THE *Timber Trades Journal*, of June 10th, says:—The timber trade must be admitted to be at the present time, as far as relates to London, very quiescent. If you meet a man, whom you are accustomed to find very busy at this time of year, with bills of lading, invoices, and foreign correspondence, the chances are that he will tell you that he is "buying nothing, and as for selling he doesn't know where to look for a customer." This, of course, is not to be taken literally, nor intended to be so, but it indicates the spirit of the trade just now, or rather its want of spirit; and if we look at what is doing on the coast, east, west, north, or south, no animation is discoverable anywhere. Prices at the public sales are everywhere a little easier, and, though there is not much retrogression, something is perceptible in that way, and goods that are not too plentiful, and ought to fetch remunerating prices, excite no competition, and go sometimes miserably low in comparison of what they ought to bring.

THE *Northwestern Lumberman* says it is announced that F. Weyerhauser, of Eau Claire, Wis., a gentleman already having connection with numerous logging and lumber companies, has secured the refusal, until August 1, of the Cornell University's pine lands in Wisconsin, aggregating 200,000 acres, which are more or less heavily timbered, and scattered in sections through the western and northwestern parts of the state. The statement receives some substantiation from the fact of the withdrawal from the market of the lands in question.

THE steam barge *Arazes* struck a rock at Prentis Bay and sank. Part of her cargo of lumber was taken off, after which she slid into deep water and is now about decks too. The tug *Kate Williams* left with a submarine diver and a 14-inch Worthington pump to raise the steam barge.

**HYDROLEINE**

(HYDRATED OIL.)  
 An artificially digested  
 Cod Liver Oil.  
 For Consumption,  
 Winter Cough, Affections of the Chest and all Wasting Diseases.  
 Prescribed by the leading physicians of England, the United States and the Dominion of Canada.

**A WONDERFUL FACT.**  
 HYDROLEINE mixes perfectly with water, showing a complete artificial digestion of the oil, and just as the HYDROLEINE mixes with the water, so does it mix with the liquid contents of the stomach, and enters immediately into the system to nourish and build it up. The efficacy of HYDROLEINE is NOT CONFINED to cases of Consumption, as from its valuable tonic effect on the nervous system in addition to its special stimulating action on the organs concerned in the production of Fat in the body, it causes marked increase in weight in persons of naturally thin habit, who do not present any evidence of disease.

Unlike ordinary preparations of Cod Liver Oil, it produces no unpleasant eructation or sense of nausea, and should be taken in such very much smaller doses, according to the directions, as will ensure its complete assimilation; this, at the same time, renders its use economical in the highest degree.

For sale by all Druggists.

ESTABLISHED 1874.

**THOS. GRAHAM**  
 Manufacturer of Every Description of  
**FILES and RASPS**

HAND CUT FILES made from the Best Refined English Cast Steel and Warranted Equal in every respect to the best English brands.

GRATEFUL—COMFORTING.  
**EPPS'S COCOA**  
 BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocos, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*  
 Made simply with boiling water or milk. Sold in packets and tins only (½ and 1 lb.) labelled
