

2 Ovens Heated by One Set of Burners

Why You Should Buy the Double-Oven Gas Range

The Famous Vulcan Double-Oven Gas Ranges

We think so. Don't get the idea that we want you to purchase a stove that will make you use gas.

THE CONSUMERS' GAS COMPANY, 12-14 Adelaide Street W. Telephone Main 1933

WILL SUE FOR \$15,000

Aviation Meet Management Seek to Recover Estimated Profits.

The management of the aviation meet have given their solicitor Mr. F. Erickson Brown, Toronto, instructions to enter an action for \$15,000 damages against the McCurdy-Willard Aeroplane Company for breach of contract following their departure.

It is stated that they shipped three complete machines and one broken one on the train leaving for New York yesterday morning at 8.30.

The manager of the meet states that there was no discussion nor had he heard of any dissatisfaction on the part of the exhibitors before it was a great surprise to him to learn from an outside source on Sunday evening that they had packed up and were ready to leave.

It is claimed that the McCurdy-Willard Co. came far from carrying out the contract they entered into, and this will be a basis for action as well as the alleged breach in breaking off the engagement, which had been extensively advertised to continue for four more days, including Civic Holiday.

Damages will be claimed for estimated profits. As the weather on Civic Holiday was ideal for flying it is claimed very large crowds would have attended the meet. For example, an excursion of 300 men from one Toronto factory had been arranged and there were several excursions from out of town.

ROW AT OLCOTT BEACH

Passengers Make Things Lively for Captain of Steamer.

ROCHESTER, N.Y., Aug. 8.—A special from Lockport, N.Y., says: A riot broke out among 700 Canadian excursionists on the docks at Olcott Beach last night when they learned that it was impossible for the steamer Olcott to convey them back to Toronto in one trip and as a result men, women and children participated in a serious row, in which scores were bruised.

The captain tried to explain matters, but the crowd would not listen, and started to pull pickets off ferries and threatened to batter one another.

Finally the boat captain ordered his crew to turn the hose on the crowd. The turning on of the water was the signal for the hurling of rocks and other missiles at the boat. This was kept up until a dozen women fainted and had to be given medical attention.

The steamer finally got under way with her first load, and returned at one o'clock this morning for those who were left behind.

Freight Congestion Relieved. J. L. Engelhart, chairman of the T. & N.O.Ry. Commission states that the freight congestion in the north is now very much relieved and in course of a very short time will be back to normal.

There are large warehouses being erected and the stations are being built as fast as possible.

Dufferin Bridge Nearly Ready. The temporary bridge over Dufferin-st., leading to the Exhibition Grounds, will be ready by the 15th and will be the widest entrance to the fair grounds.

The permanent bridge is at a stand still pending the decision for widening Dufferin-st.

IF YOU LACK STRENGTH ELECTRICITY WILL RESTORE IT

I have a remedy that cures while you sleep. No poisonous drugs to swallow. No weak stomach or digestive troubles due to drugging. This remedy is Nature's medicine—Electricity.

The only way to cure anything is to help Nature. Nature will cure what she has the power. That power is electricity. Feed it to your nerves, and they will absorb and carry it to every organ and tissue of the body, where it gives health and vim to every ailing part.

My Belt is applied while you sleep. It sends a constant stream of electric life into the nerves and vital organs. Electricity is a great asset. It has cured people all over the Dominion when drugs had failed to benefit.

DR. M. O. McLAUGHLIN, 237 YONGE ST., TORONTO.

GRAHAM AND WEBSTER TO "LOCK HORNS" AGAIN

Minister of Railways Chosen by Liberals and Webster by Conservatives at Brockville.

BROCKVILLE, Ont., Aug. 8.—(Special.) Brockville was in the throes of political excitement to-day, with two conventions on at the same hour in different portions of the town.

To-day Mr. Webster was made the unanimous choice, and on his behalf Andrew Broder, Mr. A. E. Donovan, M.L.A., and H. A. Stewart, K.C., delivered spirited addresses.

Hon. Rodolphe Lemieux failed to put in an appearance at the Graham meeting, as advertised. It was said he had important business at home in his own riding, where things are not running too smooth.

The minister of railways was accompanied by Hon. Chas. Murphy, who gave Mr. Graham a certificate of good political character.

STREET TRAFFIC BYLAW

Police Commissioners Authorize Changes in Existing Regulations.

A new traffic bylaw was authorized by the police commissioners at their meeting yesterday afternoon. Fifteen thousand copies are being printed to be circulated among teamsters and drivers.

The new bylaw confirms the powers of the police to regulate all traffic on the street. One of the changes is to face the way the traffic is going with their right side against the curb.

Another change is to prohibit vehicles carrying coal, bricks and other heavy material from going on certain portions of Yonge, King, and Queen-sts.

WATER ALMOST UNBEARABLE

However, M. H. O. Says the Bad Taste is the Only Defect.

The unpleasant taste of the water in the city and its tendency have made a number of citizens anxious as to its purity.

Dr. Hastings, M.H.O., informed the world last night that the water is in excellent condition so far as safety to health is concerned.

FOSTER-LAPHAM.

A quiet wedding was solemnized on Monday evening at All Saints Church, the Rev. Charles K. Masters officiating, when Frances Irene, youngest daughter of John B. Lapham of Buffalo, N. Y., and Frederick C. Foster, eldest son of the Hon. C. A. Foster of Boston, Mass., were united in marriage.

A Week-End Outing

may be had at moderate cost by taking advantage of the reduced rate offered by the Grand Trunk Railway System for Saturday to Monday trips.

Firehall for High Park

It is quite probable that the new High Park firehall will be erected at the corner of Roncesvalles and Wright-avenues, owned by Cornelius Ryan.

Want Filtration Engineer.

One of the resident filtration plant engineers, William Scobie, has been offered a position in Montreal, and a filtration plant is about to be installed. If he accepts the position, he will have complete charge of the plant.

POPE PIUS' CONDITION VERY LITTLE IMPROVED

Minister of Railways Chosen by Liberals and Webster by Conservatives at Brockville.

ROME, Aug. 8.—Pope Pius is suffering from a severe and painful attack of the gout, and upon the orders of his physicians is keeping closely to his chamber.

Dr. Petacci, private physician to his holiness, and Dr. Marchisava, consulting physician at the Vatican, who in attendance, say that there should be no change to cooler weather, they hope for the speedy recovery of the distinguished patient.

The doctor declared to-night that the case would not be considered of the slightest importance were the Pope not an elderly man—he is 77 years old—or if his constitution recently had not been weakened by an attack of laryngitis, which also affected the trachea, and the excessive heat. The attack bears all the classical characteristics of gout.

To-day when Dr. Petacci and Marchisava visited his holiness they found his condition somewhat better and the patient taking nourishment; but with the approach of night the paroxysms of pain became acute.

The inflammation of the affected part is so intense that Pope Pius desires to have the leg moved or jarred. Even the weight of the bedclothes on it or the slightest shaking of the bed causes him much pain.

AN APPRECIATION.

Editor World: Again we are indebted to the ability and determination of Mr. W. F. Macleod for his perfectly splendid and convincing address on "Public Ownership," recently delivered in the house of commons, and appearing in your issue of the 24th inst.

For many years Mr. Macleod has devoted his energetic talents to the exposition and recommendation of that invaluable principle, and few, indeed, if any, have exercised a more healthful and potent influence on the public mind than has the courageous member for South York in the parliaments of our country.

The great pity of it is that we have so few public men of the same calibre—truly sincere representatives, who would be always working to provide the betterment and services for all the people and looking beyond the years with the unchangeable conviction that the great principles advocated must eventually materialize into beneficial improvements for the public good.

We are all proud of the magnificent service the government of Sir James P. Whitney has rendered our province thru the hydro-electric commission, under the able management of Mr. Beck, and I believe that efforts in that direction are not by any means exhausted. The time is near at hand when betterment will follow betterment in quick succession, and ten years from now we shall be delightfully astonished at the transformation which will have taken place along the pathway of public ownership.

Indeed, the day is not far distant when the people will not only own and operate all public utilities, but they will also own, improve and judiciously control the two most important utilities in our country, namely, the senate and the house of commons.

The former will be made directly responsible and not appointed by purchase or otherwise. The latter will be compelled to get out of the hands of the party in power and pass any new scheme of magnitude or burden the commonwealth with enormous and wasteful taxation, as in the case of the Ontario Electric Co. and now is, the government owns the senate, both of them combined own the people, and the people pay the price.

A dangerous pact, subversive of our nation, without the consent of the people. A. D. M. Deseronto, Ont.

To Cure Dyspepsia and Indigestion do a glassful of the genuine St. Leon Water—"Mirack"—after each meal and before retiring. This wonderful spring water invigorates and revitalizes the stomach so that no other water seems to do. It contains rare mineral matter, which is found in no other water, and which is marvellously effective in its action upon the digestive system.

It is obtainable from the St. Leon Water Co., Progressive Dealers recommend "Mirack," and it may be obtained either from them, or direct from St. Leon Waters, Limited, Toronto.

CITY REACHES 400,000 MARK.

Toronto is now the ninth city on the American continent for size and the second largest in the Dominion of Canada. The population is now in the neighborhood of 400,000, according to the late census. These are the figures given out at Ottawa.

Object to Assessment. Reid & Co., Replandia, complained in the court of revision yesterday before Chairman Drayton, that they were assessed at \$26 per foot more than last year. Mr. Lyon of the assessment department showed that the assessment was still only 50 per cent. of the value of the property. The court will look over the property, 184 Campbell-avenue, claimed that he had been rated as earning 50 cents per day more than his salary amounted to. His income tax was withdrawn.

FILES

Dr. Chase's Ointment is certain and guaranteed relief for every form of itching, burning, and protruding piles. See testimonials in the press and ask for a position in Montreal. Use it and get your money back if not satisfied. See at all dealers or Ensigns, Toronto.

EATON'S DAILY STORE NEWS

As in May, June and July Store Closes at 1 p.m. Saturday During August, With No Neon Delivery Saturday.

THE T. EATON CO LIMITED

TO AUCTION A RAILWAY

its Sale Ordered to Satisfy Several Mortgages.

MARION, Ohio, Aug. 8.—Judge Daniel Pabst to-day entered a decree in the court of common pleas that the order be given the sheriff of Marion county commanding him to have appraised and sold at public auction, the Columbus, Delaware & Marion R. R. Co. to satisfy a mortgage of \$1,000,000 Co.

GRUSADE AGAINST THREE EVILS

Chatham is After the Fly and Kindred Nuisances.

CHATHAM, Ont., Aug. 8.—(Special.)—The city council has decided to conduct a war against three evils in Chatham: the house fly, the improper keeping of chickens and the improper disposal of natural gas fumes.

Bylaws are now being prepared which will require all fly-breeding refuse to be covered with wire screens, regulate the keeping of chickens within the corporation so that they will not be a nuisance to neighbors, and also to require all smoke stacks from factories and other places where natural gas is used in large quantities to be of sufficient height that the burning fumes and the unused gas will not be inhaled by pedestrians and residents in the neighborhood of such factory.

If you allow flies to flock into your place of business your trade will fly from you. A hint to restaurant keepers and food vendors is THE WONDER FLY KILLER. 136

May Close Morris-Avenue.

After hearing the report of City Engineer Rust and Assessment Commissioner Forman yesterday morning, the controllers said they required more information regarding Morris-avenue before they would agree to closing it at the Rosedale athletic grounds.

Big Drug Building.

The United Drug Co. of Boston are considering erecting a \$100,000 building in this city, so Ald. Maguire and Controller Ward stated yesterday on their return from Boston, where they had an interview with President Leggett of the United Drug Co.

Mayor Not Going to New York.

Mayor Geary has declined not to go to New York on the anniversary of M-100's capture, stated yesterday on their return from an assessment, and when a loving cup is to be presented to him. A letter has been sent to the Gotham executive instead.

Information for Visitors. It has been decided to open a civic information bureau from Aug. 21 until the close of the exhibition, at the Consolidated Rubber Co.'s premises, corner of Yonge and Front-streets.

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free: If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also inclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person. This is an opportunity for every good housekeeper to be possessed of the very best Cook Book on the market. It is of convenient size, substantially bound, and is designed for utility.

Caution—Not more than one coupon bearing the same date will be accepted.

May Change Express Stand. A deprivation of expressmen waited on the controllers yesterday and asked permission to have a permanent express stand on George-street, near Duchesse-street. They are now situated on Richmond-street and if the city engineer thinks that the proposed stand will not be too near De La Salle Institute, an order will be issued granting the request.

Charged With Assault. KINGSTON, Aug. 8.—(Special.)—On a charge of assault, Herbert Henderson, arrested by Constable Bateson, will be tried at Nanapan. Last night he attacked a man named Clark of Collins Bay. The latter is in a serious condition. Henderson came to Kingston after the assault and when he saw the constable on the street, he gave himself up.

Ad Men's Convention. Yesterday Controller Ward and Ald. Maguire returned from Boston, where the ad men have been holding a convention, and reported that with very little persuasion the ad men would hold their next convention in Toronto. That is in 1912. The greatest trouble, they said, would be to provide accommodation for them.
