Mrs. J. Langry, Mrs. Bernhardt, and Adeline Patti Revists Toronto.

These celebrated artists will arrive here in the coming season to give us pleasure during the dreary months. Some people, however, prefer a different kind of pleasure and that is to furnish a home of their own, and have music, cards and games to while away the hours. Jolliffe's is the place to furnish these homes, and 467 to 473 Queen Street West contains an enormous variety for you to choose from.

COOKIES WITHOUT SHORTENING.—One cup sugar, yolk of one egg, one half cup of sweet milk, two teaspoonfuls cream tartar, one of soda, one of salt; roll thin; sprinkle sugar over the top before baking.

NAPOLEON THE GREAT

(there was only one great Napoleon) wished the word impossible banished from the dictionary. In many a case, where leading physicians have pronounced a cure impossible, consumptive and victims of other fell diseases have been restored to health by using Dr. R. V. Pierce's "Golden Medical Discovery." Soothing and healing in its nature, its power over scrofulous and pulmonary diseases is simply marvellous. Far more nutritive than cod liver oil, a powerful invigorating tonic and harmless as it is powerful.

POTATO PUDDING.—One pound of potatoes (after they are boiled and strained), peel before boiling; one pound white sugar, three-fourths pound of butter, six eggs, yolks and whites beaten separately; the whites must be stiff enough to stand alone. Flavour with vanilla. Bake in a crust without a top. If it browns too rapidly in baking, cover with a greased paper.

Horsford's Acid Phosphate.
As a Tonic.

Dr. JOHN GARDNER, Athens, Ga., says: "In dyspepsia, accompanied with prostration from mental overwork, I think it is a fine tonic."

CONSUMPTION,

which is Scrofulous Disease of the Lungs, is promptly arrested and cured by this God-given remedy, if taken before the last stages of the disease are reached. From its wonderful power over this terribly fatal disease, when first offering this new celebrated remedy to the public, Dr. Pierce thought seriously of calling it his "Consumption Cure," but abandoned that name as too limited for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequalled, not only as a remedy for consumption of the lungs, but for all
