Tailoring and Clothing,

HARMSWORTHS

Are the Real Purchasers of Newfoundland Timber.

Wit! Expend \$10,000,000 in the Erection of Pulp and Paper Mills There.

HALIFAX, N. S., May 30. The announcement a few days ago that the Newfoundland Timber Estate Limited, in which H. M. Whitney, of Boston, and B. F. Pearson, of Halifax, are interested, had taken over the lumber areas of Louis Miller of Scotland, created considerable interest among lumbermen throughout Canada. It now transpires that the most of this property has been taken over temporarily by the Whitney syndicate, and that they will operate there only for the remainder of this season. This property, which is the largest in Newfoundland, will then be taken over by the Harmsworths, the big London publishers.

Mr. Beeten, the Harmsworths hydraulic engineer, has spent considerable time looking over possible propositions for the establishment of what it is said will be the largest pulp and paper concern in the world. The Harmsworths will make in all an investment of about \$10,000,000 in the purchase and equipment of their Newfoundland enterprise. Mr. Beeten, in his search for suitable pulp lands, has visited Russia, Finland, Norway, Sweden, New Brunswick and this province, as well as Ontarlo. The property he has now decided on consists of over one million acres, and the lands are on the Exploits River, Indian Lake, Lloyd's River, Lloyd's Loke, King George's Lake, Victoria River and Victoria Lake. It is estimated that these lands contain hundreds of millions of feet of spruce pulp wood. The water shed is over two thousand square miles, and with the supply of water from such an area the Harmsworths will never be troubled by scarcity of water supply.

Estate—More Smallpox.

MONCTON, May 28.—One of the largest land purchases in this city for some time was completed today by Rupert D. Suthern, of Everett, Mass., who bought, from A. H. Jones twenty-one acres for building sites in the upper part of the city. Suthern intends erecting houses on his property for selling and renting. Suthern took an option on the Jones property some weeks ago and today closed the bargain.

An organization meeting of Moncton Exhibition Association was held tonight when F. W. Sumner, Hon. C. W. Robinson, Senator McSweeney, R. Clark and B. C. Cole were elected the first five directors and to name fifteen others to act with them on the management of the exhibition. Land has not yet been secured, but there are several sites in view. About \$5,000 of stock has been subscribed by citizens.

Another smallpox case developed today. The patient is Charles McGregor, of the I. C. R., who lives in Sunny Brae. This makes a total of fifteen cases in the isolated hospital.

BURNED BY TAR.

BURNED BY TAR.

Yesterday afternoon James Thompson, one of the employes of the streat department, was very painfully injured in the city yard on Leinster street. Mr. Thomson was engaged in mixing asphalt for repairs to the pavements, and for this endeavored to draw the bung from a barrel of tar, As sometimes happens, the tar was foaming, and the bung was blown out. With it came a stream of the liquid tar which struck Mr. Thompson in the eyes. Although the tar was not hot it burned, and his eyes and face were painfully injured. Mr. Thompson's fellow employes sponged his eyes out with oil, but he will be confined to his home for come time. His sight may not be impaired, but his eyes will be weakened. Mr. Thompson lives on Gilbert's Lane.

TODAY'S BASE BALL.

"Dinny" McCarthy's familiar figure will be seen no more on the basebail field. No more will he get struck on the face by the ball or run for a drink of water after the fifth inning. There has been trouble over money matters and he went on strike. The arrangement was that he should get three doilars for the Wednesday games and five doilars on Saturday. But he wanted more and the managers did not feel inclined to give it. Mr. McCarthy has made a good umpire and although at times his decisions did not always meet with the approval of the team against which they were made, his work has on the whole been eminently satisfactory. His place will be taken by Dan. Connelly, another good man, and well known in baseball circles.

The line up of the Alerts for this afternoon's game will be the same as on last Saturday. McDermott will pitch, It is not probable that there will be any changes in this team for some time. In the Roses today Mr. McFarlane may play right field in place of Tommy Burns, but the line up has not yet been arranged.

THE BAY SERVICE.

The steamer Yarmouth, upon her return this evening, will leave this port again for Yarmouth, where she will lie up for some time, as there is no work up for some time, as there is no work for her at present. The Yarmouth will take over with her a new smokestack, which has just been built by Flemings, and this will be put on in Yarmouth, where other repairs will also be made. Capt McKinnon will be in command. On Monday the Prince Rupert, under Capt. Porter, will commence the St. John-Digby daily summer service. The Rupert has lately been thoroughly renovated and improvements have been made in her accommodations for passengers.

Floods in eastern and southern Nebraska have cost the farmers at least a million doilars. The situation is critical. Kansas has the worst floods in the history of the state. The damage done is enormous. Miles upon miles of railway in both states are under water. Many towns have been flooded and buildings washed away.

There have been more than the usual number of deaths during the past week and sixteen burial permits were issued by the board of health. The causes of death were as follows:

NEW PLAYER FOR THE ROSES.

NEW PLAYER FOR THE ROSES.

The Roses and Alerts will play at the Shamrock grounds this afternon at three o'clock. The Alerts will have their regular team in the field with McDermott in the box. Cunningham will probably play with the Roses. Manager Haney this morning received a telegram from New York to the effect that an outfielder, named Flavin, would be here on Monday to join the team. Flavin has a good reputation as a hard hitter and as being a fast man in the field.

It is just possible that the double umpire system will be used this afternoon, 'Miah Coholan assisting Daniel Connolly.

How Reuben Came To Town.

Reuben Seeley is an energetic and enterprising youth from the west end and earns his daily bread and tea in Wm. Thomson & Co.'s office. This morning he was hurrying to work and rode down Rodney wharf on his bicycle. But when he tried to make a sharp turn the wheel bucked and Reuben went over the wharf into unfathomable mud. He got out, put on his Sunday clothes and showed up at the office on time, with his ears full of mud. He has no intention of applying for the job of dredging Rodney slip.

DR. LORIMER WILL STAY. Says His Work is in New York and He Will Not Accept Call to Boston's Tremont Temple.

(New York Herald.)
Boston cannot win back the Rev. Dreorge C. Lorimer, now pastor of the adison Avenue Baptist church in this

Madison Avenue Baptist church in this city.

The Tremont Temple Baptist church of Boston, on Friday night, by a practically unanimous vote, decided to recall Dr. Lorimer at this vacant pulpit.

When seen at his residence in this city yesterday Dr. Lorimer said he had not yet received the call, but that he would not accept it when he did.

"I'm not going back," he said, "People there have been generous, but my work is here, I have a fine parish, I am perfectly happy, and I'm going to stay. All this talk of change only unsettles me."

Dr. Lorimer has twice been pastor of Tremont Temple. In 1879 he went from there to Chicago. He returned to the Temple later and remained with the congregation ten years. He came to the Madison Avenue church, this city, a year and a half ago, and since then the Boston church has had no permaned assets.

CHAMBERLAIN'S SPEECH.

TORONTO, May 28.—The News' TORONTO, May 28.—The News' London cable says: Yesterday's proucedings in the house of commons were the most eventful since the day when Gladstone made his pronouncement on home rule. The speech of Chamberlain was received without a demonstration of any kind, but the close attention of the members showed that they realized that the history of England may be drawing to its close, and that the history of an empire is beginning.

The main points of Chamberlain's speech were as follows:
Firstly, Food must be taxed, but increase in wages, which would follow, would be more than equivalent therefor.

Second extentions and continued to the continued

cond, extra revenue would pay old

Second, extra revenue would pay old age pensions.

Thirdly, tax on food would revive the decaying agricultural industry.
Fourthly, fiscal rearrangement would revive Irish industries and agriculture.

Fifthly, it would enable the empire to strike against foreign nations like Germany, and
Sixth, it would protect home manufacturers from being swamped by trust productions of America.

Germany's attitude towards Canada, he declared, had forced to the front the question of fiscal imperialism. England must show Germany that she cannot wreak vengeance on Canada without suffering payment in kind. Chamberlain's concluding words were, "I raise this fiscal issue before all the constituencies."

THE PREMIER,

THE PREMIER,
who spoke after Mr. Chamberlain, declared his hearty agreement with what
the latter had said. Continuing he asserted that England must have a fiscal weapon with which to meet those
who might attempt to disintegrate the
empire by fiscal means. England wanted to secure open market in the colonles for manufactured goods.
William Redmond remarked that it
seemed to be Mr. Chamberlain's intention to wreck the government.
The lord mayor of London advocates
the soliverein of the colonies and all
foreign nations willing to trade on the
same terms.
The comments of the ministerial
press on Chamberlain's address are
marked with becoming seriousness.
The force of Lord Rosebery's words,
that the new policy will split the parties diagonally, seems to be realized.
The opposition press vigorously condemns Mr. Chamberlain's policy, The
Daily News calls it a policy of famine.

FOREST FIRES.

MONCTON, May 29.—Forest fires are still raging in different parts of Westmorland and Albert. The Salisbury and Harvey train had a rather trying experience on the down trip yesterday, being surrounded on all sides by fire. At one point the singineer was fearful to proceed and stopped the train, but the wind suddenly shifted-and allowed him to get out of danger. A report from Hillsboro says the oil wells are out of danger as the fire in that vicinity has apparently spent itself.
