

NEWS OF SPECIAL INTEREST TO WOMEN

WOMEN'S HOSPITAL SOON TO BE OPENED

Only One of Its Kind in Canada and Well Appointed.

DOING A USEFUL WORK

Since Small Start of Some Years Ago, Sphere Has Enlarged.

Much interest centres about the opening of the women's hospital, which will take place on Saturday afternoon. The building is situated at 136 Rusholme road, in a most delightful locality, and at a distance from any other institution of the same nature. For this reason alone it should be a boon to the women of the vicinity. Its usefulness, however, will not be confined to the neighborhood in which it is situated, for being the only women's hospital in Canada, it is likely to find patients and patrons in many parts of the Dominion.

The present site is new, the inception of the work goes back some years, when, in 1896, a woman student, Miss Anna McFee of New York, became impressed with the idea that women in sickness ought to have the opportunity for consultation with, and treatment of, women doctors.

A beginning dispensary was opened at the corner of St. David and Baskerville streets, and the premises developed and changed, until the present site and building on Rusholme road became an accomplished fact. That the usefulness of the women's hospital is recognized is attested by the fact that from Oct. 31, 1913, to the same date of the following year, there were 3672 consultations, and from the beginning of the hospital until date of last report, 6597 consultations have been given.

There will be 21 beds in the hospital, and accommodation for private, semi-private and public wards. Cards have been issued for the formal opening, which takes place at 4 o'clock. The building will be open to the public an hour earlier.

FEELING OF SPITE.

Philo Lamb of Lamb's Hotel, Yonge street, expressed the opinion that there was a feeling of spite against him at the police court. This was the only reason he could give, for the waiter who served liquor to the party on June 16 was fined \$50, while the male to him by his employees was only one bottle of wine was supplied, and that the youngest girl was only served with tea. His wife, daughter and sons assist him in conducting the hotel, and a rigid compliance with the license act is required of the employees, or they are discharged.

Charles Ziegler, proprietor of the hotel at the corner of King street and Spadina avenue, said that he cashed a cheque for \$25 for one of the men who accompanied the girls. He would

Startling Statements Given by Witnesses at the Investigation.

USE STRICT METHODS

Commissioners Will Sift Evidence, Decision Not Given.

Startling statements respecting the quantity of champagne and other liquors served to them on June 16 and 17 were told to the Ontario License Board at a private hearing yesterday morning by the two girls who figured in the recent police court cases. Thirty to sixty drinks at individual hotels were, they said, served to them and the two men who took them to the hotels. The details of their statements will be sifted, but the commissioners were convinced that their appearance clearly indicated that they were in their teens, and, under the minor clause, could not be legally served with liquor. They are the daughters of a well-known Toronto family, and are under 19 years of age.

The public investigation opened at two o'clock in the large board room in the west wing of the parliament buildings. About fifty hotel-keepers, bartenders, waiters and others were present.

Read the Clause.

Chairman Flavell read the clause in the act against the sale of liquor to minors and the clause placing the responsibility for infractions of the law personally upon the proprietors. He declared that any infringement of the law would be summarily dealt with by the board.

Eudo Saunders, solicitor to the board, said that as Bruce P. Woltz, of the Mimico House, had been taken the evidence of Mrs. Woltz, a two men visited the Mimico House at 8:30 on Wednesday, June 16. One girl said she was frightened of the man and that the other girl with whom she would have taken the girl to the car and sent her home, but she went from the kitchen back into the dining-room to the man and the other girl. The men wanted to buy a bottle of wine, but the waitress said "No hard stuff," and only supplied ginger ale.

Thomas F. Ryan declared that he had been in the hotel business for 14 months. He had given his bartenders strict orders to serve no liquors to minors, and he implemented yesterday morning by giving orders that no liquor is to be served to women under 18 years of age, in this hotel. He stated that he had no personal knowledge of the visit of the girls, but that his companions to his hotel, Church street, had told him that they had discharged another who was now employed as a book-keeper.

Chairman Dingman told the witnesses that if the girls were under age, they did not know the girls were under age.

Gave an Explanation. P. J. Downey of Lambton Mills gave an explanation of the serving of liquor to the men and girls which appeared to astonish Mr. Saunders. The witness said that one of the men said the other his sister-in-law, and you swallowed that? exclaimed the solicitor.

John Newton of Humber Bay expressed surprise at the charge that the party was at his place. He does not drink liquor, and said that he was so strict in running his hotel, he was so stuck on running his hotel, he had only been away from the hotel six times since last August. His son, a bartender, conducted the bar. The bartender, who was there last month had removed from the city two weeks ago.

Feeling of Spite. Philo Lamb of Lamb's Hotel, Yonge street, expressed the opinion that there was a feeling of spite against him at the police court. This was the only reason he could give, for the waiter who served liquor to the party on June 16 was fined \$50, while the male to him by his employees was only one bottle of wine was supplied, and that the youngest girl was only served with tea. His wife, daughter and sons assist him in conducting the hotel, and a rigid compliance with the license act is required of the employees, or they are discharged.

Charles Ziegler, proprietor of the hotel at the corner of King street and Spadina avenue, said that he cashed a cheque for \$25 for one of the men who accompanied the girls. He would

let them remain at the hotel and they were only there about 20 minutes in the afternoon. They were there again for a short time later in the evening, but there was no improper conduct. He saw them at another hotel that night, and one of the girls wanted to put her arms about his neck. The girls were not under the influence of liquor.

Chairman Dingman said he did not believe a girl would act in such a manner unless she had been drinking.

Strict Methods. William Krausman and J. J. McCarthy gave accounts of the strict methods in which the hotel was conducted, which appeared to favorably impress the board.

J. Haverson, K.C., representing the Hotelkeepers' Association, asked a few questions during the proceedings to clear up various points.

Chairman Flavell stated after the evidence had been taken that no further action was likely until the evidence had been analyzed, as it was quite contrary to portions of the information the board had previously received.

Denial to Rumors That Firms Ask Employees to Enlist.

MEN ANXIOUS ANYWAY

Difficulty is to Take Care of Applicants Whose Number Increases.

Current rumors heard on the streets of Toronto yesterday were to the effect that some public utility corporation were asking the single men in their employ to enlist or submit a certificate of unfitness from a regimental doctor.

J. J. Armstrong, secretary-treasurer of the Consumers Gas Co. Limited, stated to a reporter of The World yesterday that this rumor was unfounded in fact. He said: "We have put nothing in the way of men who care to enlist, but do everything we can to co-operate with the recruiting movement."

The married men who have enlisted to large the same care taken of their families as the Patriotic League would give them. Men have been enlisting every day without any appeal from the company whatever. The married men will receive about \$25 a month, paid in two semi-monthly instalments.

W. J. Northgrave, manager of the City Dairy Co., said: "It is absolute vowing among the employees did not warrant it. Many men had joined the colors already. Some English reservists, who were called last September, were still receiving pay from the company."

Married men received their full pay and the single men half of it, as a result of a decision of the directors. "Men are leaving faster than they can be taken care of," was the manager's emphatic statement.

BOTHWELL, Ont., July 15.—Having first tried the effect of poisoned candy on his dog, George Winters, a widower with a numerous family, gave his three youngest children some of the poisoned candy, which had been doctored with strychnine, and, seeing it taking effect, he went to the woods and took a dose of the same poison. He had told the elder children when the younger began to suffer from the effects of eating the candy that he was going for a doctor. Fortunately, when the father did not return soon some of the elder children gave the alarm. Two physicians were summoned, and after working on the three smaller children for several hours they pronounced them as probably out of danger. The children were in extreme pain for a time.

Townpeople searched for Winters for several hours in the woods, and found him still alive, but showing evidence of extreme physical pain. The ground was torn up by his struggles all around where he lay. He later recovered and was removed to Chatham jail.
