# WITH PRICE RECOVERY

Live Shares Especially Had Brisk Uneasiness Over Relations Demand on New York Exchange.

### ALCOHOL MOST ERRATIC

Motors, Crucible Steel, Coppers, International Nickel Were Active Features.

NEW YORK, April 9.—Pressure was directed against the prominent stocks at the outset of Saturday's brief session, such issues as U. S. Steel and the better known rails declining to lowest prices of the week. These losses were largely, if not wholly, retrieved before the close, when a spirited demand for metals, especially the zinc shares, brought about a general reversal.

American Zinc, the most active feature of the day, made a new high record on its advance of five points to 95%, and Butte and Superior, a stock of the same class, rose 3 to 95. Other active features again included the Marines, which followed the irregular trend, Crucible Steel, Coppers, such as Anaconda, Shattuck-Arizona and Tennessee, the motors, International Nickel and U. S. Industrial Alcohol.

Alcohol was the most erratic of all stocks, with an extreme loss of 3 points on steady offerings. Short covering in that issue effaced half its loss. A few specialties like Hide and Leather preferred, American Linseed preferred and Sears Roebuck were lower at intervals by 1 to 3 points.

Rails were again a negligible quantity, so far as their activity was concerned, but New Haven, Atlantic Coast Line and Norfolk and Western preferred were inclined to ease about a point

cerned, but New Haven, Atlantic Coast
Line and Norfolk and Western preferred were inclined to ease about a point
on light offerings. Total sales of stocks
amounted to 255,000 shares.

Exchange on Paris continued to fall,
the Paris rate for cheques making the
new low rate of 6.02 for the current
movement. movement.

The week's financial undertakings probably amounted for an actual loan expansion of almost \$40,000,000, a cash loss well in excess of \$20,000,000, and a decrease of almost \$25,000 in reserves, causing excess reserves to fall below \$100,000,000 as against \$154,000,000 in the first week of the year.

Today's bond market was steady, with total sales, par value, of \$1,850,-000.

000. U. S. issues were variably higher and lower on call during the week.

# SLIGHT DECREASE IN

Five Companies Shipped From Lobalt Last Week.

COBALT, April 8.—A slight decrease is noted in the ore shipments from the camp for the week ending last night. Five companies shipped a total of nine cars, aggregating 749,959 pounds, compared with 773,717 pounds shipped the previous week. Only three cars went to smelters in the U. S. the two cars from Dominion Reduction going to Denver, Colorado, and the one from McKinley-Darragh to Perth Amboy, N.J. The Mining Corporation of Canada shipped to Marmora, and the Coniagas to Thorold. Nearly a quarter million ounces of sliver were shipped during the week, as compared with 35,000 fine ounces the week previous. The bullion shipments for the week are as follows:

Bars. Ounces. Value.

Nipissing ... 148 174,178,44 \$109,290,70 Dominion Red. 32 36,192,00 22,077.12 O'Brien ... 35 31,174,59 21,26343

### STOCKS AT NEW RECORDS STEEL OF CANADA AHEAD

Montreal Market Witnesses Great Expansion in Particular Issue.

MONTREAL. April 9.—The strength displayed by the local market last week was maintained right to the close of an active session yesterday. Steel of Canada, Ontario Steel, Ames-Holden and B. C. Fishing established new high records during the session, while Detroit passed its previous high record for the past ten years. its previous high record for the past ten years.

Trading in Steel of Canada was again out of all proportion to the rest of the business, that issue contributing 6340 shares, or about 50 per cent. to the output for the morning. Steel of Canada rose 2% points, and held all but 42-point of the advance. Iron was moderately stimulated by the strength of the kindred stock, rising ½, to 47½, and closing 47½, but Scotia continued dormant, relapsing ½, to 105½, and closing unchanged at that price bid.

Detroit ranked next to Steel of Canada in activity. Ontario Steel also closed at its best, and B. C. Fishing, which advanced from 64 at the opening to 66. closed 65%. Ames-Holden was ½ higher at the close. Canadian Steamships was firm.

Substitution of the stock exchange was enlivened today by a hardening tendency in consols, and the French loan and fair buying of rubber shares, kussian mines and several specialites, uncluding Kaffirs. American securities were quietly steady around parity. Money and discount rates were quiet.

The French exchange situation arouses considerable wonderment as to why measures are not taken to relieve tne position which is being affected by New York's rate on Paris.

LIVERPOOL MARKET.

LIVERPOOL MARKET.

Cheeze—Canadian in London, 50s 3d.

MONTREAL GRAIN MARKET.

LIVERPOOL CATTLE. MONTREAL GRAIN MARKET.

MONTREAL, April 9.—There was some demand from foreign buyers Saturday for a few loads of wheat for nearby ship ment, and a guality is bringing up to 21c per pound. Chilled beef is slightly lower this week on heavier supplies, selling at 13%e to 16c per pound for the sides.

MONTREAL, April 9.—There was some demand from foreign buyers Saturday for a few loads of wheat for nearby ship ment, and, as prices bid were in line, a little business was done. The trade in coarse grains on spot was fair, and the market was steady. Flour was unchanged. Millifeed was in good demand

Germany and U.S. Dampens Buying Ardor.

### SELLING BY HOLDERS

Milder Weather in Canada and Better Conditions Generally Affects Chicago.

CHICAGO, April 9—Uncasiness over the relations of Germany and the United States caused the wheat market Saturday to undergo material declines, which were only removed in part by rumors that Germany would disavow the sinking of the Sussex. Prices closed unsettled, 1 3-8c to 1 1-2c net lower, with May at \$1.16 1-8 and July at \$1.14 1-8. Corn lost 1-2c to 5-9c and oats 1-8c to 3-8c. In provisions the outcome varied from 10c decline to a rise of 5c.

varied from 10c decline to a rise of 5c.

Persistent selling, which began in the wheat pit soon after the start, consisted largely of liquidation by holders, including one of the most prominent of the bull speculators. Aside from anxiety regarding the crisis with Germany, advices in war risk insurance rates on the Atlantic owing to heavy losses which submarines have inflicted on shipping gave impetus to a spread of bearish sentiment, and so, too, did a break in the New York stock market. Besides, milder weather in Canada and favorable temperatures and rainfalls in the winter crop belt tended further to handicap the bull side of the market. Absence of authority for assertions that Germany would disavow the sinking of the Sussex prevented the recovery in the late wheat market from becoming more complete. On the other hand, the upturn in prices was helped somewhat by word that considerable export business was done today and by a prospect that the United States visible supply total on Monday would show a substantial falling off.

Corn was depressed by the weakness of wheat. Unsettled weather

Corn was depressed by the weak-ness of wheat. Unsettled weather failed to act as an offset. Oats sag-ged with other grain. There were re-ports that the acreage of oats in the southwest was assuming huge proportions.

Provisions averaged lower, influenced somewhat by the setbacks
in the value of cereals.

## Mining Notes

The West Dome mine is now pumped out and the thoro sampling of the po-perty has commenced. Probably the first or nearly the first phase of prospecting to be undertaken will be with the diamond

While no definite arrangements have been made it is understood that the Ophir will probably commence work on or about the first of May. If a start is not made thus early there is no doubt whatever that the Ophir will be working before the season is far advanced.

COBALT.—Manager Angus of the Right-of-Way informed your representative that contrary to reports sent out the Right-of-Way has not run into any veins. The south workings will be closed shortly and exploration centred in the north part of the property on the 83-foot level.

SWASTIKA.—The McIvor Gold Mines, Limited, which was recently formed to take over the Oakes and McIvor claims north of Beatrice Lake has two boilers and a compressor on the properties. These will be set up shortly. At present a shaft following one of the veins is being sunk by hand. Results so far are very encouraging, according to Harry Oakes, one of the largest stockholders in the company.

Col. Hay, president of the Trethewey Mines, received word on Saturday that an important strike had been made on the Rochester property, which is controlled and is being worked by the Trethewey Company. The find was made on the 300-foot level, and the yein is from 3 to 5 inches wide of ore which will run from 500 to 1000 ounces to the ton.

The production of McIntyre for the quarter beginning Jan. 1st and ending March 31st, is officially given as follows: Tons milled, 27,248; value per ton, \$7.74; gross value, \$210,840; recovery, \$201,110, or 95.4 per cent; operating cost, \$3.85 per ton; total, \$104,982; operating profit, \$97,-128.

WINNIPEG GRAIN MARKET.

WINNIPEG, April 8.—Wheat closed 2%c lower for May and July, and 2c down for October, on the Winnipeg market today. Oats were %c down for May and %c lower for July. Barley was 1½c down, while flax was %c higher for May and %c higher for July.

With the exception of the first few minutes, the market was a selling one thruout. Exporters took very little, but their buying checked the decline at times.

urday Morning's Session -Butter Was Stationary.

## EARLY FRUIT SOLD WELL

Apples and Vegetables Brought Good Prices, While Potatoes Ran About the Average.

The St. Lawrence Market had a fa'rly large attendance of both vendors and purchasers on Saturday last, and trade was mostly active.

New-laid eggs were brought in in larger quantities than even a week age, and mostly started to sell at 28c per dozen, in the middle of the forencon becoming so slow they declined to 25c per dozen, a few clearing out at 23c per dozen, but at about one o'clock, when the basket, section people had sold out, a few in the wagon section, who had kept their prices up all morning, and thus saved their eggs, sold at 27c and 30e per dozen.

Butter remained stationary in price, selling at from 32c to 32c per pound, the bulk selling at 35c to 37c, althe the demand was good, and many claimed they could have sold twice as much as they had.

Fowl, as usual lately, brought good prices, three broilers, weighing about three and three-quarter pounds, bringing \$1.85, or nearly 50c per pound, the last year chickens selling at 25c to 28c per bt. and boiling fowl at 22c to 25c per pound, while turkeys ranged all the way from 25c to 35c per lb., according to quality.

Apples were an exceedingly slow sale.

consular reports of dividends declared by several companies recently. Advices to the commerce department to-day said that Lamport and Holf, whose ships are in the American trade, after providing for losses and depreciation, have a profit for 1915 of \$1,620,043.

The company's dividend probably will be raised, it was said, from 8 to 10 per cent. Almost a million dollars will be put in a reserve fund.

Other companies have added to their reserve funds and have declared bonuses in addition to big dividends.

SHIPOWNERS REFUSED ACCORDING TO ENEMY

Wireless Gives Dutch Shipowners as Having Turned Down a British Invitation.

BERLIN April 8.—(By wireless to Sayville).—"Reports from Holland state that the British Government has asked Dutch ship owners to make trips each year to British ports with British goods," says the Overseas News Agency. "In case of refusal Dutch ships, it was stated, would not receive pilots for passage thru mine fields along the British coast, nor would they be allowed to take coal from British stations. The Dutch ship owenrs refused and in future their ships will sail around Scotland."

Were subpoenaed to appear this moning in the federal court. Both sides reported that the last of many conferences, which had adjourned at 1 o'clock this morning, had resulted in a deadlock.

DUTCH TO CALL 1917 CLASS.

LONDON, April 8.—A bill has been rubmitted to the second chamber of the Dutch Parliament to authorize the government, in view of the prevailing extraordinary circumstances, to call up, if necessary, the recruits of the 1917 class, says a Reuter despatch from The Hague.
