London, Aug. 7.—Russian Bolshevik armies hammering the Polish lines northeast and east of Warsaw seem to have encountered stern resistance. With the exception of the area around Brest-Litovsk, east of the Polish capital, no new advances by Soviet troops have been reported, and even there they have been imited by the desperate fighting of the Poles. Pollsh forces have been compelled to retire from Terespol, about four miles west of Brest-Litovsk, and have lost Muramiec, about five miles to the south. Thus the Bolshevik have gained a foothold on the west bank of the Bug River in this region, but it is probable their further progress will be very slow, as permanent forts erected years ago to defend the city must be stormed if the

in a statement issued shortly after the announcement of the Union leaders, Frederick W. The call for federal troops was issued last night when a mob attacked the East Denver car barns and was repelled with rifle fire. Three men were killed and a dozen persons, including women, girls and boys, were wounded. ## MOTORIST WAS MAROONED BY LARGE SWARM OF BEES

Car Owner Was Held Up For More Than Five Hours and Bees Were Finally Smoked Out.

[By Staff Reporter.]

Simcoe, Aug. 7.—A local motorist was marooned on the main street here Friday in a peculiar manner, when a swarm of bees alighted on his car parked in front of the Royal Bank. The bees were flying along the street, when an employee at the Hotel Melbourne hammered a tin pan loudly, and the swarm came to earth. The queen bee chose a suitable landing spot on the front mud guard of the car, and her winged subjects immediately followed suit.

The landing took place about noon, and when the car owner appeared on the scene he immediately sought safety in flight. Several citizens attempted to transfer the swarm to a hive brought to the scene, but were stung, and beat a hasty retreat. However, a well-known veteran bee keeper of the district put in an appearance about 2 p.m., and after various means, including the use of tobacco smoke, succeeded in driving in the obstinate ones into the hive, which he carried

The bees left the car about 5 p.m., delaying the distressed motorist over five hours, during which time the chief of police was an interested spectator, although he made no arrests, and will not prosecute the motorist for breaking the parking limit. The latter it is understood will not charge the swarm current taxi rates for waiting five hours, being satisfied to escape without having his skin punctured by the uninvited guests.
