SUNFIELD HEARS NEWS OF LIFE LEASE STOLIDLY

Twenty Thousand Dollar Fire in Big Stove Foundry—General News of the City.

HAMILTON, Nov. 22.—(Special).—Fire that did damage to the extent of \$15,000 or \$20,000 broke out this evening at 6.50 in the Burrow, Stewart & Milne Stove Foundry. The fire started near the corner of John and Cannon streets, and spread both ways. On the west it was blocked by a fire wall, and by close work of the fire department and his brigade had it under control in half an hour after they were called. When they arrived the whole of the top end of the building was a mass of flames. The trouble started on the second floor, and the flames shot up the elevator shaft to the third storey, burning about half way up the block on the top storey. The flames spread eastward on the second storey. The alarm was given in when about one-third of the firemen were off for supper, and Chief TenEyck says that the council must give him more men. He has been kicking for months for more help. It was the first time that the new fire engine was used, and it did good work. The Burrow, Stewart & Milne firm have been peculiarly unfortunate in the matter of fire, this being the third serious loss they have suffered. Jake Sunfield notified. Jake Sunfield was notified this afternoon by his lawyer, John G. Farmer, that the date of his execution had been postponed until Dec. 27, and that his case would be argued before the court of appeal in the meantime, although the original date of the hanging was but one week distant. Sunfield received the news stolidly and did not show either surprise or joy. He has built upon the Chief Justice's recommendation, and appeared to take it as a matter of course that the execution should be stayed. Hamilton Will Submit By-law. This afternoon the board of works unanimously decided to submit a by-law to the people next January, asking them to vote \$225,000 for municipal street lighting plant. For that amount the city can install an underground system in the whole of the city, and be in a position to bury all wires, including those of the Cataract Power, Bell Telephone and other telephone companies. Word was received this afternoon of the death in Chicago of Patrick McAuliffe, brother of Dan McAuliffe, a well-known member of the Tiger football team some years ago. The annual presentation of prizes and entertainment of the 12th Regiment took place this evening. Col. E. W. E. Moore and other officers of the regiment presented the prizes. B. Company, which won the company decoration, was warmly complimented by the colonel. Bed, separate, 15c; rooms, 25c; Leonard's, 91 Merrick-street. Meals, 10c; soup, 5c. The New Arlington. Is now open for visitors. Complete new building, with home comforts, most central in Hamilton. Excellent cuisine. Terms \$1.50. George Midwinter, Prop. Phone 4425. The new list of deputy returning officers is made up as follows: 37 Con. Clubs, 10 Liberals, and 4 Labor men. Some 30 Conservatives were cut off. It is likely that steps will be taken to make the office of deputy returning officer a position of honor, and that in the past few days, expecting to get treatment at the consumption sanitarium. Was Murder Committed? A blood-stained razor and a pool of blood on the floor of a barn on Wm. Lucas' farm, near Shelburne, have led the Beverly farmers to conclude that a murder was committed. No body has been found yet, but two tramps were seen to enter the barn Wednesday night and only one came out Thursday morning. He washed himself twice in a creek and then started out towards Galt. Chief Twiss, Dundas, is working on the mystery, and several theories are being advanced. One is that "nothing in the tragedy line happened there, more in the execution of a chicken, and it is also suggested that the tramps were carrying a little blood, and that a watch and other articles Thursday morning. In spite of an announcement of Jas. Chisholm, the retiring president of the Liberal Club, prominent Liberals say that Allan Studholme, M.L.A., will be opposed in East Hamilton. Both the prisoners arrested by Chief Smith Wednesday afternoon were released by the magistrate this morning. Robert Taylor, who was found guilty of stealing brass, was let out on deferred sentence, and John Fletcher, accused of receiving the stolen stuff, was acquitted. It is stated that the defeated in the River-road, near Ogdensburg, lost three cows in a mysterious manner. Two were found dead in the pasture and a third sickened and died. An examination disclosed that the cattle had eaten a poisonous weed, presumably along the shore of the river. An ox, owned by Mr. Richardson, is also afflicted, and will probably die. RAYMOND MUST FACE ANOTHER SERIOUS CHARGE

Alleged to Have Written a Letter to Himself to Divert Suspicion to Ouellette Brothers.

SAULT STE. MARIE, Ont., Nov. 22.—(Special).—George Raymond, the blind River fire chief confined in the Soo Jail, charged as an incendiary, will have still another charge, a very serious one, to answer when he appears at the criminal assizes in December. Yesterday he appeared before Magistrate Elliott on a charge of forgery in connection with the letter which he himself received, dated in October. The letter was signed Thomas and Adelard Ouellette, blind River, who appeared on the charge recently and were dismissed. The letter was in the nature of a suggestion from them, offering Raymond \$500 to fire the power buildings. The authorities claim Raymond wrote the letter himself, but for what reason is not yet apparent, other than that he wished to divert suspicion from himself upon the Ouellette brothers.

Fishing Inspector's Big Haul.

BROCKVILLE, Nov. 22.—(Special).—Fishing Inspector H. Phillips made a big haul the other night, when he seized about 500 yards of nets that were being used for illegal fishing in the Rideau Lake. Four men were implicated, and they not only suffered the loss of their nets but were severely fined as well. Alertness of the official is having a good effect, and the illegal netting of fish is now pretty well stopped in the Rideau.
