tory.

A PARISIAN GAMBLING HOUSE .- In a walk through the Rue Richelieu, my com-panion Sir Henry L. proposed to gratify me with a peep into a great gambling flouse-

The instructions brought out by Sir FRAN-cts Boxp HEAD, the Lieutenant Governor of the rendezvous of the nobility. I entered cts Bond HEAD, the Lieutenant Gdvernor of Upper Canada, were so ample and so liberal, that they left nothing to be desired by any loyal British subjects in that Province. The Assembly found no fault with them? but they seemed auxious to have the execution of in-structions placed in the hands of their palti-cal friends. The Lieutenani Governor pro-ceelled to indulge them in this desire. He at the gause. Around about, some were covceeded to indulge them in this desire. He at the game. Around about, some were co-called to the Executive Council, a majority of gentlemen who were acceptable to the Speaker and leaders of the Assembly, notify. Sign them, however, that they were only to be his advisers on such matters as he might sub-mit to them. All was quiet for a time, and a sub-rest of the them. mit to them. All was quiet for a time, and the Lieut. Governor was lauded by the As-that is the Marquis of Braganza, from Spain, sembly's Press.

CANADA.

OF UPPER CANADA.

The new Council, however, soon insisted and that is Prince Caramarica." on having all " the affairs of the Province" particularly at Lord Brougham, who had submitted for their solvice. They had taken just arrived. I could descern immediately submitted for their solvice. They had taken the usual oath, which binds to secrecy on the business of the Council, yet they wished to appeal to the Public on these affairs; so den the refusal of the Lieutenant Governor to al-low of such a course, the whole council re-signed. Since this time, the Lieutenant Governor has been abused by the dominant party in the Assembly, and even spoken of in that body in a way in which uo person of bonorable feeling would permit himself to speak of the Representative of his Sove-reign. : reign. Bir Francis Head has condescended to displeased at every being introduced to her.

reason with his late Councillors and the As- But there was one young and beautiful-so sembly; but men who are aiming at the pos-beautiful—so beautiful that I could not, with session of his power, are not very likely to all my efforts, keep my eyes from her; and session-of his power, are not very likely to be persuaded, without they obtain it. The Ausembly now threatens to stop the supplies, unless Sir Francis chooses Councillors to their liking. They have finacied that there is a parity between the Executive Council, appointed to advise a Governor, and the King's responsible servants in England. Sir Francis, however, is not the King, but his cence of a dove ! No one can hope, unless delegate in the Colony invested with such of by some interposition of heaven in his favor. the King's powers and prerogatives as are entrusted to him, -for the exercise of all of midst of this rapture, and just at the moment entrusted to him, — for the exercise of all of which, he is responsible to the King, to Par, liament, and to the Law. Being responsible, he must be free to follow his own judgment. It would be an act of baseness, cruelty and injustice, for any one to endeavour to con- eyes, and I saw a group of the ugliest wretch trout him, and make him bear the responsi- es I had ever behald before. - N, Yorker bility of acts not the result of his own judge-

ment. It would annihilate the power of the ment. It would annihilate the authority her assurance, and coel facility of misrepre-Crown in the Colony, destroy the authority her assurance, and cool facility of misrepre-of the Empire, and render its laws to be enforced in the Colony little better than nuga-torced in the Colony little better than nuga-torced in the Colony little better than nuga-entertaining writer. She is a keen and close . observer, and if one could but overcome certain suspicion of her prejudices, to call

It will be seen by the following information, thing is too high or too low for her researches; received by the schooner Equity, from Bra- the shrinking ealousy of her sex, with her,

Poetry.

SPBING. Spring time of year is coming-coming ;

Birds are blythe, are blythe and gay ; Insocts brighter, humming-humming ; O'er all the world its' may, love ! O'er all the world its may. The glerious Sun is brighter ; The balmy air is lighter ; And woman, when we meet her, At that sweet time is sweeter : Spring time of year is coming, coming Birds are blythe, are blythe and gay ; Insects brighter, humming, humming ; O'er all the world its' may, love ! O'er all the world its may. Spring makes the pulse with pleasure beat ; Spring makes the heart with raptures thrill ; And maidens haste their loves to meet, In hopes their hearts with joy to fill : Spring time of year is coming, coming ; Birds are blythe, are blythe and gay ; Insects brighter, humming, humming ; O'er all the world its' may, love ! O'er all the world its' may,

from the ever sweet muse of Mrs. SIGOURARY ; THE LADY-BUG AND THE ANT.

The Lady-Bug sat in the rose's heart, And smil'd with pride and scorn, As she saw a plain drest Ant go by. With a heavy grain of corn .-So, she drew the curtains of damask round, And adjusted her silken vest,

Making her class of a drop of dew That lay in the rose's breast.

Then she laugh d so loud, that the Antiooked u And seeing her haughty face,

Took no more potice but travell'd on At the same industrious pace ; But a sudden blast of Autumn came,

And rudely swept the ground, And down'the tose with the Lady-Bug bent, And scatter'd its leaves around,

Then the houseless Lady was much amaz'd For she new not where to go, And hoarse November's early blast

Had brought with it rain and snow Her wings wore offilled and her feet were co And she wished for the Ant's warm cell, And what she did, in the wintry storm,

I'm suro I cannot tell. But the careful Ant was in her nest, a

With her little ones by her side, Ehe taught them all, like herself to toil,

Oh, there are holy hours in the dull round

lips and sun-burnt brow, and moistening with CURIOUS CALCULATION .- A sovereign is lips and sun-burnt brow, and moistening with the winds, when none might listen the song? I have sung my sorrows to the gentle flowers by a thousand streams, wild yet loved and lovely—to the foliage-crowned hills of my own loved land, and as to the sorrowless song-sters of the woody dell. The hills echoed back the sound ; while the forest birds, in beck the sound ; while the forest birds in the sound sound is the source with the source source birds in the source source withe source source the source source source the source source the source source source the source source source the source source source source source the source sour harmony with my own wildwood song chant-ed a requiem to childhood's departed plea-towards half way round the globe. Again : sures ; and I have left that I was not quite since one thousand sovereigns weigh 16,5587 alone, and that though the world might shut pounds avoirdupois, or 23,051 weigh 2841bs; me out from its presence for ever yet I should the whole debt is 5,945 1.2 tons, which allowing two tons to a waggon load, would rebe happy with myself in solitude.
