FOUR CANADIANS
AMONG THE KILLED

Scores Were Injured—Trainmen
Differ in Accounts of the
Disaster.

PORTER, Ind., Feb. 28.—Several
Canadians were among the victims of
the wreck of the New York Central
and Michigan Central passenger trains
which occurred here last night, killing
from thirty-five to forty people.
Canadians identified up to 8 o'clock
were—
J. Collins and wife, London, Ont.
Gordon Campbell, Revelstoke, B. C.
Peter Kane, Regina, Sask.
Relief crews early today had taken
thirty-three bodies and scores of in-
jured from the wreckage and at least
six bodies were visible entangled in
the debris.
The trains crashed at the Diamond
crossing here. The forward coaches
of the New York Central train, which
was westbound, lay upon the two splin-
tered coaches of the Michigan Central
train, through which it had plowed
while travelling nearly fifty miles an
hour. The darkness and tangled mass
of wreckage made rescue work slow.
A statement of Towerman J. C. Cook,
on duty at the crossing, declared the
block two miles away was set against
the Michigan Central train while the
train was left clear for the New York
Central.
Railroad officials at the scene of the
wreck said Engineer W. F. Long, of
Jackson, Mich., who escaped unhurt,
declared he had received a clear signal
and had checked it with his fire-
man. He left early today for his home.
When the Michigan Central train
struck the derailer, six hundred feet
from the crossing, it was the first in-
dication he had of the impending
crash, Long is said to have stated.
From that point the eight coaches
of the Michigan Central train jumped
along the ties, coming to a standstill
with the third and fourth coaches at
the intersection of the tracks, and an
instant later the New York Central
train burst through.
A Bad Case
Escame All Over His Body—
His Legs—His Arms Covered
John Clark of Brookville, N. B., was a
victim of the disaster. He was a
man of about 40 years of age, and was
travelling with his family. He was
killed, and his body was found in the
wreckage. His legs and arms were
covered with blood, and his body was
in a bad state of decomposition. His
body was found in the wreckage, and
was in a bad state of decomposition.

The Magic
of
Zam-Buk

Zam-Buk is the last
word in healing. Its
rare medicinal power is
derived from certain valu-
able herbs utilised by
science for the healing of
wounds and sores and
other skin afflictions.
In addition to its great
soothing and healing
power Zam-Buk kills
germs as well as excludes
them from the broken skin.
Zam-Buk's wide range
of usefulness, its unique
medicinal properties, and
its handiness and economy
make this rare herbal
healer a necessity in every
household.

"It Grows
New Skin"

If you suffer with eczema, ulcers, piles,
burned wounds or other skin diseases
or injury get a tin of Zam-Buk from
your chemist to-day. Save doctors' bills.

HYPNOTIZER A LOBSTER

Quite accidentally F. Martin Duncan
librarian to the Zoological Society dis-
covered that he could hypnotize lob-
sters. Recently before some officials of
the society he gave a most amusing
demonstration on his office desk in Re-
gent's Park.
A wild uneducated female lobster
was selected at random from a fish-
monger's stall for the purpose of the
experiment. There could therefore be
no question of a trained confederate or
collusion. She was a big fish of
three pounds four ounces, and the hyp-
notist elected not to cut the string
binding her claws, as she showed con-
siderable liveliness.
She "bucked" just like a mustang as
Mr. Duncan tried to spread her tail
out flat on the desk. He performed
some rhythmic passes up and down her
polished black back, and she grew
more docile, permitting her tail to be
unfolded. Then for two minutes the
operator lightly massaged her back
with the tips of his fingers until the
lobster lost her expression of annoy-
ed anxiety and relaxed into a beauti-
ful trance.

Then came the crowning moment.
Mr. Duncan lifted the hypnotized shell
fish and stood her on her head. With
her two claws and nose as three points
of support she stood motionless, for
five minutes. After that the hypnotic
sleep grew lighter and passed away a
few moments later, leaving a normally
angry lobster.
Dr. Chalmers Mitchell, F. R. S. sec-
retary to the Zoological Society, watch-
ed the experiment with keen inter-
est but could suggest no explana-
tion. Mr. Duncan points out that some
important nerve centres lie just under
the shell of the back, and these may
have something to do with the phenom-
enon.
He made his queer discovery when
gathering specimens for the Marine
Biological Laboratory at Plymouth.
On trying to prevent an active lobster
from crawling out of the boat his wet
hand slipped several times on its back
and the creature grew quieter. He re-
peated the rubbing movement and pro-
duced a hypnotic trance.

OBITUARY.

Margaret Henry.
After a prolonged illness of from
six to eight months Miss Margaret
Henry of Belledune was called by
death at the home of her brother
James Henry on Wednesday. The
deceased lady, who was a sister of the
late John Henry of Vancouver, was
born and brought up in the Belledune
district. Her parents, who pro-
ceeded here a number of years ago,
were among the early settlers of that
section of the country and Miss Henry
was known and loved by a wide circle
of friends.
Pneumonia was the direct cause of
death. The late Miss Henry was a
great churchwoman, and the service
she rendered to the Presbyterian
Church of Belledune is well-known
and appreciated. Her nephew, James
Henry, who has been in Duluth for
some years, was at home at the time
of her death. The funeral took place
on Saturday the body being interred
in the Presbyterian Cemetery at
Belledune, the little burying ground
down by the sea, almost at the point
where the old pioneers landed over
a hundred years ago after being
blown off their course and drifting up
the Bay of Chaleur. The Rev. A. D.
Archibald conducted the funeral ser-
vices.

A Quick Relief
for Headache
A headache is frequently caused
by badly digested food, the gases
and acids resulting therefrom re-
sulting in the blood which in-
turn irritates the nerves and
causes painful symptoms called
headache, neuritis, rheuma-
tism, etc. 15 to 30 drops of
Mother's Syrup will correct
any digestion and afford relief.
