“This work, which has been prepared under the sanction of the British government, comprises an account of this most important colony, brought down to the present time; including its natural history, geology, and agricultural resources; its moral history, government, and polity; its fisheries, trade, shipping, and revenue; its roads, public works, &c. “We refer our readers to this work as to a mine of valuable information relative to this colony, and as the most complete description of it hitherto published.”—*John Bull*.

FIVE YEARS IN INDIA

By Captain FANE.

2 vols. post 8vo, with numerous Illustrations, 25s. bound.

“This is, undoubtedly, the most entertaining work illustrative of India we have read of late years, and exactly the sort of book the general reader will be sure to appreciate. The author was aide-de-camp to the late commander-in-chief in India, and of his tour of inspection in the upper provinces Captain Fane has given most interesting details. We have also a most animated narrative of the proceedings of the British forces in the expedition to Cabul and Afghanistan. A voyage down the Indus follows, which is replete with interesting description and valuable information, and the work concludes with a clever and amusing narrative of the author's journey overland to England.”—*New Monthly*.

TRAVELS IN KASHMERE, LADAK, ISKARDO,

The countries adjoining the Mountain Course of the Indus, and the Himalaya, north of the Punjab. With Observations on the late events in Afghanistan.

By G. T. VIGNE, Esq., F.G.S.

2 vols. 8vo, with a valuable Map, engraved under the sanction of the Honourable East India Company, and Twenty-two Illustrations.

“These volumes place their author in the foremost rank amongst the adventurous travellers who have explored the jealous regions contiguous to the British Indian Empire, in the condition of which we have reason to feel so deep an interest.”—*Herald*.

“A work which, independent of its intrinsic merit, must be of the highest interest at a time when we are involved in relations with many of the countries which the travels embrace. Mr. Vigne visited the Punjab, Cabool, Cashmere, and penetrated beyond the snowy range as far as Iskardo, the first European that ever did, we believe, and of this extensive and now interesting tract of Alpine India, his travels give a full account.”—*Agra Ukbar* (Indian paper).
