POSITIVELY NO IMPORTED LABOR.

Governor Tanner Will Meet Them at the State Line and Shoot Trains to Pieces.

Chicago, Oct. 27.—A special to The Times-Herald from Madison, Ill., says: "I reiterate that I will not tolerate this wholesale importation of foreigners into Illinois. And if I hear that a mob is to be brought into this State, such as was taken into Virden, I care not on what railroad it comes, or from whom, I will meet it at the State line, and shoot it to pieces with Gatling guns."

So declared Governor Tanner in a speech delivered before 1200 auditors gathered at the Knights of Pythias Hall in this city. It was the concluding statement in an address largely devoted to defence of his course in the recent mine riots at Virden. The Governor reviewed at great length the causes leading up to the rioting. He held the operators at fault, in their dealings with the strikers, and then reverting to his acts when the crisis came said: "When the United States Government found it necessary, and deemed it just to forbid the importation of foreign labor into this country, I felt that I was fully justified in the course I took at Virden."

East Northumberland Case Again. Additional particulars were filed by O. W. Tuttle, the petitioner, in the East Northumberland election case, and the number of charges has now reached 408. A charge of personal intimidation against J. H. Douglas was added. The rest are of the ordinary pattern.

Tow Barge Adrift. Milwaukee, Wis., Oct. 27.—The steamer Gogebic ran into port last night. Her captain reports that while off Two Rivers Point, 100 miles north of Milwaukee, the tow barge Bivabik broke its tow line, and is adrift with its crew of seven men.

Messrs. Haggerty and Orange of this city, have purchased the old steamer Rose, which went ashore last year near Kingston in a severe storm. She was abandoned at the time by her owners to the insurance companies and was shortly after sold to Dr. Reed of the Edwardsburg Starch Company, who in turn has returned it over to Haggerty and Orange, for the sum of \$55,000. The steamer is at present carrying grain from Chicago to Kingston.

The arrivals at the wharf yesterday were: Macassa from Hamilton and Lakeside from St. Catharines. Both boats on their outgoing trips carried a fair number of passengers.

IN THE SURROGATE COURT. Surrogate Court proceedings took place yesterday in the estate of the late James Edwards of King Township, who left \$6,000. The whole of the estate is left to his wife and family.

Robert George Bodson died intestate on the 11th inst. leaving a \$675 chattel mortgage and \$325 rent of a trust estate. The widow, Henrietta Bodson, received letters of administration yesterday.

Break in the Big Main. Omaha, Neb., Oct. 27.—A break in the big main that feeds the water from the pumping station, north of the city, threatens Omaha with a water famine. The water company has a steam engine and a limited supply of water in its reservoirs, but whether this will hold out until the repairs can be made is problematic.

Monsoon Indo-Cey on Tea used to be sold at wholesale only in bulk, and used by the trade as a fine tea to mix with inferior. You never got Monsoon, pure, until it began to grow in the open market. Monsoon direct, through the grocers, in sealed lead packets.

Henry H. Roeloff. There will be on sale to-day a special shipment of the "Alpine" block—little square in effect—tapered top—heavy roll brim—and with warm cushion sweat that makes the hat go to the shape of the head snugly—a regular winter comfort—they come in blacks and seal brown—a soft wool goods—and sell for

\$3.00

PECULIAR THINGS AT DAWSON

Mr. Richard Spencer of England Tells The World of His Experiences in the Yukon District.

Mr. Richard Spencer, a mining expert, is at the Walker. He has been on an extended tour through the Klondike region, examining the mines with the view of placing British capital there.

Mr. Spencer comes from Barrow-in-Furness, England, one of his pupils being Mr. J. G. Lawson, professor of mineralogy at Capt. Town, Kimberley and Johannesburg, Africa.

No Labor to Apply. "The Yukon is a country for capitalists only," said he. "Individually it is expensive. What with the portages and the transportation of goods 20 cents a pound for 40 miles, and 50 cents for 40 miles. They say in Dawson only mules and pack animals are used."

Yukon Scandals. "But the mail service is truly bad. In one case I arrived at a place before the mail had started. One day in Dawson I waited with a friend for 6 1/2 hours in front of the postoffice but could not get the mail. The postoffice was going away an official of the postoffice approached us.

"Is there no possibility of getting our mail?" he said, "I'll tell you what, you can put your name down as a subscriber and get them that way."

To be a subscriber cost my friend and myself \$2 apiece, but the official went and got our letters. But the mails should go in and come out regularly, as we were going away on the 27th, and there is no first-class mail service.

Mr. Spencer and his party were the first to leave Dawson on the line from Lake Bennett to Skagway, at 10 cents per pound.

Dawson is Densely. For 70 or 80 miles from Dawson is all staked out, says Mr. Spencer, but even then gold prospecting is not done; men hold the gold, but do not work them. There are about 20,000 acres in Dawson, which is 5000 is all that is required, and there are about 3000 around in town in tents, some of whom will try to get out within the year.

Many Old Claims. A lot of land is held but not worked, and which the water has descended to incur the expense of testing a lot, and do the work for a new claim.

Overdrains Looked For. The City Treasurer's statement for the year up to date shows that already some of the smaller engineering departments have overdrawn their appropriation, and some others are approaching the limit point.

Charge of Fraud. Valentine Byrne, corner of Barton and 120th street, was charged with a charge of fraud. Yesterday, in the Division Court, Byrne brought action against John Berlinghoff, second-hand dealer, to recover \$500, valuing the goods he had sold to him.

Unfounded Scare. The local fancy goods dealers were much alarmed to-day at seeing several dry loads of goods being sent to the city. It was rumored that a Toronto concern was opening up a stock of fancy goods to catch the eye of the public.

With Intent to Kill. In the Charge Against George W. Clime, to be Tried at St. Catharines.

St. Catharines, Ont., Oct. 27.—In the High Court of Justice to-day, the action of Fisher & Fetters, T. H. & E. B. Railway Company was won by the railway people. The judge pronounced seven questions of law in favor of the railway.

A GALT WEDDING. Miss Elizabeth Dalgleish United to Mr. William Young—Williams Shoe Co. Will Move.

Galt, Oct. 27.—A charming wedding took place here this afternoon, when Miss Elizabeth, daughter of Mr. Thomas Dalgleish, was united in the holy bonds of wedlock to Mr. William Young, traveler for the Macgregor, Gormley & Company.

A Worth Young Man. Yesterday Mr. A. L. Tebbis of 244 Seaton-street received a letter from Messrs. A. and M. Karagahsan, upholsterers of 395 Broad-st., Toronto, in which they invited him to the high esteem in which his deceased brother was held by the firm while in their employ.

Hearing Restored. We guarantee every case we undertake. C. E. Green, Room E, Confederation Life Building, Toronto.

Light Catch This Season. The regular monthly meeting of the Toronto Fish and Game Commission for the season just closed shows a total of but 27,805 skins for the best of thirty-five seasons by far the lightest catch in many years.

Wood's Great Peppermint Cure. The Great Peppermint Cure is the most reliable and most effective of all the cough cures. It is a pure and natural remedy, and is guaranteed to cure all cases of Croup, Whooping Cough, Sore Throat, and all other ailments of the throat and lungs.

COUNTY AND SUBURBAN

Toronto Junction, Oct. 27.—(Special.)—About 35 of the provincial agents of H. A. Lester & Co. visited the Cleveland Brewery Factory to-day to view the new models. Dinner was served at the Rossin House and the evening was spent at the theatre.

A meeting of the creditors of the Aer Goods Manufacturing Company was held this afternoon at which it was decided to wind up the estate. The assets are said to be \$30,000 and liabilities \$17,000.

Street Cars to Weston Again. The strained relations between the Weston Village Council and the City and Electric Railway are an end. The negotiations, which have been going on for the past few weeks, resulted in an agreement being prepared satisfactory to both parties. Weston will be connected to a special meeting of the Weston Council last night, and as soon as it is signed in Montreal will be returned to Weston to be put into operation.
