THE WAR NEWS.

Some of the prisoners could work, instead of employing all of them in workshops. It is felt that such a farm would be profitable, as well as tending to promote the ealth of the prisoners. They have been bringing up more troops and continuing the offensive in the region of Ypres and LaBassec. All their attempts thus far have failed, and confidence is expressed that when all the preparations of the Allies for the spring campaign have been completed they will be able to drive the Germans back. If the French remains the complete the prisoners and harmans all the preparations of the Allies for the spring campaign have been completed they will be able to drive the Germans back. It is worth while to note some the conviction that it is Canada's war manner. It is worth while to note some of the activities of the Halifax board. It has been decided during the balance of the winter to have half hour talks on the battlefields of Europe.

on the battlefields of Europe.

The news that comes from Germany makes it perfectly clear that the people of that country are beginning to feel the pinch of want, and that their hardships must steadily increase as time goes on. If up to the present time the boasts of the Kaiser and his officers that Germany would triumph in this war have overcome the fears of the people, and encouraged them to make a lavish use of their resources, they must now realize more clearly the seriousness of Germany's position and the certainty that the Kaiser's boasts are not to be fulfilled, even if Germany should be able to continue the struggle for a long period.

COMBING WON'T RID HAIR OF DANDRUFF

The Easiest and Best Way is to

The only sure way to get rid of dand-ruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently

moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do by all means get rid of dandruff, for nothing destroys the hair more quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work:

Practically every unit of the miltia in British Columbia has been kept under arms at the expense of the dominion government. This has been the scheme of Premier McBride to solve the unemployment problem. Mobilizing and maintaining under arms all the Canadian units solved the question, but now Major General Hughès is asking why his orders to demobilize were not carried out.

Ottawa and Toronto universities have cancelled their intercollegiate debate which was on the question "Resolved that Russia is a greater menace to Britain than is Germany." as the dominion police placed a ban on the suggestion.
