# was encouraged by the quick collapse of the vigorous bull movement with which the week began, and the drift of prices was downward. Pressure was most noticeable against the trans-pointenntal railroad stocks, U. S. Steel showed good resistance to selling, and ruled slightly above yesterday's closing despite the weakness at other points. The buying of this stock was stimulated by further report of improved trade conditions. A break of 1% to 3%, a .w record in Great Northern Ore certificates, attracted some attention, because of the persistent rejectation of rumors that the dividend would be passed. Railroad stocks lost ground steadily. Canadian Pacific fell 1%, and Union Pacific and New York Central 3. Bonds were easier.

The Best Treatment for Itching Scalps and Falling Hair

To allay itching and irritation of the scalp, prevent dry, thin and failing hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Cuticura clintent into the parting with a bit of soft fiannel held over the end of the finger. Anoint additional partings about haif an inch apart until the whole scalp has been treated, the puice scalp skin rather than on the hair. It is well to place a light covering over the bair to protect the pillow from possible stain. The next morning, shampoo with Cuticura-scalp and hot water. Shampoos alone may be used as often, as agreeable, but once of twice a month is generally sufficient for this special treatment for women's hair. Not-twice a month is generally sufficient for this special treatment for women's hair. Not-twice a month is generally sufficient for this special treatment for women's hair.
