

## TO HORTICULTURE SOCIETY CREDIT DUE

Initiated Plans for Beautifying Old Portion of St. Thomas Cemetery.

ST. THOMAS, June 16.—Local Horticultural Society should have had the credit of initiating the plans and putting them into effect of cleaning up the old portion of St. Thomas Cemetery. Chairman Dr. Bennett pronounces the condition of the original burial grounds as disgraceful and unwarranted. It will take a dozen men for a couple of weeks to do any kind of a job, declares the doctor, and even then that portion of the grounds will not be properly cleaned. The doctor characterizes the neglect shown the last resting places of St. Thomas old settlers and of many pioneers of the township as simply shameful. And people well off, too, declares the chairman of the society,

who decline to assist in uncovering the graves of rubbish and weeds and refuse to contribute a cent towards making the place look decent.

## MAN FALLS FROM ROOF LEG BADLY FRACTURED

WOODSTOCK, June 16.—Andrew Ross sustained a badly-fractured leg this morning, when he fell from the roof of a house which he was shingling. Ross, with two other men, was shifting the shingling jacks when the scaffold broke, the men lost their holds and were pitched to the side of the roof. Ross fell to the ground, while the other two men saved themselves by grasping the eavestrough and holding on until they could be rescued.

TORONTO, June 16.—The death occurred here this afternoon of William Moffatt, general manager of the Imperial Bank.

## MANY MINERS REFRAIN FROM BALLOTING

Strong Vote Against Accepting Owners' Offer in Some Districts.

LONDON, June 16.—The miners' ballot is going strongly against acceptance of the owners' proposals looking to a settlement of the coal strike. In Wales and Durham the majority is three to one against acceptance, and in other districts are less decided, and it will not be known until tomorrow whether the necessary two-thirds majority for a continuance of the strike will be obtained. A feature of the balloting has been the many thousands of abstentions and the heavy toll against acceptance in some districts believed to have been anxious for a settlement. The executive of the miners' federation has authority to act on the result of the ballot, but it is thought that if the margin proves narrow, the executive will call another conference of delegates before making a decision. The balance of opinion, however, is that next week will see mining operations resumed.

## ANGLICAN CLERGY REFUSE INCREASE IN THEIR STIPEND

WINNIPEG, Man., June 16.—Voting to stand by their parishioners for better or for worse, in what they believed will be a period of after-war reaction, Anglican clergy of the diocese of Rupert's Land, assembled in synod here today, refused to grant themselves an increase in stipend. A recommendation brought in by the committee on the archbishop's charge, suggests a minimum of \$1,800 for a married clergyman and \$1,500 for a single man. It was defeated. The salary situation, it was decided, will remain as it is at present, with no set minimum. A married clergyman in the country receives about \$1,500 per annum. A delegation from the Methodist General Assembly was received, following which the synod voted to do all in its power from now till the General Synod session in October to educate the people to a spirit of unity.

## DEATH COMES TO DIVER 25 FEET BELOW SURFACE

Comrades Fail To Understand Drowning Man's Frantic Signals.

SAULT STE. MARIE, Mich., June 16.—Death, in one of its most terrifying forms, came to Damon S. Godfrey, a diver in the employ of the Great Lakes Towing and Wrecking Company today, when the great copper helmet he wore as part of his diving dress became loosened in some way while Godfrey was down 25 feet on the bottom of Georgian Bay near Little Current, Ont.

Little by little the water began to trickle inside the diver's rubber suit. As the helmet worked still looser, Godfrey signalled frantically to his mates on the lighter above to be hauled up, but in some way, it is said, his jerks at the lifeline were not properly understood, owing to the lines becoming tangled, and the men at the air pump continued to send down fresh air.

Finally when no further signals were received, the helpers became alarmed and hauled the diver up. When the helmet was unscrewed, Godfrey's head toppled over to one side. He had been dead for several minutes.

Godfrey had been in the employ of the Great Lakes Company for fifteen years, and was considered one of the most expert deep water divers on the Great Lakes. He was 55 years old and lived at the Canadian 800. A widow, three daughters and four sons survive.

## WEEKLY EDITORS SPEND DELIGHTFUL DAY IN CALGARY

Entertained by City and by Women's Press Club.

CALGARY, Alta., June 16.—When the C. P. R. special train drew up at the platform in Calgary bearing the delegates of the Canadian Weekly Newspaper Association from the convention which was held in Vancouver, a very large and enthusiastic group of friendly newspapermen and citizens greeted them, and despite the whirl of gaiety experienced since leaving Vancouver at Field, Lake Louise and Banff, the visitors showed no weariness, but just entered into the further festivities provided for them by the citizens of Calgary, the fast-growing city of the West.

Acting Mayor John W. Huggill was on hand to extend the welcome at the depot, along with representatives of the city and the Women's Press Club. The entertainment provided included a ride for some on a scenic car, while others enjoyed the theatres as a diversion since leaving Vancouver. Through the generosity of the C. P. R. and the general manager of the Pullman Hotel, the beautiful ballroom of the renowned hostelry was placed at the disposal of the visitors. The orchestra played for dancing until midnight, and, needless to say, it was thoroughly enjoyed. In the opinion of the officials of the association, nothing has been omitted to make the delegates enjoy themselves, and the hospitality of the greatest transportation company in the world has been at its best. Too much praise cannot be bestowed upon the railway officials accompanying the train, and attending to the wants in the slightest detail of any one member of the party.

Through A. B. Calder, representative of W. E. W. Beatty, the president of the C. P. R., the delegates expressed their sincere appreciation of the courtesy extended to them, and for the innumerable enjoyments which greeted them while traveling across the prairies.

Today the delegates were hospitably entertained by the board of trade, enjoying a delightful drive through the city and luncheon at the Plaza, which was presided over by Mayor Adams. After the toast to the "King," Mayor Adams proposed the toast of "Our Guests," which was responded to by W. R. Davies of the Renfrew Mercury, who paid a glowing tribute to Western Canada, and expressed the hope that the East would become better acquainted with the West. He believed that in the future, now that they appreciated the West better than ever, that they would put their heel on that serpent of racial propaganda whenever it showed its head.

A. E. Calnan of the Picton Gazette paid a great tribute to Roy Sales, the manager of the association, and asked Mr. Cowie to make a little presentation to him, showing their appreciation of his work since his appointment. J. L. Cowie, Carberry, Man., then asked Mr. Sales to receive a very handsome bag, to which Mr. Sales suitably responded. Subsequently thanks were returned to the mayor of Calgary, the board of trade and the citizens of Calgary for their kindness on behalf of the association by the Rev. A. H. More, St. Johns News, Quebec, and A. R. Brennan, vice-president and proprietor of the Summerville Journal, P.E.I.

## POLISH SOLDIERS ARE MUCH WORSE THAN REDS

Little War Victim Tells Harrowing Tale on Arrival in St. Thomas.

ST. THOMAS, June 16.—An unfortunate little victim of the Great War and of the mad revolution that has ravaged Russia and Poland, arrived in this city this week, and is now stopping at the home of Mr. and Mrs. Benjamin Genrich, 117 Alma street. The name of the newcomer is Mary Levine, daughter of Morris Levine, the Jewish merchant. She is a frail little girl of 21 years. She cannot speak English, and she seems rather reluctant about talking in Yiddish or Polish.

The town she was born and lived in all her life is Wolkowisk, located in the province of Grodno, in Central Poland, and was right in the path of the Bolsheviks and the Polish insurgents. Every girl in the town, ten years of age and over, was betrayed by the soldiers. Every home was visited, and the helpless victims chosen indiscriminately. Mary Levine lived for four weeks in a dirty cellar under the place that had once been her home, lived there in mortal fear with nothing to eat, save

the coarsest of rye bread and only a little of that.

She left Poland about six weeks ago by train to Warsaw and thence to Antwerp, where she sailed to Montreal.

"I am happy to get to this peaceful country," she said through Mr. Genrich, "It is lovely here. Nobody looks at you or touches you when you go out on the street. It is so different from Poland."

Mary declares that, while the Russian Reds are bad, some of the Polish soldiers were worse. Their crimes, she stated, were far more horrible than those committed by the Bolsheviks.

## BIGGS DISPLAYS HIS WORK ON HIGHWAYS

HAMILTON, June 16.—With a view to disproving criticisms by Gordon C. Wilson, M. P., of Wentworth, S. O., of extravagance and unnecessary work on the provincial highways, Hon. F. C. Biggs, minister of public works for Ontario, today took a party of representative men on a tour of the provincial highways in this district. His guests represented the chamber of commerce, board of control, aldermen, members of the county council and the suburban area commission.
