FINE CARRIAGES Fredericton, N. B

Soe Manufacturers of Miller's Patent Shifting Rail. These Shifting Tops have no rival, as a giance at the cut will show for itself; it is so simple it requires only one person to take it off or put it on, and when off no one would think a Top had been on, as no unsightly ends are sticking out. When the Top is on it is as firm as a rock. It can be put on any carriage in use. Persons ordering Buggles or Canopy Top Carriages should see that they have this Rail, as it will be greatly to their interest.

These Tops were awarded a Diploma at the Provincial Exhibition in October, 1880

Patented in Canads, March , 1877, and in the United States, Dec. 10th, 1878 ALL WORK WARRANTED. EBEN MILLER & CO
