

PREFACE

Working papers are the result of research work in progress, often intended for later publication by the Institute or another organization, and are regarded by the Institute for Peace and Security to be of immediate value for distribution in limited numbers -- mostly to specialists in the field. Unlike all other Institute publications, Working Papers are published in the original language only.

The opinions expressed in this paper are those of the author and do not necessarily represent the views of the Institute or its Board of Directors.

Mehran Nakhjavani is an independent consultant on international economic affairs based in Ottawa.

This study was commissioned by the Canadian Institute for International Peace and Security in February 1991.
