

KIRK-SESSION REPORT.

The Kirk-Session, in making their Annual Report to the congregation, feel how difficult it is, perhaps impossible, to say anything definitely as regards the spread and progress of true religion throughout the congregation. They hope, yea they believe, that under an earnest ministry much enduring good has been accomplished both in leading into spiritual life, and in leading on to higher christian attainments. The Moderator is not without many private assurances that this has been so, and there are many indications visible to all, that the Spirit of Life is in our midst, ready to make us still more meet for the Master's Service.

During the year the Sacrament of Baptism was administered to 12 children, 20 persons were received into full Communion on profession of their faith, and 6 on presenting disjunction certificates. There were 15 deaths in connection with the congregation. The Communion Roll shows a membership of 338.

J. MACKIE,

Moderator.
