

- afford the opportunity to the Host State Party to be present when samples are analysed;

- ensure, in accordance with procedures (to be developed), that samples transported, stored and processed are not tampered with;

- communicate freely with the International Authority.

(d) The State Party receiving the inspection shall, in accordance with agreed procedures:

- have the right to accompany the International Inspectors at all times during the inspection and observe all their verification activities at the destruction facility, including the facility's storage;

- have the right to retain duplicates of all samples taken and be present when samples are analysed;

- have the right to inspect any instrument used or installed by the International Inspectors and to have it tested in the presence of its personnel;

- provide assistance to the International Inspectors, upon their request, for the installation of seals or monitoring devices and the analysis of samples on-site;

- receive copies of the reports on inspections of its destruction facility(ies);

- receive copies, at its request, of the information and data gathered about its destruction facility(ies) by the International Authority.

(e) If Inspectors detect irregularities which may give rise to doubts they will report the irregularities to the representatives of the facility and the National Authority and request that the situation be resolved. Uncorrected irregularities will be reported to the Executive Council.

(f) After each inspection to the destruction facility, International Inspectors shall submit a report with their findings to the International Authority which will transmit a copy of this report to the State Party having received the inspection. Information (to be designated) received during the inspection shall be treated as confidential (procedures to be developed).

8. Chemical weapons destruction facilities' storages

Section VI of Annex IV shall apply to the facilities' storages.
