"EMPEROR OF CANADA" MAY CARRY PRINCE ON MAIDEN VOYAGE.

London, Feb. 14.—It is announced that the great new C. P. O. S. liner Empress of Canada, now being built, is to inaugurate the North Atlantic service by a tour around the world. Although the date of completion of this, the largest and most palatial vessel of the fleet, is not certain, owing to labor conditions, it is hoped, if possible, to synchronize the inaugural voyage with the Prince of Wales' trip to India in about a year's time.

FASHION DECREES SHORTER SKIRTS

Shall Come No Lower Than One Inch Below the Knee, is Paris Statement.

Paris, Feb. 17.—Dame Fashion, having apparently reached the limit in evening gowns, has now decreed that skirts for day wear shall come no lower than one inch below the knee next season. Fourteen inches is the regulation length.

Judging by the showings of models by the most prominent couturiers, while there is considerable variety in cut and texture, the main rule followed by the designers of next season's gowns is that woman's form must be revealed as much as possible.

While gorgeous materials are generally used, rough goods have been employed by one house for a "house maid gown" designed to meet the present economic crisis, which often forces the fashionable matron to cook her own breakfast and dust the parlor.

Money is no object, especially in undereclothing, the prices of which rise in direct ratio to the flimsiness of the garments. Fifty dollars a pair for stockings is not considered expensive, provided they are of the "invisible" variety.

Several houses have provided a sensation by going back to sleeves, or rather an excuse for sleeves, which, owing to the lack of backs in the gowns and just above the elbow, leave the upper arm uncovered in order to exhibit the heavy Egyptian slave armlets, which are riveted on the arm by a jeweler, and cannot be detached.

POTATOES AS CURRENCY.

Poles Using Them as Means of Payment Now.

New York, Feb. 16.—How would you like to be paid in potatoes? Can you imagine going shopping with a bag of potatoes, giving a couple of dozen big ones for a hat or pair of shoes, and getting a lot of little potatoes in change? Or fancy handing the conductor a potato for a train ride, or giving so many tubers to get into the movies. This is the accustomed thing in certain parts of Poland, where potatoes are the standard currency.

In the district around Grodno the Red Cross reports that all the local help employees in warehousing or in the activities of the field units are remunerated in a weekly wage of potatoes. They are glad to get paid that way, because potatoes, being a stable article, do not fluctuate like the various types of paper money that are in circulation. About twenty pounds of potatoes is regarded as a fair weekly wage for an ordinary laborer.

WALKED TO JERUSALEM

Caucasian Jew Arrives After Year's Hardships.

New York, Feb. 17.—After a year's journey on foot, Aharon Gabrielow, a Caucasian Jew, has just arrived in Jerusalem, according to a report received by the Zionist organization of America.

This modern pilgrim, whose sufferings and hardships equalled those endured on similar attempts to reach the Holy City during the Middle Ages, walked through Caucasus and Persia, via Bagdad, to get to the Holy Land.

According to the records of the Zionist organization, it is the longest journey entirely on foot in the daring attempts of Jews in the last few years to break through the barriers of their native countries to get to Palestine.

HOLD A MUMMY AND CAN'T LET GO

London Rector and Vestrymen Embarrassed by Relic Exhumed After Fire.

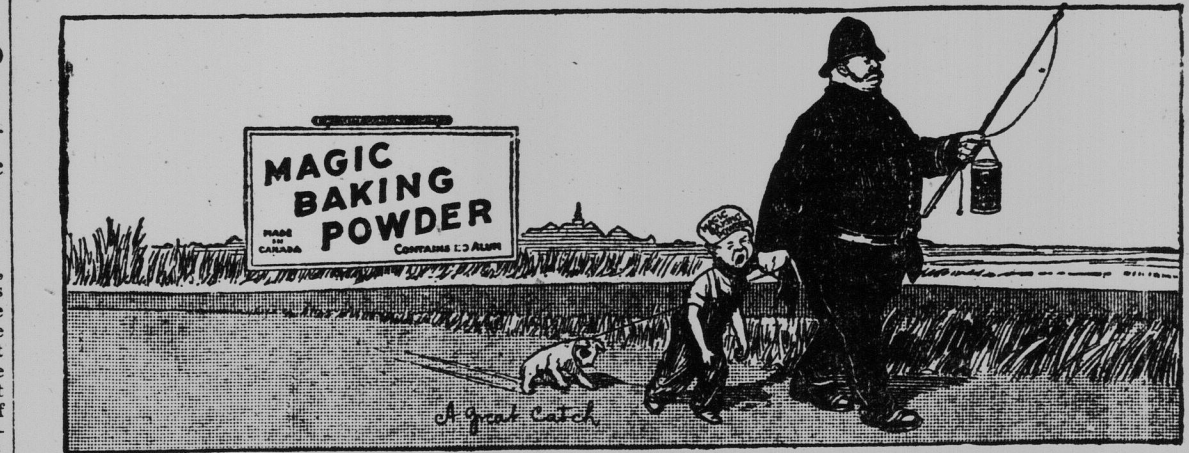

London, Feb. 17.—An English mummy, to which the name of "Old Jimmy" has been irreverently given, is bothering the Rev. B. Saunders Lloyd, rector, and the wardens and vestrymen of the ancient City Church of St. James, behind the Mansion House Station. They have it on their hands and can get no trace of its origin or age, and they wish to dispose of it.

It first came to the attention of the church authorities in 1906, when the great fire of London, whose ruins covered 896 acres, consumed the old church. In overhauling the vaults about that time the mummy was taken upstairs to be shown to the curious, and it was overlooked when the vaults were resealed. A special box was made for it, and it lay in a dark corner of the church for generations. Occasionally it was shown to special visitors, members of the royal family among them.

Now the church authorities feel that it is entitled to decent burial and they have no place to put it. In any case, they hope to get rid of it, as it has given the old church an uneasy reputation.

Car Fares in West.

Regina, Sask., Feb. 17.—Regina is now the only city in the province where the five-cent fare is charged on street cars. Saskatoon joined the high cost of riding procession when cash fares were advanced to seven cents.

THE BOYS' CLUB

The Editor of The Evening Times-Star, Sir.—Christmas seems to many persons a long way past. I fear the thought and spirit it engenders is gone too. Christmas day stands for three important and delightful things, perhaps the most: The love of God, the importance of ourselves, and the tremendous and awful sanctity of every man's own inside.

Christ sanctified the home and fireside, making them religious, the first man to do this. We should learn that as some one has said, "Better finance maternity till a boy is eighteen than finance an execution of the product of the streets at twenty-five." Already we have turned from nineteenth century philosophy that none should function in family life till they could afford it, to the new doctrine that the community must follow Pharoah's daughter in financing maternal care of the child. A preacher said lately in one of the city pulpits: "It is my opinion that when some fifteen of our

citizens can subscribe, as they did, one million dollars or more for Victory bonds, they should at least provide for the Boys' Club in this city a building and equipment at a cost of one-half year's interest on that amount. Their failure to do this probably will cost them or their posterity many times the value of their investment, to say nothing of the suffering involved. Neither should they get any sympathy when this comes to pass."

It should be known that of 600 boys who in seven years were members of this club, but two went wrong, whilst sixty went overseas to help our great fight for liberty and righteousness. ONE WITH THE BOYS.

Ottawa, Feb. 16.—Lieutenant-Governor Pugsley, who has been ill for some days in this city, is reported at eleven o'clock tonight to be on the mend. It is believed that his illness is influenza, but relatives say that he is "not very well, but is much better than yesterday."

WAS CONVICTED OF HIGH TREASON

London, Feb. 14.—A General News despatch from Athens reports the conclusion of the trial of members of the former Greek general staff which had been accused of acting in behalf of the German interests during the war. Col. Metaxas, chief assistant to the staff, was convicted of high treason for surrendering Fort Rupel to the Bulgarians, and was condemned to death.

General Donnanis was sentenced to penal servitude for life. Two others were acquitted.

Road Work in West.
Regina, Sask., Feb. 17.—Out of 300 municipalities in the province there are only six which have not taken up the offer made last year by the Saskatchewan government, providing for the payment of grants to municipalities for the maintenance of main highways leading to market towns.
