 6.—The Prince of Wales and many peers were present in the House of Lords, when Lord Salisbury moved a vote of thanks to the officers and men of the imperial forces in South Africa. The motion specially mentioned the colonial troops, and played a tribute to the splendid qualities of the colonial troops, who, he said, contended, under no ordinary difficulties, against an enemy which had accumulated vast stores of munitions of war, and had the advantage of fighting in a peculiar country, with which they were thoroughly familiar.

The premier also said he thought the house had never before thanked nor had such good cause to thank, the colonial troops for their assistance. Not long ago many people in Europe thought that the time of the downfall of the British Empire had arrived. But the colonial troops came brilliantly to Great Britain's assistance, and the more Great Britain's difficulties increased, the more colonial loyalty had manifested itself in aiding the empire to defy the hostility and bitterness of all its opponents. Great Britain had the assistance of a force which a few years ago

was not dreamed of, and that was the subject of exultation in England. It was shown that when the country was denuded of troops her naval supremacy was sufficient to protect her, and Great Britain was never weaker than during that period of the war.

Earl Spencer, the Liberal leader in the House of Lords, added his tribute to the British forces in South Africa.

SAD FATALITY AT WOODSTOCK

Boy Caught on a Bridge and Crushed by a Train—Nine Persons Bitten by a Mad Dog.

Ottawa, June 6.—News comes from the Eastern Townships that a farmer from Whitton, in the Lake Megantic region, named H. A. Matheson, was killed by his 9-year-old son, with a Winchester rifle. The report says that Matheson ill-treated his children, and that the boy in self-defense deliberately aimed at his father with the rifle at a distance of ten feet, and that the bullet went through the heart, causing immediate death.

The coroner's jury, after hearing the evidence, and considering the circumstances, returned a verdict to the effect that the deceased, Hugh Matheson, had come to his death by gunshot wounds inflicted by his 9-year-old son in self-defense.

LITTLE BOY KILLED BY A TRAIN. Woodstock, June 6.—Yesterday morning the two little daughters of Christopher Eab who lives near the railroad started out to gather daisies, and shortly after they had left their younger brother Bernard and little sister Hilda, aged 3 and 5 years respectively, followed, and thinking they had gone down the track, started after them. They had only gone a short distance when they came to the steel bridge over the river. They ventured to cross, and on reaching the center it was overtaken by a heavy freight train. The children turned to run back but were so frightened, that the little boy laid down on the track and was struck by the train.

His little sister managed to crawl to the edge of the bridge, and was unhurt, the little fellow died shortly afterwards.

MOTHER AND CHILDREN BURNED TO DEATH. St. Joseph, Mo., June 6.—Mrs. Belle Smith and her two small children were burned to death in their home at Hardin. The family perished before assistance arrived. It is not known how the fire originated. It is suspected that a triple murder preceded the fire.

NINE BITTEN BY MAD DOG. Fort Dodge, Ia., June 6.—Elsworth, a country town twenty miles south-east of here, is in a fever of excitement over the death at the Pasture Institute in Chicago of John Oleson of Elsworth, with hydrophobia. He, with eight other persons of the place, were bitten by a dog that was supposed to have rabies, and he went to Chicago for treatment. The other parties are now on the road to Chicago for treatment. All dogs in that section of the country are being killed.

CAPE COLONY RELIEVED.

Cape Town, June 6.—Reports which have been received here from all quarters indicate the greatest relief and action or who died of wounds is 7,792. The only cause of death from disease is 13,250.

The Boer delegates are in the field to try and bring the various commands, and most of the latter have been ordered to converge on the railway lines and surrender to the British officers.

ARMY REDUCED BY 9,477. London, June 6.—An official statement issued by the war office last evening shows that the total reduction of the British forces in South Africa, to May 30 of the present year, was 9,477. This includes killed, wounded, prisoners, deaths from disease and men invalided home.

Of these, many have recovered and rejoined their regiments, leaving 25,481 dead or permanently incapacitated. The total number of troops killed in

Canada, it would go deep to the hearts of every Frenchman.

KING OF SAXONY SERIOUSLY ILL. Dresden, Saxony, June 6.—The condition of King Albert of Saxony (who was born in 1828, and who has been ill for some time) is today regarded as critical.

AFTER 12 YEARS' WORK. A Berlin cable says: After twelve years' labor, the great docks at Cuxhaven are now completed. They were built by the State of Hamburg, and were leased by it to the Hamburg-American Steam Packet Company for a period of 25 years.

THE NEW AMBASSADOR. The universality of the approval of the appointment of Hon. Michael Herbert as ambassador to the United States, in succession to the late Lord Pauncefoot, is quite unusual. No dissent is heard anywhere. The newspapers equally congratulate the foreign secretary, Lord Lansdowne, on his good choice, and Mr. Herbert on his good fortune.

BRITISH SHIPPING CHANGES. London, June 6.—Sir Robert Giffen, ex-president of the Statistical Society and ex-chief of the statistical department of the board of trade, testifying today before the House of Commons committee on steamship subsidies, said the changes in the position of British shipping, compared with those of other countries, was due largely to circumstances apart from subsidization. There had been a diminution of British progress, while elsewhere, especially in Germany, there had been a great advance. The number of American-owned ships sailing under the British flag—quite apart from those with the combine recently formed—had largely increased, and was still increasing, and he regarded it as obvious that notwithstanding the fact that the White Star Line steamers were sailing under the British flag, the United States Government now regards them as being American vessels, and would be prepared to defend them, as the property of American citizens.

Sir Robert said he regarded subsidies to be a political, rather than an economic question.

INDIA'S SUGAR BILL. Simla, India, June 6.—The sugar bill (empowering the Government of India to impose a countervailing duty on bountied sugar until the Brussels convention becomes effective) passed the council today. The viceroy of India, Lord Curzon, exhorted the members to improve the bill, and to see that the protection provided by the countervailing methods imposed on bountied sugar.

CHALLENGED TO FIGHT. Rome, June 6.—As a sequel to a heated discussion in the lobby of the Chamber of Deputies on the subject of the Eritrean (Italian East Africa), budget, Signor Franchetti, a member of the chamber, has challenged the foreign minister, Signor Primitivi to fight a duel.

FRENCH DEPUTIES FIGHTING

King of Saxony Seriously Ill—Canada's Gift for Martinique Suffers Touches All Frenchmen.

London, June 6.—According to a news agency Col. Arthur Lynch (who is said to have fought with the Boers in South Africa), and who was elected in November last to represent Galway in the House of Commons, and who, it was announced last night, had decided to go to London early next week and attempt to take his seat in the house, will not be allowed to carry out his intention, but will be arrested on the charge of treason immediately after landing in England. A sharp watch is being kept for Col. Lynch, and if he reaches Westminster it will be by stratagem.

It was announced in London Jan. 6 that Col. Lynch would be prevented from taking his seat in the house, and that as soon as he set foot on English soil he would be arrested on a charge of treason. Col. Lynch has been living in Paris for some time.

KAISER DECORATED BY SHAH. The Shah of Persia, who is now in Berlin has bestowed upon Emperor William a decoration of the highest Persian order. The insignia presented to the emperor is set with diamonds which are valued at 20,000 marks.

FRENCH STATESMEN FIGHT. During a dispute between members of the French Chamber of Deputies in the room of the committee engaged in the verification of the recent elections of M. de Largentaye, a reactionary deputy from the Cotes-du-Nord, exclaimed: "Yes, you Republicans are swindlers and traitors, and in a way, foreigners."

A number of Republican deputies retorted hotly, whereupon M. de Largentaye added excitedly: "And your president of the republic is a thief."

A scuffle, during which
