

SHAUGHNESSY MAY BUY MUNITIONS

Said to Have Been Selected
By British Govern-
ment.

QUESTION IN COMMONS

Lloyd George Says He Was
Sending a Businessman
to Canada.

LONDON, June 17.—6:35 p.m.—The Globe says it understands that Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, has been selected, at the request of the Imperial Government, to take up a responsible position in connection with the purchase of munitions from Canada.

The Globe connects Sir Thomas Shaughnessy with David Lloyd George's announcement in the House of Commons this afternoon that he was sending a businessman to the United States and Canada to deal with this question. Donald McNeill, Unionist member for St. Augustine's division, who has raised the question, intimated that some Canadian firms refused to transact business through the agency in the United States, and he asked whether Mr. Lloyd George intended to adhere to a condition "which is resented by manufacturers of British nationality and which hampers and limits the supply of munitions of war."

Morgan's Business in States.
The minister of munitions informed Mr. McNeill that the business of J. H. Morgan & Co. extended only to orders executed in the United States. Orders for the manufacture of certain classes of munitions in Canada were being handled through a committee of Canadian manufacturers organized by the Canadian Government.

Regarding a Canadian firm having refused to transact business through the Morgan firm, Mr. Lloyd George said: "This appears to refer to a proposal made by a Canadian manufacturer who was supplying munitions under orders of the above committee, to organize a group of American firms for the production of shells in the United States. This manufacturer declined to negotiate through J. P. Morgan & Co., and in view of the risk of interference with contracts already placed, the war office considered it to be unwise to adopt this plan, except with the co-operation of Messrs. Morgan & Co. I see no reason to dissent from that view."

Premature, Says Sir Thomas.
In an interview Sir Thomas Shaughnessy denied that he had been offered officially a position by the British War Office as a contractor for munitions. "Such a report," said Sir Thomas, "is premature. My business in London is merely to negotiate with the war office to see what assistance the Canadian Government can offer in the way of supplying food and other material for the equipment of the British army. In this connection the C. P. R. could, of course, facilitate the provision for and the conveyance of food to the allied armies."

BLAMES EXCHANGE FOR FAILURE TO GET WAR ORDERS

Finance Minister Says Canada is at a
Disadvantage—New York Gets
Gold.

OTTAWA, June 17.—In a lengthy statement on the situation of international exchange, Hon. W. T. White today blames these conditions for Canada's failure to get war munition orders from the Allies on a vast scale.

Owing to the great trade balance piled up in favor of the United States since the outbreak of the war, he explains, European nations could only purchase there by exporting gold to settle the balance of trade against them, by establishing credits with New York or other American bankers or by the sale in America of their securities. Britain had been easing her position by sending gold to New York. Her allies had been establishing credits with New York bankers and selling securities to New York financial houses to furnish the money to pay for munitions. No European country could afford the vast amount of gold required for these payments.

"Applying these principles," the minister stated, "it will be clearly seen why Canada is at a disadvantage in obtaining orders on a vast scale from Great Britain's allies. Add to this the fact that exchange is also decidedly against Canada as between us and New York."

Another paragraph reads: "All this is the inevitable result of the war and of the huge purchases of food, products, supplies and munitions by Europe from the United States."

AN OLD STORY.
[Canadian Press.]
New York, June 17.—The maritime register of June 16 published the information that the Decatur was torpedoed June 1 off Fifth of Tay, Scotland, and that the crew was saved.

SUFFERED FROM BILIOUS HEADACHE

At Times Thought She Would
Go Mad.

Headaches are one of the most aggravating troubles a person can have. They are many and varying; but when the headache starts you may be sure that there is some other chief cause of this most painful difficulty. The stomach may be wrong, the bowels become constipated, the blood may not circulate properly, but the presence of the headache clearly shows that there is some other harmful disease which is liable to assert itself unless the cause of the headache is removed. Get rid of the headache and thus perhaps save yourself many years of mental suffering.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches, and has also proved itself to be a remedy that cures where all others fail. It does this by removing the cause of the trouble.

Miss Mary A. Roberts, Hampton, N. B., writes: "For about two years I have suffered from bilious headache. At times I thought I would really go mad. Not long ago a friend advised me to try Burdock Blood Bitters, which I did, and after taking three bottles I have never been troubled with any kind of a headache. I think that B.B.B. is one of the wonders of the world. I can safely recommend it to all who suffer from bilious headache."

Burdock Blood Bitters is the oldest and the best-known blood medicine on the market today, and is manufactured only by The T. Milburn Company, Limited, Toronto, Ont.
