

Synopsis of
Sabbath School Superintendent's Report.

In reviewing the work of our Sabbath School for the past year we are led to thank God for His goodness in enabling us to do something in leading the young to the Saviour.

The attendance has been good. Many of the Scholars have been very punctual and very regular in their attendance.

The contributions have been fair. The order is much improved, and an increased spirit of reverence shown.

The number uniting with the Church has been encouraging. The older scholars are remaining to a large extent in the school instead of leaving, as is sometimes the case. The increased and more comfortable accommodation and the exertions of the teachers have had much to do in bringing about this result. The library is well managed, for which we have to thank the librarians.

Our losses by death have been few, but not the less felt on that account.

One of our teachers, Mr. Walker, has left us for more trying work in the North-West.

The co-operation of the parents is earnestly requested, as no body of teachers can succeed to any extent without it.

The question of teachers' meetings for the study of the lesson has been a subject of much thought on the part of the officers and teachers, and it is hoped that means may be devised to make these meetings, if held, successful.

In conclusion, it is our earnest prayer that still greater success may attend our efforts in 1895. "May the Lord bless us and keep us. May the Lord make His face to shine upon us. May the Lord lift up His countenance upon us, and give us peace."

JOHN SAMUELSON,
Superintendent.
