## **BABY BORN ON A** HEAP OF ASHES.

## Almost Incredible Cruelty Shown To a Helpless Girl On Broad Street.

the St. John press to tell such a story child was born. She was discovered as the one recorded here. This is a city in which helpless girls, however house. they may have erred, usually find a refuge in time of their deepest distress. But on Saturday a young woman sought in vain for shelter and help. and it was only by a miracle that the responsibility for the loss of two lives has been escaped.

Lizzie Pike is a girl of eighteen or mineteen years of age. She is now a mother. Immediately before the birth of her child she was driven from the home of a near relative and sought in his birthplace over him. vain the shelter of the Salvation Army Bescue Home and in her last extremity found no better succor than was afforded in a shed, and there endured and made up a bed for the girl. her agony alone.

The young woman has been employ ed as a domestic in this city. When the state of her health made it neces- good constitution she would never have sary for her to leave her last place, she then went to her brother's house on Broad street, where she remained likely recover. until Saturday. The brother was not at home and his wife was unwilling that the child should be born in the house. Knowing of the rescue home and its purpose, the unfortunate girl managed with difficulty to walk thith- Home last night. The explanation er. She applied for admission, ex- given is that the house was full and plaining the circumstances as well as several of the officers were sick. The she could. A coach, which had been army people admit that they were well sept after her with her trunk, had aware of the girl's situation, but had followed quickly. But here the young no time to do anything. Even with woman was doomed to disappoint- this explanation it is considered ment. She was told that the place was strange that the girl should have been full and she could not be received. turned into the street by an institu-

Finding her too ill to walk, the driv- tion intended to look after such people. Dr. Macaulay said that in all his er of the team conveyed her back to Broad street. Here the door of her experience this case was the worst he brother's house was closed against had seen. The cruelty of the whole her and remained closed in spite of thing was almost incredible. . At an carly hour this morning it ther entreaties.

There was no place for the girl to was reported from Lower Cove that turn which she could reach, except a Miss Pike was not so well, and that neighboring shed used for storing coal her condition was causing some anxand wood. She crept into this place, liety.

Happily it is not often the duty of and there among the coal dust her shortly after, and neighbors gathering round carried her into her brother's

Eggs.

a process of selection would soon pro-For all farmers a most profitable duce a particularly fine strain of winbranch of the poultry business is the ter layers. production of eggs during the winter. Exporting Eggs .- The export trade carries off the surplus eggs produced says F. C. Hare, chief of the poultry during the summer months when prices division, Ottawa. Every winter there are low, but has little or no effect on is a great demand for new laid eggs; the price of new laid eggs in winter. Efforts to increase our export trade in the supply is always limited, and high prices are paid. In the large cities eggs need not, therefore, alarm consumers in cities or towns. Eggs that strictly fresh eggs sold readily during are placed in cold storage from April the past winter at from forty to sixty till July are shipped to Great Britain cents per dozen. Some farmers are so for the September and October trade; situated that they can maintain a city those that go into cold storage in the trade in fresh eggs throughout the fall are exported during the winter year. A premium of several cents a months. All these are sold in Britain dozen can usually be obtained for new as "Canadian fresh eggs." laid eggs shipped weekly to the city

merchant. Market Requirements .- There is a

growing preference on the home markets for brown shelled eggs. The shells of the eggs should be wiped clean if necessary, and the eggs graded in size. For shipment to the merchant they should be packed in cases holding 12 dozens or 30 dozens each. Eggs to be palatable should be eaten in a strictly fresh condition, therefore they should reach the consumer without unneces sary lelay. This requires (1) that the

eggs be collected regularly every day and stored in a cool room (temperature to bank teller is in brief an outline of 40 to 50 deg. F.), until a sufficient num- the career of Samuel H. Bell, who has ber are on hand to deliver to a dealer; just been appointed to a responsible (2) that the dealer forward the eggs position in the Strafford National Bank to the merchant at least once a week, and (3) that the merchant protect the Springfield, a village about 15 or 20 eggs from deterioration while in his possession.

Pullets for Winter Laying .- As a for many years, and also conducted a general rule pullets hatched during blacksmith shop when there was work May or early in June will prove most to do. When still a young man he profitable for winter laying. Farmers | came to Boston and began a career in who expect to make a specialty of railroading, finally being appointed high priced new laid eggs next winter ticket agent of the Boston and Maine should at the present time be hatch- road at Dover in 1893. During his 11 ing out a good number of chicks from years in that city Mr. Bell has seen which to select suitable pullets. The every bank in Dover except two close

cockerels should be sold in the early its doors forever and three bank cashfall. Unless they are housed in the iers abscord. His friends regard his fields and require little attention or appointment to the position of paying extra feed, the most profitable age for teller of the Strafford Bank as a splenmarketing is four months. After that did tribute to his honesty and ability, age the cost of feed per pound of gain in view of the several unfortunate ex-

In live weight rapidly increases. The pullets should be comfortably and permanently housed in the fall; transferring mature pullets to a

strange pen defers egg-production. Early winter laying demands liberal feeding, which includes in addition to

the grain, waste meat or animal food and vegetable food. From two flocks of Barred Plymouth Rock pullets that were liberally fed from birth for early

FOR WEAK WOMEN.

### Women Who Are Tired, Worn Out and Discouraged—Women

MRS. EDWARDS.

Who Are Nervous and Hysterical and on the Verge of Despair -Women Who Are Almost Drive **Crazy with Pain and Suffering.** 

Everywhere women are suffering from ailments which can be readily cured by the use of Dr. Chase's Nerve Food. Headache, indigestion, nervous exhaustion, sleeplessness, irritability dizzy spells, weakness and feelings of discouragement and despondency are among the symptoms, while troubles of feminine nature are also directly traceable to an exhausted and run-down condition of the system.

An abundance of rich, red blood and a plentiful supply of nerve force are absolutely necessary to woman's health, and because of its extraordinary power as a creator of blood and nervo force Dr. Chase's Nerve Food has established a wonderful record as a cure for woman's ailments.

MRS. R. W. EDWARDS, 33 Murray Street, Brantford, Ont., describe her case as follows :- "For five years I have suffered more than words can tell from nervous headaches, nervous dyspepsia and exhaustion. The pains in my head would a times almost drive me crazy. I could not sleep nights, but would walk the floor in agon until I fell exhausted and unconscious, and my husband would have to carry me back to bed.

Sometimes I could take no food for four days at a time, and experienced terrib gnawing sensations in the stomach, had bad taste in the mouth and coated tongue. I we pale, nervous, irritable, easily exhausted, was reduced to a mere skeleton of skin and bot and my heart would paipitate as though it was about to stop beating. My greatest suffering was caused by the dreadful pains in my head, neck and back, and all this was in spit of the best efforts of three leading doctors of this city.

"For the past nine months I have used Dr. Chase's Nerve Food, and for a considerable time I have not experienced a headache, nor any of the symptoms mentioned above. From a mere skeleton this medicine has bailt me up in flesh and weight, until now I am strong and well, do my own housework, walk out for two hours without feeling tired, and an thoroughly restored to health. Is it any wonder that words fail to express my gratitude for this remarkable cure? You can use this testimonial for the benefit of other sufferers."

## **Dr. Chase's Nerve Food**

50 cents a box, 6 boxes for \$2.50, at all dealers or Edmanson, Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Note your increase in weight as the form is being rounded out and the healthful glow restored to the complexion by this treatment.
