

FLU DELAYS OPENER IN JUNIOR GROUP

U.T.S. and St. Michaels Post-
pone Game—Inter-Faculty
Series Tomorrow.

Old Mr. Spanish "flu" is again. The local Junior O.R.F.U. group was billed to get under way today, but the "flu" put a stopper on the proceedings. Both University Schools and St. Michaels report many cases of the disease, and a postponement was agreed upon. The game will be played later in the season.

The senior O.R.F.U. season is scheduled to hold the opening on Saturday. Both the Dentals and the Beavers have a few cases of sickness, but if no more develop before Saturday the proceedings will be carried out as scheduled.

The inter-faculty Rugby season opens tomorrow. Officers' Training Corps and St. Michaels will stage the first game. Both groups will be in full swing next week. The St. Michaels team in this series is an entirely different outfit from the Junior O.R.F.U. team.

President Baird, president of the High School Rugby League, announced that the school games scheduled for Friday will be played. Every club has been hit by the "flu" epidemic, but fresh air will not do the boys any harm. The cancellation of the games would not help out any. It would also throw the league back a week in their schedule and delay the finals.

Central Y team will practise at Victoria College at 5.30 this evening. All players are requested to be out in uniform.

Hermis Duke, the former Argo flying wing, turned out at the Beavers senior O. R. F. U. team's practice last evening. An excellent workout was the order. Practices will be held every evening this week at Scarborough Beach in preparation for Saturday's game. Tomorrow night the senior city team will line up against the O. R. F. U. team.

LEAFS STILL AT IT WIN MORE HONORS

Three Leafs had a lot to do with the Phoenix Club winning the semi-pro championship of Buffalo on Sunday. The Phoenix Club defeated the Colored Stars, 10 to 4, in the deciding game. The battery of the winners was no other than the Leafs' regulars, Buggs, Herche and Handome. The Leafs' regulars, Buggs, Herche and Handome, were the only ones to play in the game. The Leafs' regulars, Buggs, Herche and Handome, were the only ones to play in the game.

Here is what a Buffalo exchange says about Moken: "Johnnie Moken! He is the great hero of the western New York miniature world's series. One of the classiest outfielders and natural hitters ever sent by Buffalo into the league. His trusty bat rang true to form yesterday when, on the first two times he stepped up to the plate, he knocked out home runs over the left-field fence, the last one, only ten feet from the scoreboard, being the longest hit ever registered at Doli's historic grounds."

Moken and Herche grabbed three hits each, while Fisher failed to connect. Herche struck out seven.

Dr. Jordan Won Toronto Gun Club Holiday Shoot

The Toronto Gun Club and Game Protective Association held their first open shoot of the season at Leaside Park on Thanksgiving Day, with a good attendance of members and visiting gun men. A puffing northeast wind made the flights very uncertain. The five events were all well filled and close competition marked all events. Dr. Jordan won the special prize for high gun, and J. Joselin took home the barrel of apples for the shooter with high score for shooters over fifty years of age.
