

lled, Conductor Benjamin J. Hiatt, the cent developments in prices have of who rules the country. It is almost discharged to the motice is an affi-treatment of my throat until I was his former patients have told motion and the motice is an affi-his refusal of pay for valuable ser

the present time not one-quarter of it is properly known, and this is a disgrace to the people who live in it. Even now, persons living in the island simply live from day to day and in no way utilize the enormous potentialities of the country. For example, in the Alberni district it is impossible to get vegetables and fruit and dairy produce. All over the line as far as Comox all where it is wanted in any quantity. The present inhabitants are living upon the rise in real estate. They buy land and stay waiting for a profit on a resale, never attempting to cultivate the proper function for Alberni to supply the natural products for Vancouver.

"As regards the scenery of the island Nanaimo along the Mill Bay road is finer than the Corniche road from Nice court. to Genoa along the Rivieria, and af-
