**"TEMPORARILY INSANE."**

Facts Adduced at the Inquest on the Body of Isabel Johnson.

She Never Told the Cause—Unconcern With Which She Took Her Life.

NANAIMO, Dec. 9.—(Special)—All that will probably ever be known of the reasons which caused the unfortunate Isabel Johnson to commit suicide was disclosed this afternoon at the inquest.

Questioned by the girl's father, Wilkinson said that a week ago last Sunday he and Isabel had quarrelled, but that a few days later they had made up again.

The jury returned a verdict: "We find that the deceased Isabel Johnson came to her death by her own hand by taking poison, Rough on Rats, during a moment of temporary insanity."

The peculiarity of the sad affair was the remarkable composure of the young girl, who, though not quite seventeen years old, after she had once decided to take her own life, and even after she had swallowed the fatal draught until she became sick, allowed no word of what she had done or her reason for so doing, to escape her lips, though at about 4 o'clock in the morning, shortly before she expired, she called to her sister as if to tell her something; but was unable to more than gasp out her name and then fell back in her bed exhausted.

Dr. Frazer's post mortem examination proved that her death was due to the effects of an irritant poison, apparently arsenic acid, the principal ingredient in Rough on Rats.

Dr. Frazer returned a verdict: "We find that the deceased Isabel Johnson came to her death by her own hand by taking poison, Rough on Rats, during a moment of temporary insanity."

**STARTLING EXPERIENCE.**

PARIS, Dec. 9.—While the Chamber of Deputies was in session this afternoon a stranger in the gallery threw a dynamite bomb on the floor.

Deputy Lemire threw in every direction. Deputy Lemire and six others were killed and seriously injured. M. Lemire is said to be dying.

He was professor of rhetoric at St. Francois d'Assisi college at Hazebrouk. He was once highly complimented by Cardinal Manning on his social influence.

**THE CRONIN CASE.**

CHICAGO, Dec. 8.—Judge Tuthill, in the Cronin case, has intimated that he would admit the testimony of Mrs. Foy, wife of Andrew Foy, who, she alleges, was one of the conspirators who assassinated Dr. Cronin, and who, she claims, revealed the facts to her afterwards in moments of despondency.

 (From Our Own Correspondent.)  
 OTTAWA, Dec. 9.—The revenue for the five months was \$15,600,527; expenditures, \$11,636,820.  
 Sir James Grant, the new member for Ottawa, at a dinner, vigorously attacked the Protestant Protective Association. He said it was an exotic which he hoped would not obtain substantial root in Canadian soil.  
 A Children's Aid society was organized here to-day. The Governor-General was present and delivered an able speech in support of it.  
 Good progress is being made in the Council with the Estimates. They will be brought down early in the session.  
 The Government has decided to sell a portion of the Thousand Islands in the St. Lawrence, opposite Leeds county.

 It is currently reported that Sir Leonard Tilley will be re-appointed Lieutenant-Governor of New Brunswick, although the claims of Judge Palmer and Hon. Peter Mitchell are strongly advocated.

**ANARCHIST DEVELOPMENTS.**

MADRID, Dec. 9.—The police to-day raided the houses suspected of being occupied by the Anarchist Nestas, in Rio Peco, and secured a number of documents. It is believed the movements of members of the Anarchist gang throughout Spain have been discovered.

The finding of the documents discloses the suspicions of the police that the widespread distribution of the Anarchist propaganda means dynamite and other outrages. The most important matter growing out of the Rio Peco raid was the discovery of Thomas Allen, the alleged author of the recent dynamite outrage at Villaverde y la Guetiera.

Allen told all he knew of the outrage. A number of his associates were arrested. Three of them had in their possession papers implicating others in the outrage.

SAN FRANCISCO, Dec. 9.—The United Press correspondent at Honolulu, writing under date November 22, per the brig W. G. Irwin, which arrived last afternoon, says: No positive knowledge has yet transpired as to Minister Willis' instructions or intended action. The general belief is that he came expecting to restore the ex-Queen to the throne, either directly or by the intervention of a popular vote.

It is also believed that serious obstacles in the way of such a course have caused delay and reference to Washington. The mystery and apprehension have produced a great disturbance and irritation of the public mind.

**INDIAN FINANCES.**

G. E. Russell, Parliamentary Secretary of the Indian Office, made a rather curious statement in the House of Commons last evening as to the condition of Indian finances and the need of an Indian loan.

He virtually attributed the necessity of a loan to the reduction of the unspent balances to \$1,852,000 and the obligations to spend \$8,000,000 by next April. The sum of the situation is in fact as follows: Since the closing of India's mint to the first coinage of silver the India Council has recovered from the treasury some part on six months bills and partly by the sale of debentures.

The Council must provide \$22,000,000, including the repayment of the United States. It is well-known that the Indian treasury is in a state which causes grave apprehensions. The Council's present loan of ten million must be supplemented by another within a year if anything like order is to be restored in Indian finance.

Parliamentary and Home Rule Funds. A certified statement issued by the Anti-Parliamentaries is published to-day in regard to the Parliamentary and Home Rule funds. The statement covers the periods from August 15 to October 31, 1893, for the Parliamentary Home Rule funds, and from October 1892 to October 31, 1893 for the evicted tenants fund.

The sum of \$25,021 was subscribed to the former funds and \$17,356 to the evicted tenants funds. The latter was increased by grants amounting to \$8,500 voted by the Irish Parliamentary party. The amount subscribed in Ireland was over \$20,000, the total British £3,000, in the United States nearly £9,000, and in Canada £2,000.

**CABLE NEWS.**

LONDON, Dec. 8.—By a dispatch from Melbourne it is learned that the proposed conference between Canadian and Australian delegates, which Hon. Mr. Bowell had arranged to take place at Ottawa in June next, for the purpose of discussing trade relations, has fallen through. Hon. Mr. Read, minister of defense for Victoria, will, however, visit Canada during the winter, with the object of arranging for reciprocity between the colonies.

LONDON, Dec. 8.—The Canadian cattle trade has closed for the season. The total shipments have been 82,047 head, a diminution of 14,249 from last year's figures. The decrease is attributed to the embargo enforced by the British Board of Agriculture against Canadian cattle.

**MINISTERS IN THE EAST.**

ANTIGONISH, Dec. 9.—(Special)—Sir John Thompson and Sir Charles H. Tupper held a meeting here on Thursday evening. Sir C. H. Tupper devoted the first part of his address to Behring sea matters, claiming that Canada had won a glorious victory over the United States. He congratulated the Government, and closed by pointing to the glowing picture of prosperity and contentment of the country, and by announcing that the party would stand or fall by the principles of the National Policy.

Sir John Thompson spoke largely on the same lines as in his Prairie speech. He referred briefly to the Winnipeg election.

**PHOTOGRAPHIC SURVEYS.**

(Nelson Tribune.) If the Davis Government makes no worse experiment than that of making photographic surveys of the mountainous regions of the Province it will never be ousted from power. This summer W. S. Drewry was sent to this section to make surveys, and although inclement weather interfered greatly with the work, his party of four made complete photographic surveys of an area of 500 square miles and partial surveys of nearly 800 square miles more. Maps will probably not be issued until an entire district has been surveyed.
