

**PHYSICIANS****Failed to Cure Rheumatism****Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."**

"After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me. I suffered torture from rheumatism and heart trouble, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit.

"A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many families where no other medicine but Nerviline is kept—it is so useful in minor ailments like earache, toothache, neuralgia, coughs, colds, lumbago, and sciatica. I call Nerviline my 'Life Guard,' and urge all to try its merit."

**Bumps on the Head.**  
The lump raised by a blow on the head is due to the resistance offered by the hard skull and its close connection with the movable elastic scalp by many circumscribed bands of connective tissue. The result of a blow when the scalp is not cut is the bruising and laceration of many of the small blood vessels or capillaries. Blood or its fluid constituent, serum, is poured into the meshes of the surrounding connective tissue, which is delicate, spongy, distensible and cellular, and the well known bump or lump is quickly formed. This cannot push inward at all and naturally takes the line of least resistance. Similar bumps may be formed on the skin in exactly the same way, for the skin bone also is covered only by skin and subcutaneous connective tissue.

**The First Iron Bridge.**  
The first iron bridge ever erected in the world and which is in constant use at the present time spans a little river in the county of Salop, on the railroad leading from Shrewsbury to Worcester, England. It was built in the year 1778 and is exactly ninety-six feet in length. The total amount of iron used in its construction was 378 tons. Stephenson, the great engineer, in writing concerning it said, "When we consider the fact that the casting of iron was at that time in its infancy, we are convinced that unblushing audacity alone could conceive and carry into execution such an undertaking."

**Fertile Socotra.**  
Socotra, a large island in the Indian ocean, is one of the least known of the inhabited parts of the world. It is mountainous, but very fertile, and in ancient times was famed for frankincense and myrrh, aloes, dragon's blood and spices. But now Sumatra and South America produce more dragon's blood.

Watson—Fleming.

A very pretty wedding took place on Wednesday, Oct. 18th, 1911, at 3 p.m., at the home of Mr. and Mrs. W. Fleming, Bosanquet, when their eldest daughter, Myrtle, was united in marriage to Frost Watson, 8th con. The Rev. A. E. Lloyd performed the ceremony in the presence of the immediate friends and relatives of the contracting parties. The couple entered the room to the strains of the wedding march played by Miss Mamie Jamieson and took their places under a very beautifully decorated arch. The bride looked very charming in travelling suit of blue velvet. After the ceremony the company assembled in the dining room which was prettily decorated with evergreens and flowers. After a dainty luncheon was served the happy couple left amid showers of confetti on the 6 train for Sarnia and Port Huron. The bridegroom's gift to the bride was a beautiful muff. The bride was the recipient of beautiful gifts from her many friends.

Anyone who does not want to receive a newspaper will have no trouble in discontinuing it, if you notify the publisher that you don't want the paper any longer provided you owe nothing for it. Don't continue taking the paper until you are asked to pay for it, and then "swell up" and say you "never subscribed for it." **Cured By Vinol—Here is Proof**  
Seymour, Ind.—"I was troubled with a chronic stomach trouble, and five weeks ago it got so bad I had to give up work. I had tried various medicines without relief, and was finally induced to try Vinol. After taking the first bottle I was greatly benefited. Am now on the third bottle and ready to resume work. Am rapidly gaining in weight and strength." Edw. Nieman.

It is the curative medicinal elements of the cods' livers, combined with the strengthening properties of tonic iron contained in Vinol which makes it so successful in restoring perfect digestion and at the same time it builds up the tired, overworked and run-down system. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

**WASTED ELOQUENCE**

**His One Great Speech Was Wholly Lost on President Cleveland.**  
Colonel Franklin Pierce Morgan of Washington and New York never made but one great speech, and the story of it is pathetic. His audience was Grover Cleveland, then president of the United States, and his purpose was to secure a pardon for a murderer named O'Neil, in whom the colonel had become interested.

"I'll never forget that day," said the colonel in telling about the incident. "I had told Dan Lamont the day before that I intended to ask Cleveland to pardon O'Neil, who was a creature of the dark places at times, but a pretty good fellow at that. Cleveland had taken the precaution to send to the department of justice and get the papers in the case."

"I got up early the next morning, had a massage and was feeling tiptop. I got in to see Cleveland, and I spoke twenty minutes. Never in my life, before or since, have I been as eloquent as I was pleading for that fellow O'Neil. The end of every sentence I uttered brushed the edges off a cloud. I concluded my argument confident that I had swept the president off his feet."

"Mr. Morgan," he said, "is that all you have to say on behalf of your friend?"

"Mind you, he said 'friend.'"

"Yes, Mr. President," I said, "I think that's all."

"Mr. Morgan," he replied, "never as long as I am in the White House shall that consummate scoundrel—consummate scoundrel, mind you—get out of the penitentiary."

"What's the use of eloquence, anyhow?" concluded the colonel.—Buffalo Express.

**LIVER LAZINESS**

**Those Who Lack Energy and are Unsuccessful Should Read This Closely.**

"I am only thirty years old, yet for almost two years I have felt more like seventy-five. I have found it difficult to sleep at night and in the morning feel so depressed and heavy that effort was difficult. My hands were always clammy and perspiration on slight effort would break out all over me. It was not unnatural that I should begin to brood over the chance that I should soon be unfit to do my work, and this dread made my sleepless nights perfect misery. After repeated trials of medicine and mixtures Dr. Hamilton's Pills gave me the first gleam of hope. From the very first I could see they were different in action from other pills. They didn't gripe and acted as naturally as if nature and not the pills were cleansing my clogged up system. My spirits rose, I felt much better, the sluggish action of the system gave way to normal activity. Dizziness and headaches ceased, appetite, good color, and ambition to work returned and life remained. I am like a new man and I thank Dr. Hamilton's Pills for it all."

This was the experience of J. E. Parkhurst, a well-known grocery dealer in Jefferson. Follow his advice, use Dr. Hamilton's Pills for your stomach, kidneys, and liver, and you'll enjoy long life and robust good health. All dealers sell Dr. Hamilton's Pills, in yellow boxes, 25c per box, from The Catarthozone Co., Kingston, Ont.

**John Auld Retires.**

Windsor, Ont., Oct. 26.—John Auld, of Amherstburg, who was selected to contest South Essex in the Liberal interests against Dr. C. W. Anderson, of Leamington, has decided to withdraw on account of ill-health. A convention to select his successor will be held at Kingsville on November 3.

The Kingston Standard puts forward a fine suggestion. It says that Royal and Governmental proclamations should be couched in simple language minus the frills. That will meet the same fate as Senate abolition. Everybody will say "What a splendid idea," but the proclamations will continue in the same old cumbersome way.

**THE LIGHT-HOUSE KEEPER'S STORY.**

FROM the lighthouse at Lobster Cove Head, Bonne Bay, Newfoundland, Mrs. W. Young sends her experience of Zam-Buk.

She says: "I suffered with eczema for seven years and to my great delight Zam-Buk has cured me. The disease started on my breast, and spread until it extended over my back. The itching and burning—especially when the affected parts were warm—was terrible; and yet when the eruption was scratched or rubbed, it turned to bad sores and caused great pain. I went to a doctor and tried various prescriptions, but seemed to get no benefit, so tried another doctor. Again I got no relief, so tried a third doctor, and then a fourth."

"Seven years is a long time to suffer, and I had got used to the thought that I never would be cured, when I saw a report in the Family Herald, telling how beneficial Zam-Buk was in cases of skin disease. 'I bought some Zam-Buk, and from the use of the very first box I saw it was going to do me good. I persevered with it, and the improvement it worked in my condition was really wonderful.'

"It eased the irritation, stopped the pain, and the sores began to dry up and disappear. In short, I found Zam-Buk all that was claimed for it and within a very short time it worked a complete cure in my case."

"Since that time I have recommended it for several other cases, and in each it has proved its wonderful merit."
