Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Crested Tablets, ten cents per box. All druggists.

He who would take advantage of human nature needs to be a good student of it.

HOLLOWAY'S CORN CURE is the medicine to remove all kinds of corns and warts, and only costs the small sum of 25 cents.

"GINGER UP."

We must have ginger to get on in the world. Perrin's Ginger Tablets are a good substitute. They possess all the best qualities of the finest ginger and are very appetizing. Just a little better than the rest.

TEMPERANCE PICNIC

Local Organizations to Have Outing at Springbank July 10.

A committee representing the temperance organizations of the city made arrangements last evening for a temperance picnic at Springbank on July 10. Those attending will leave the corner of Dundas and Richmond streets at 2 p.m. From 4:30 to 5:30 the W. C. T. U. will furnish a programme of entertainment and instruction. From 5:30 to 6:30 the London Temperance League will have charge of a series of games and sports, and from 6:30 to 7:30 supper will be served on the green. Following this there will be a few short addresses on "The Enfranchisement of Women" and "The Local Option Outlook." All interested friends of temperance are invited, and a pleasant afternoon is anticipated. All the ladies Motley course, expected to bring a basket of provisions.

FIFTY YEARS MARRIED

Mr. and Mrs. James Motley Celebrate Golden Wedding.

Between 20 and 30 friends met at the residence of Mr. Charles Fitzwalter, on Thursday evening, to celebrate the golden wedding of Mr. and Mrs. James Motley, father and mother of Mrs. Fitzwalter.

Mr. and Mrs. Motley were born in England, but came to Canada when quite young. They were raised within a few miles of Bowmanville, where they were married, and shortly afterwards came west, settling within a few miles of London. They moved to this city some thirty years ago, where they have resided ever since, with the exception of a few years spent in Detroit, coming back to London two years ago to spend their remaining days.

Their two children are Mr. T. G. Motley and Mrs. C. Fitzwalter, both being present at the celebration. They have eight grandchildren, and two great-grandchildren.

The friends and relatives from a distance were Mr. and Mrs. John Summers and Mrs. W. J. Bragg, of Bowmanville (Mrs. Summers being a sister of Mr. Motley), and Mr. Wm. Fitzwalter, of Brantford.

The aged couple received congratulations from Detroit, Portland, Oregon, and Winnipeg.

Mr. William Motley, of Winnipeg, sent two beautiful lockets. The one to Mrs. Motley contained the photo of his late wife, who was a sister of Mrs. Motley. The locket to Mr. Motley contained the photo of the younger. A purse of gold was also given the aged couple by Mrs. Summers, their children and grandchildren. The address was read by their son-in-law, Mr. Chas. Fitzwalter, while their two young grandchildren, Miss Louella Motley and Miss Nellie Fitzwalter, made the presentations.

All present joined in wishing them many years of happiness.

CONDENSED LOCAL NEWS

—Reginald Christian has purchased the cottage at 1025 Dundas street from Miss Dawson for the sum of \$1,500.

—Mr. Fred Wyatt, son of Aid. Wyatt, has purchased the property at 351 Dundas street, the price paid being \$3,300.

—M. Nuttall has taken out a building permit for a brick-veneer cottage near the corner of the Wharfcliffe road and Oxford street.

—Mrs. J. G. Murray, of Wyandotte, Mich., who has been visiting Mrs. Rae Regina street, for the past three weeks, returned home last evening.

—Robert Small, charged with insanity, appeared before Judge Elliott this morning, and an order was made committing him to the asylum.

—Blanche Phillips, who was some time ago sentenced to six months in the Mercer by P. M. Love as a disorderly, has been removed to that institution.

—The executive committee of the Canadian Press Association have decided not to undertake the contemplated trip to Edmonton, for which arrangements were being made.

—Rev. R. B. McEltheran, son of Mr. R. M. McEltheran, secretary of the local board of education, left Toronto yesterday for Winnipeg, where he will at once assume charge of St. Matthew's Church.

—Christ Church, at Petrolia, was consecrated on Ascension Day by the Bishop of Huron, who was assisted in the service by Archdeacon Richardson, Canon Davis and Revs. J. M. Gunne, V. M. of Cornwall and S. P. Irwin.

—A lad named Haynes was found on Dundas street last night by a young lady who takes an interest in charitable work, and he was taken to the Children's Shelter Home in South London.

After the lad had been given a bath, the police of clothing, his relatives called for him. Local charity officials declare the boy to have been neglected.

—In the high court, Toronto, re Atkins infants, C. H. Ivey, of this city, for the mother of the infants, moved for order allowing maintenance for three infants. F. W. Harcourt for infants. Other made directing payment of \$500 out of court in addition to interest from trust company, and \$600 out of funds in court for past maintenance.

—Medical Health Officer Hutchinson every day receives anonymous letters from people, who complain of alleged nuisances of one kind or another. The doctor never investigates an anonymous complaint. He simply tears up the letters. He desires to inform the public that if names are attached to complaints, the names will not be disclosed. But he will take no stock in anonymous complaints.

—Mr. Joseph E. Bland, a London Old Boy, is spending a few days here with his brother, Mr. R. R. Bland, of Detroit, and a member of the State Legislature of Michigan. He is also an officer of the Naval Brigade and was with the troops and naval forces participating in the celebration at Windsor on Thursday, when over 1,000 state troops were in line. He is surprised and pleased at London's growth and prosperity.

COMPLAINT ABOUT AUTOS.

Complaint has been made at the city hall that automobiles are allowed to cross the corner of Dundas and Richmond streets at a faster rate than the public safety warrants. This is a matter for the police to deal with, however.

Remember to Spray

Spray your fruit trees this year and make it most effective by doing it in time. Many overlook the matter and put it off too long. Soon be time for the first spraying, which should be done before the blossoms open.

WOULD SEPARATE FROM ONTARIO

Whole of the New North Has Grievances, It Is Said.

MAY ASK FOR NEW PROVINCE

Claim Made That the Whitney Govt. Is Doing Little for Country—How Cobalt Sees It.

Cobalt, May 25.—The special correspondent of the Toronto Star sends the following: While mines and minerals predominate in business and conversation, another question is taking shape, and will before long take definite form; and that question is the formation of a new province out of the present districts and the unorganized territory.

No matter where you go in this northern country—Algoma, Sudbury, Sturgeon Falls, North Bay, in fact, anywhere—there is a great unrest amongst the people. Great things were expected from the Whitney Government, and the flourish of trumpets when the present Administration came into power foretold better things for this north country. But all expectations have died out, and now the people will take action in the direction of inaugurating a new province.

The present Government was popular here at its inaugural, now its popularity is gone. In any legislation affecting this northland, the legislators seem hopelessly at sea, simply because they do not, or will not, understand the conditions that prevail in the north.

The people here are not like those of Old Ontario. The ozone in this northern air gives a mental vigor and snap that the slower-going parts of the Province do not take into their consideration.

One of the main reasons for anything pertaining to the north have been hopeless blunders. Locally the taking over of the Gilles limit was one of the more recent blunders. "What has Old Ontario done for the northland that the Government should crush the endeavors of the people by taking away an asset that rightfully belonged to the residents?" is a question the people are asking. Every endeavor of the people is met by a barrier erected by the Government. The Government are not legislating for this northland. They are simply legislating for the revenues they can extract from it.

Then the policy adopted in the management of the Government railway is one of repression to the go-ahead people. Exorbitant freight rates, maximum passenger tariff, and the most wretched service. And the telegraph service of the line is nothing better than a mockery. Three days out of four the lines are down, and the public can do nothing but grin and bear it. Money! money! money! the policy of management cries aloud. The pound of flesh and the last ounce have gone into the treasury of Ontario from the north country, but none of the golden stream has flowed back. "The milk cow of the Province—and drain every drop that's in her," is the spirit which animates the Government when it comes to the districts.

When any public improvement is asked for, the development of the country or the benefit of the people, the Government get suddenly deaf. Look at the traveled roads or roads that should be travelable in Northern Ontario. They are a disgrace to the name of the Province. They were never intended for anything. The Government do not propose to spend any money for public improvements in the north; their sole policy is to extract from the north for the benefit of the south.

This kind of treatment could only produce one result, and that is separation. All through this northland a movement is on foot for public meetings and petitions to the Dominion Government that a new province may be created in the north, with rules and laws to fit the conditions will take the place of the wretched system that now governs. These people will be monkeyed with no longer, and Hon. J. P. Whitney need lose no sleep about how much of Keewatin the Province of Manitoba will get for an outlet to the Hudson's Bay. Northern Ontario can take care of itself when it gets its vigorous limbs free.

A movement is now on foot to call a public meeting here, with the object of discussing the advisability of separation, and from the expressions heard on every side it will be a bumper gathering. The people want what belongs to them, and refuse any longer to be plundered of their public assets by the in-council or any other old subordinate. This country will no longer serve as an exploiting preserve for politicians or fellows that live solely by their wits.

WHERE WEAKNESS IS DISEASE WILL SETTLE. If any organic weakness, inherited or contracted, there disease will settle when it attacks the body. Therefore drive out the pains that beset you, do not let a cold or a cough harass you, and keep the respiratory organs in a good, healthy condition. This you can do by using Dr. Thomas' Electric Oil. Prevention is the wisest course.

TERMS OF BILL FOR FALLS' CARE

U. S. Measure to Preserve the Scenic Beauty Along Lines of the Canadian.

Washington, D. C., May 25.—The House committee on rivers and harbors today agreed on the terms of a bill for the preservation of Niagara Falls. Chairman Burton was instructed to perfect the phraseology of the measure, which will probably be introduced Monday.

The bill establishes the principle that water may be taken from the great lakes for sanitary or navigation purposes without limit, but under the control of Congress. As to the taking of water from the Niagara River for power purposes the provision is made that sufficient quantity may be taken to generate 100,000-horsepower on both the American and Canadian sides of the river.

This practically is the quantity now being taken on the American side, and is slightly in excess of the quantity taken on the Canadian side. The secretary is authorized to grant revocable permits for the taking of additional quantities on the American side unless they shall aggregate 250,000-horsepower.

It also provided that the quantity of power may be imported from the Canadian side. The bill is to be in effect for three years. Meantime the President is authorized to open negotiations with Great Britain looking to the perfection of a treaty to preserve the scenic beauty of the Falls.

A fine of from \$50 to \$2,500 is provided for violations of the provisions of the measure, and an imprisonment penalty also is incorporated. An appropriation of \$50,000 is carried by the bill to put its provisions into effect.

Granting permits for the diversion of water, it is stipulated that nothing shall be done to interfere with or endanger the navigability of the river, or its integrity and proper volume as a boundary stream, or of the scenic grandeur of Niagara Falls.

NEW SAN FRANCISCO WILL APPEAR IN YEAR

Famous Architect Engaged to Lay Out City That Will Rival Washington.

Chicago, May 26.—"Within six months, the new San Francisco, with its wide driveways and handsome buildings, will be well advanced," said Architect Daniel H. Burnham, last night. "In a year's time it will not be easy to find a trace of the devastation left by the earthquake." Mr. Burnham has just returned from San Francisco. He had been called there by the committee of citizens that have been instrumental in inducing him two years ago to prepare plans for a model system of driveways, parks, and public places. Former Mayor Phelan was chairman of the committee.

"The plans," said Mr. Burnham, "were adopted in their entirety at a meeting on Monday. The principal talk in San Francisco at the present time is rebuilding. The pride of the citizens appears to have been touched by the disaster, and even the poorer people who lost their homes are preparing to build again on a more substantial and artistic scale."

"The new city will radiate from the city hall and that locality. One of the beneficial effects of the earthquake has been the destruction of the old city hall, an incongruous structure that could not be made to conform to any possible system of plans for the beautification of the city. San Francisco of the future will be the most beautiful city on the continent, with the possible exception of Washington."

Keep Minard's Liniment in the house.

DAIRY MARKETS. NEW YORK. New York, May 25.—Butter—Firm; receipts, 4,448 packages; street prices, creamery, 20c; official prices, creamery, common to extra, 14c to 20c; Cheese—Firm and unchanged; receipts, 4,867 boxes.

NOTICE TO CONTRACTORS.

Tenders for Steel Rails and Fastenings and Railway Ties.

Sealed tenders addressed to the undersigned, marked on the envelope "Tender for Steel Rails," "Tender for Splice Bars," "Tender for Bolts and Nuts," "Tender for Spikes," and "Tender for Nutlocks," respectively, will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa until 12 o'clock noon of the 7th day of June, 1906, for sixty-five thousand (65,000) gross tons of eighty-pound (80-lb.) steel rails (open hearth or Bessemer, at the option of the commissioners), and the necessary fastenings; and for one million five hundred and forty-five thousand (1,545,000) railway ties; in strict accordance with the specifications of the commissioners.

Tenders must be made on the forms supplied by the commissioners, which, as well as the specifications, may be obtained on application to Hugh D. Lumsden, chief engineer, Ottawa, Ont., to A. E. Doucet, district engineer, Quebec, P. Q., or to A. E. Hodgins, district engineer, Renora, Ont.

Full information in regard to deliveries, quantities for which tenders will be received, and also as to the other conditions on which tenders are made, is given on form of tender. A sample of the nutlock tendered on must accompany each tender for nutlocks.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted check on a chartered bank of the Dominion of Canada, payable to the commissioners of the Transcontinental Railway, for a sum equal to ten per cent (10%) of the amount of the tender.

Checks deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders. By order, P. E. RYAN, Secretary.

The Commissioners of the Transcontinental Railway. Dated at Ottawa, 19th May, 1906. 34n-23,26,29,31,32,4
