

for the town to call to prove their case but there will be at least in my opinion, as far as I can ascertain at the present time, six, all of whom reside in the said county of Lincoln."

This is met by an affidavit of plaintiffs' assistant secretary that plaintiffs will require at least three witnesses all resident in Toronto, one from Port Hope and perhaps one from Ottawa.

The defendants on the previous motion professed to desire a speedy trial. There are no sittings at St. Catharines before 10th March, whereas the case can be tried here next month if defendants so desire. This is a factor in deciding these motions. It may not be out of place to observe that the costs of these two applications will far exceed the whole costs of defendants' witnesses even if 7 in number coming to attend the trial at Toronto.

The present motion will be dismissed with costs to plaintiffs in any event. Most applications to change the venue are useless and should not be encouraged.
