I went home, but did not go to bed: I was too uncomfortable. I took all sorts of prescriptions from the doctors, and tried many kinds of patent medicines, with no relief. My appetite gave out. I could eat nothing at all without distress and bloating. A pain came on low down in front, and, to tell you the truth, no one could have felt more miserable. Finally, I heard of and got a bottle of Dr. Pitcher's Backache Kidney Tablets from F. W. McLean, corner Queen and Church-streets, and they did me a world of good immediately. "For a long while, I was suffering from a
gnawing pain in my back. Accompanying the loins. I read about Jackson Little, the druggist, 72 Spadina-avenue, introducing Dr. Pitcher's Backache Kidney Tablets, since, and, besides, they banished that blurring of the eyes, they eliminated the uric poison that permeated my blood, and the gases that formed in the stomach and caused indigestion were completely neutralized. I strongly recommend those tablets to any persons suffering from their back and kidneys. They are prompt in relieving, they cause no inconvenience, and can be carried about with you."
