27TH YEAR PROBS: SENATE READING ROOM SENATE P.O.

FOURTEEN PAGES—TUESDAY MORNING, AUGUST 27, 1907—FOURTEEN PAGES.

JAPANESE TO RESTRICT EMIGRATION TO CANADA

Steamers Must Receive Official Permission Before Leaving the Orient as Protection to the Authorized Emigrants.

NO MORE FROM HAWAII PROMOTERS LOST MONEY

TOKYO, Aug. 26.—The Clausen protection law making ships carrying immigrants subject to official permission, which hitherto has been limited to vessels destined for Hawaii or South America, will be made to operate in regard to similar ships destined for Canada and after Sept. 1. This will have no effect in reducing the volume of immigrants, who already are under certain restrictions, but is aimed principally toward assuring the safety of the interests of officially recognized immigrants.

VANCOUVER, B.C., Aug. 26.—(Special.)—The situation in reference to the arrivals of Asiatics reached an acute stage last night, when men cried at the meeting of the Oriental Exclusion League. "Let us go to the boat which brings in Orientals with guns in our hands and prevent them landing."
This cry was taken up vigorously, though no official action was taken.
Further, it was urged that a strict boycott should be established against all lumber sawed by orientals, all mines worked, and all fish handled. All the canneries are worked by these people.
The situation daily is growing more critical in all British Columbia.

Senator C. F. Chillingworth, the Honolulu lawyer, who has engineered the Jap invasion, is here to-day, and says there will be no further organized effort to bring Japs to Hawaii to Canada. Even the Kumeric venture which landed over 1200 people here was a losing proposition for the boardinghouse-keepers who organized the movement, he says, will be heavy losers. The charter costs \$40,000, but Chillingworth declares that the baggage compared to the expenses incurred and losses sustained.
He was long detained at Honolulu, where he was engaged to charter a ship for the charterers, and the runners who collected the emigrants were paid a bounty of \$50 per head.
This was not all. Many of the Japs, not possessing the requisite \$25 to enable them to enter Canada, were advanced various amounts by the promoters of the enterprise, and in nearly every instance the borrowers on reaching Vancouver scattered to all points of the compass and have not made a refund.
This is the tangled Chillingworth is here to-day, with the aid of Moriama, who accompanied the emigrants from Honolulu.

Chillingworth says that the Japanese consul Moukawa, through, really did all in his power to prevent them coming to Canada, and that the Japs, who had \$7,000 tied up and it was too late to cancel the charter.
He predicts that other parties who rechartered the Indiana will sacrifice the charter rather than lose more money on the venture.
Chillingworth is of the opinion that there will be a large movement of individual Japanese to Canada by every steamer, as wages in Hawaii are only \$18 per month.

Our Trade With Japan.
OTTAWA, Aug. 26.—(Special.)—Reporting to the trade and commerce department from Yokohama July 30, M. A. MacLean, commercial agent for Japan, gives the total imports of Canadian flour into that country during the six months as valued at \$2,212, an increase in value of \$48,153, as against \$45,541 worth imported in the six months of 1906, showing a decrease of \$26,334.

RUMORED GOLD FIND.

Cobalt Mining Co. Strike Rich Silver Vein Impregnated With Gold.
COBALT, Aug. 26.—(Special.)—It looks as if the City of Cobalt Mining Co. has found gold as well as silver, but until an assay is made, it is impossible to make a positive statement. In the bottom of their main shaft, at a depth of 87 feet, the cobalt silver vein is about two inches wide and very rich in silver. Some samples were brought up the shaft this afternoon, which seemed to be stained with gold.
The miners' union held its meeting yesterday, and despite all opposition it was decided to prolong the strike.

Accidental Death.
"That Angela Calvez came to her death in St. Michael's hospital from a fall from a street due to her own carelessness," was the verdict of Coroner Young's jury into the death of the Italian woman who was killed by stepping off a moving Bloor and McCaul car on York-street on the 15th inst.

LAKE STEAMER ON ROCKS.

SALT STEER, MARIE, AUG. 26.—(Special.)—At 2 o'clock this morning, and most of the day while entering, the Marie was sheltered at the International dock at Thessalon, in a high wind, at 5 o'clock yesterday morning the steamer, or King Edward, of the Algoma Central Line, was forced on the rocks a quarter of a mile out and was badly damaged, a large hole being stove in the boat, into which the water poured in. The passengers were brought to land, where they were given hotel accommodation at the expense of the Soo by the steamer Fortune, another company, and were brought to the Soo

RAIN IN WEST STOPS CUTTING

Cool Weather Starts Wheat Going Up—Forecast of Crop.

WINNIPEG, Man., Aug. 26.—(Special.)—To-day's cold, wet weather sent wheat up to 97 cents.
Reports show that rain is general throughout the west.
F. O. Fowler, secretary of the Grain Dealers' Association, after a trip thru Saskatchewan, predicts a three-fourths crop.
Cutting would have been general in Southern Manitoba to-day if the weather had remained fine.

"BANCO" TANGLE CLEARS MAY RECOUP LOSSES

Edmund E. Bristol Outlines Plan for Recovery of Any Shortage That May Exist.
The various participants in the "Banco" tangle are coming into camp and the mystery surrounding the tangle is being cleared up. F. O. Morgan, who presented the "bank" to the public, is beginning to show signs of breaking up the tangle by no means dispelled.
Ezio Corneo has been located by the Ontario authorities and will come to this city whenever wanted.
The reason for his mysterious disappearance is given by the detectives as fear of his countrymen, instilled by one of the men now in custody.
Inspector Duncan says that Corneo will render much assistance in unravelling of the tangle and looks to him as his chief source of information.
He says Corneo has been misrepresented by those who posed as his friends, and there is no doubt that he was intended by them to bear the brunt of both from the authorities and the Italians.
He may be here for the longest time, but this is unlikely.
The order forbidding railway companies to use lignite coal has been extended to Oct. 1.
The order forbidding watchmen at bridges and trestles will not take effect until next year, except at trestles 700 feet long.

CABINET APPOINTMENTS IN HANDS OF PREMIER

No Announcement Yesterday as Was Expected—Will Wait Earl's Return.
OTTAWA, Aug. 26.—(Special.)—The vacant cabinet portfolios of public works and railways have not been filled, and it is now understood that nothing will be done until Earl Grey returns from Toronto.
It was stated after the cabinet meeting last afternoon that the matter had been left entirely in the hands of the premier. Sir Wilfrid did not see Earl Grey this afternoon, as was anticipated.

It was stated in well-informed circles to-day that the talk of Hon. George F. Graham for public works has been started simply for the purpose of boosting that gentleman in the eyes of the people of Ontario, and that all the talk is now understood that the Ontario position is but a part of the game. This may or may not be the case. One thing is certain, that were it not for the fierce opposition which the mention of Dr. Pugsley's name has met with he would have been minister of railways long ere this.
It is said in other quarters that the Hon. Clifford Sifton will be offered the department of railways and that Pugsley will go to public works.
Hon. Sydney Fisher will remain at the head of the agriculture department.

WHERE IS WM. WATSON?

Where is William N. Watson? He has been missing since July 15 from 2 Edward-street, where he lived with his daughter. He is 87 years of age. The accompanying picture is a good likeness of him, save that when last seen he wore a beard. He is very thin and has a prominent nose.

KILLS FAMILY FOR REVENGE.

Chatham Chinaman Has Rival Who He Thinks Got Even In Earliest.
CHATHAM, Aug. 26.—Charlie Lee, a local Chinaman, last year won a lawsuit against a rival, who later disappeared.
He has just received the news from China that a band of pirates massacred his parents, their children and grandchildren, in short, wiped out the entire family.
This, he believes, is because his former rival belonged to a rival Tong and in this manner revenged himself for being beaten in the local courts.

2-CENT RATE IN KANSAS.

Governor Hoch Forces Railway Board to Take Up Question.
TOPEKA, Kan., Aug. 26.—(Special.)—Kansas may have a two-cent passenger rate within a few days. The board of railroad commissioners on Tuesday held its first regular meeting since Governor Hoch gave out a letter threatening to call a special session of the legislature to have a two-cent law enacted unless the board acted at once. It is believed the board will order the rate.

THE NEW GRAND STAND—Unique view of the seating capacity of the structure replacing the old familiar stand that was devoured by flames last fall. A perfect view of the ring from any seat is ensured.

MAY REBATE ON PHONE RATES

Right to Charge Present Tolls Extended Till November 13, on Condition.
OTTAWA, Aug. 26.—The railway commission has decided to extend the present Bell Telephone rates to Nov. 13, the commission not having time to give judgment in the case.
The understanding is that the company will have to give rebates on unexpired contracts where the rates are lowered.
The order forbidding railway companies to use lignite coal has been extended to Oct. 1.
The order forbidding watchmen at bridges and trestles will not take effect until next year, except at trestles 700 feet long.

KIDNAPPED HIS CHILD TELEGRAPHS TO SAY SO

Brockville the Scene of "Abduction" of Girl From Mother's Custody.
BROCKVILLE, Aug. 26.—(Special.)—There was considerable excitement on the matter known to-day that Florence Stewart, a bright little girl of ten years, was missing from the home of her grandmother, Mrs. McCullen, widow of the late John McCullen, the well-known Canadian writer.
Suspicion pointed to kidnapping by the child's father and to-night Stewart telegraphed from Ogdensburg, New York, that he had the child.
Mrs. Stewart, who has two daughters, one of them Florence, has been spending the summer here, but when at home lives in New York City. She is a skilled and experienced navigator, and the public will have no reason to feel disappointed.
Mrs. Robinson said he made his first flight on the machine at the opening of White City Park, Toledo, last May. Since that time he has taken many flights. On one of them, at Springfield, on July 13, he had the thrilling experience of falling about 400 feet when the engine failed and the propeller swinging around, derided that no passengers can take a rent in the gas bag, allowing the

Air Ship a Frail Craft Can't Carry Passengers

Even the Daring Operator Has Only a Three Inch Plank to Sit on—Downtown Trip To-day.
The pet airship creation of Inventor Knabenshue has reached the city. It is snugly tucked away under a tent just to the west of the manufacturers' building on the exhibition grounds, where it will be brought into readiness for its first ascent in Toronto, to take place at 5 o'clock this afternoon if the elements are propitious. For the trip is a skilled and experienced navigator, and the public will have no reason to feel disappointed.
Mrs. Robinson said he made his first flight on the machine at the opening of White City Park, Toledo, last May. Since that time he has taken many flights. On one of them, at Springfield, on July 13, he had the thrilling experience of falling about 400 feet when the engine failed and the propeller swinging around, derided that no passengers can take a rent in the gas bag, allowing the

ADVISOR TO FISHERMEN I.O.F. WILL MAKE CHANGES TO PREVENT FRICTION IN WORK AT DESERONTO

U.S. State Department Sends an Official to the Waters Around Newfoundland.
WASHINGTON, Aug. 26.—At the instance of the state department, Prof. Alexander of the American Fish Commission has been instructed to proceed to the fishing grounds and remain there during the season and act as advisor to the American fishermen, informing them of the exact extent of their rights on the fishing grounds, and counselling them against the exhibition of hasty temper and conduct that would be likely to lead to friction with the colonial authorities.
Prof. Alexander will leave Gloucester Sept. 1 on the United States revenue cutter Gresham.
Hard Coal Prices.
During the month of August we will book your winter's order at summer prices and deliver it in ton lots as you require it throughout the winter. We are not in any combine or association, but are direct selling agents for an independent mine. To deal elsewhere is absolute extravagance. The Connell Anthracite Mining Co., Ltd. Head office, corner Queen-street and Spadina-avenue.

Rumor Has It That Castle and Orphanage Will Be Rented as Summer Hotel.
KINGSTON, Aug. 26.—(Special.)—Sweeping changes are about to be effected in the affairs of Foresters' Island, in the Bay of Quinte. The expenses of maintenance have been enormous for about forty orphanages, the treating alone costing \$5000 a year. The present changes will result in the transfer of the orphanages to the house built for the late Dr. Oronhyatekha, and the care of the orphanage will be rented for a summer hotel.
J. C. Morgan, the superintendent of the orphanage, will be given the post of organizer in addition to his present duties.
Referring to the above, W. H. Hunter, supreme councillor, stated to The World that the only changes he knew about were that during the coming winter the smaller buildings would be used for the care of the orphans.
"It is all nonsense about the buildings being rented for a summer hotel," he said, "and I do not think that \$25 for the care of an orphan for a year is enormous."

MAGIC TOUCH NOW AWAITED

Formal Opening of Fair To-Day—Spectacle Given Dress Rehearsal.

Everything is in readiness for the opening of the Canadian National Exhibition to-day; at least, this is true so far as the management are concerned. The responsibility for those finishing touches that will give completeness to the ceremonial rests with the exhibitors.
"There is nothing more that we can do," was the well-satisfied comment of Manager Orr, when seen at the close of the afternoon, as he, with Directors George Gooderham, W. K. McNaught, W. K. George, and Arthur Goulbourn, was inspecting the seating accommodation in the magnificent new grand stand.

"We're in much better shape than we were at the same time last year," added Dr. Orr, as he swept an approving glance over the scene of busy activity within the enclosure.
Yesterday was a day for the rehearsal and the saw. Of making booths, there was apparently no end, for the host of concessionaires are more numerous by scores than ever before, even as are the exhibitors themselves. There was the hum and stir of activity in the manufacturers' building, while the bulk of the machinery had been installed in the process building.

Last evening a full dress rehearsal of the spectacle "The Siege of Badajos" was enjoyed by an audience of some 8000 people, who saw the grand stand, as it were, the best yet. Everything went smoothly and those who are yet to see it can be given the assurance that it is the best yet. The military uniforms of the British and French armies of the days of Wellington and Napoleon are very faithfully reproduced, while the scenery is said to give a realistic idea of the famous Spanish city. There are about 700 soldiers and "sailors" in the action of the spectacle the military bands gave a tattoo, under the direction of Bandmaster Duss, rendering, in addition to well-known regimental marches, the "Maple Leaf" and "Rule Britannia" and "Evening Hymn." The night's audience showed great enthusiasm. With the addition of the fireworks to-night the scene will be a brilliant one.

New Building Opened.
The new agricultural and horticultural building, the handsomest structure on the grounds, so say the architectural critics, opened its hospitable doors to admit many a treasured product of field and garden, from the finest of the new and improved to the timid dewdrop and the modest violet.
Of course, it is not to be expected that everything will be in its place and the wheels revolving with absolute nicety and smoothness when Earl Grey will press the button at 5 o'clock this afternoon. It will remain for the next day or two at least to complete the picture, but splendid progress has already been made.

The new grand stand, with its 15,000 chairs and its sharp rise from tier to tier, that will enable the spectators to obtain a clear view of the picture, but splendid progress has already been made.
The Car Service.
Manager Goulbourn is at the street railway building yesterday. He was more than wondrously genial and gave assurance.

CONSERVATIVES ORGANIZE.

Cornwall Officers Appointed and General Arrangements Made.
CORNWALL, Aug. 26.—(Special.)—A branch of the Liberal-Conservative Association of the Dominion was organized at a meeting of the members of parliament and officers of the Conservative Association of the Counties of Grenville, Dundas, Stormont and Glengarry, held at the Cornwall House here on Saturday. Among those present were R. A. Pringle, M.P.; Andrew Broder, M.P.; Dr. J. Reid, M.P., and George Kerr, M.L.A. The election of officers resulted as follows: President, A. L. Smith, Alexandria; vice-president, D. J. Gillies, Cornwall; secretary, W. Gibbons, Cornwall. The meeting arranged a general plan of organization, and devised methods for assisting the county associations in the district during the coming campaign.

DRESSED HER LIKE QUEEN.

Brantford Man Duped by American Girl Who Took His Money.
LAPEER, Mich., Aug. 26.—HARRY Burlingame, who says he was at Brantford, Ont., came to Lapeer to marry a girl with whom he had corresponded for two years. Burlingame says instead he found a letter from the girl, stating that she had loved him she had found another fellow and gone to Detroit to be married.
"I spent money on that girl and dressed her like a queen," said Burlingame. "It was my money that paid for her wedding outfit."

Hotel for Ottawa.
OTTAWA, Aug. 26.—(Special.)—The plans for the Grand Trunk Hotel in Major's Hill Park were finally approved by the government to-day and made public. The hotel, which is designed by Mr. Gilbert of New York, who is at present in the city, will occupy a most commanding situation.
