### MONEY RECORD IN LACROSSE \$4200 AT TECUMSEH-SHAMROCK

Aftermath of Saturday's Lacrosse Games--Indians Had Hard Time Tecumseh in Montreal---At Rosedale and Cornwall Toronto.

Four thousand two hundred dollars gate receipts was the record for the Shamrock-Tecumseh game at Montreal Saturday. That will help some. This is probably the world's record for lacrosse.

Many large bets are reported to have been made at even money. A lot of To-ronto change will remain in Montreal—

ceived injuries in practice which would keep him out of the game looked like a raw bluff, and so it proved to be. How-ard was all right, all right. The Indians feel quite sore over the defeat. They claim the officials, Referee Finlayson and Judge of Play Carlin, did

not give them an even break by any

Early in the game Paddy Brennan, from one side, and Hogan, from the other, ran into the goal crease when the ball was not there, and sandwiched Bun Clark, and neither one was penalized for the offence. In fact, Clark was inter-fered with all thru the game, and no no-tice taken by the officials.

Play had been in progress but a short time when Rochford drove the butt end of his stick into Murton's groin, putting the clever fielder to the ground writhing in agony for five minutes. This occurred at Carlind's end, but no penalty was hand-

Despite the bad weather the game was a very clean one, and very few players were penalized. Charles Degan got a five-infinite penalty in the first quarter for a mild offence. C.A.A.U. Contests on Track and Field Attract Enormous Assembly - Dead Heat in Mile Run---Skeene's Walkover.

The attendance at the island on Saturday broke all records for athletic meets in Canada. The paid spectators numbered 8900, and the free list and competitors would bring the actual crowd close to the 10,000 mark. These were handled with perfection on the oval at the point. The Irish-Canadian Club and its energetic president, Thomas Flanagan, and the C. A.A.U. are to be congratulated on the success of the meeting. One world's re-cord and two new Canadian marks were made, viz.: World's record, 16-lb, hammer, 165 feet 1½ inches, John Flanagan, New York. Don Linden attributed his defeat to roller skating. He said certain muscles were developed around his higs that caused him to go a shorter stride. He was borne out in this by Dr. Nicholson of New York, the judge in the walking competition. Nicholson stated that Linden's stride at Athens was fully eight inches longer.
