**SALARIES OF TEACHERS**

This is the time of the year when trustees in rural sections are engaging their teachers. The Legislature by large grants is endeavoring to encourage higher salaries for teachers. The grant varies 5 per cent. on a very small salary to 40 per cent. on what the Department of Education considers should be the minimum as follows: \$500 in a section with an assessment between \$50,000-\$100,000, \$1000 in sections with an assessment between \$100,000 and \$300,000 and \$1,100 in sections with an assessment of over \$300,000. Many of the sections of the surrounding townships have an assessment between \$100,000 and \$300,000. In these sections trustees who pay their teachers \$1000 a year, the levy on the ratepayers is only \$30 more than if the salary was \$800. It works out this way. The grant on excess salary over \$500 to section paying \$800 is only 10 per cent. This means 10 per cent. on \$300 which amounts to \$30 leaving the section to raise \$770. The percentage on excess salaries of \$1000 and over is 40 per cent. which means \$200 leaving \$800 to be raised by the ratepayers. As there is only \$30 difference between the salaries of \$800 and \$1000 in such sections the trustees should not hesitate in bringing the minimum salary up to at least \$1000 and thus get the full advantage of the Legislature's liberal grants.

**JULY**

Let me in simple verse  
Consistently express,  
If you but read my role;  
To let success succeed  
You need the biggest creed,  
And most of all you need  
Old fashioned self control.  
And you may need a lot  
For July may be hot  
And try your very soul;  
But do the best you can,  
Prove maiden or prove man,  
Keep water in the pan  
Nor lose your self control.  
The faculties we've got  
They are the choicest lot  
Don't put them in the hole;  
We may be very smart,  
The head is not the heart,  
We can from wisdom part  
If we only lose control.  
If right the steering gear  
What then have we to fear  
And everything is whole;  
And whether poor or rich  
We won't get in the ditch  
And nothing can besmirch  
If we have good control.  
Temptation comes around,  
No prettier can be found,  
They think that we are droll;  
A smooth delicious set,  
To gamble or to bet,  
Cigar, or cigarette,  
For they have lost control.  
The character of all  
Rich, poor, or great, or small  
Whatever be the goal;  
Wherever be the track,  
We need a stiffened back,  
Success will never lack  
If we have self control.

**"COLD IN THE HEAD"**  
is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System, thus reducing the inflammation and restoring normal conditions.  
All druggists. Circulars free.  
F. J. Cheney & Co., Toledo, Ohio.

**CLEANLINESS IS OUR MOTTO**

TAYLOR BLOCK

WATFORD

When you require a roof, the measurement will be in squares (100 square feet). A basis for analysis of the costs of Brantford Asphalt Slates is given below:

- 1—INITIAL COSTS OF MATERIALS—Brantford Asphalt Slates are sometimes higher in initial cost for the material.
- 2—NAILS REQUIRED—Brantford Asphalt Slates require ONLY 684 nails to lay a square. Brantford Asphalt Slab Slates require ONLY 450 nails.
- 3—COST OF LAYING—Brantford Asphalt Slab Slates are four on one strip—require only one operation in handling, one operation in spacing—Individual slates are 8 x 12 3/4 inches—Cut easily, fit easily, fit on angles and bend over round surfaces. You save 30 to 50 per cent. in laying.
- 4—NO PAINT OR STAIN REQUIRED—The surface of Brantford Asphalt Slates is in nature's permanent colors, green and red, unfadeable, always attractive,—requiring no stain to produce artistic effects, no liquid coats to make them fire-resistant.
- 5—SAVING OF INSURANCE—Brantford Asphalt Slates are classed as non-combustible by fire insurance Companies—a direct saving of from 10 to 20 per cent. on premiums is effected. In certain localities fire regulations demand asbestos paper under some roof materials, but Brantford Asphalt Slates are fire-resistant and are immune from special regulations.
- 6—COST OF REPAIRS—From the day they are laid Brantford Asphalt Slates show almost 100 per cent. of the original roof untouched. Brantford Asphalt Slates do not curl, split, crack or rot. Complete protection and permanent protection are built into Brantford Asphalt Slate Roofs.

Compare these roof costs with those of any other roofing material; it is your money you are spending and you want value for it—then buy
