Father Goulin Had To Get Into The Game

E. E. COULON, SEPARATING JOHNIE AND GEO. COULON IN TRAINING ROUT.

E. E. Coulon, father of Johnnie Coulon, who is generally regarded as the best of the present crop of bantam-weight boxers, has a plaintive tale of woe. Father Coulon didn't want to get into the boxing game, but Johnnie's skill as a fighter just made him, and now he manages the boy.

In The Training Camps

JEFFRIES Johnson
Ben Lomond, Cal., May 7.—Jeffries was on the road early today and before 10 o'clock was busy at the pulley weights in the gymnasium. His punching bag is just outside the gymnasium and the sun being pretty warm, Jeffries pulled off his heavy woolen shirt and worked with the striking ball while striped to the waist. So clear is he of unnecessary flesh that his ribs can be seen as plainly as when he was a youngster at the fighting game. He worked while it lasted but one hour, was fast and interesting.

HEAVY STRAIN ON IRON MEN

Some of the Famous Men Who Have Earned the Proud Title Not in Fast Company Now.

By Pat Malone.
It doesn't pay to be an "iron man" in baseball. If you don't believe it, look at Joe McGinnity, Jack Chesbro, Ed Walsh and "Stoney" McGlynn, the four most famous of the so-called iron men.

Ed Walsh was the "iron man" of 1908, pitching 66 games and winning 40 of them. What did he do the last season? Well, not very much. He won 15 and lost 11 games and his arm troubled him all season. He is not strong this year, and the big-league friends are worried.

Harvard and Yale winners
Saturday Big Field Day For Inter Collegiate Sport—Dartmouth Easily Defeated at Cambridge—Amherst Victor.

Cambridge, Mass., May 7.—Scoring points in every event, and all the points in four events, Harvard easily defeated Dartmouth in the annual dual track and field meet held in the stadium today, 91-56 to 25-14. The result was a great surprise, as a number of Harvard's best performers are incapacitated by illness and injury. New men were uncovered by the two mile run, which was a dark horse even to the Harvard coaches. No record times were made.

Cambridge, Mass., May 7.—Amherst defeated Williams and Brown in their triangular track meet today principally through the running and jumping of Marion Roberts, of White Cottage, Ohio, a member of the junior class. The final score was Amherst, 59; Williams, 41; Brown, 35. A strong wind down the track enabled the sprinters to make fast time, yet the furlong and the low hurdles against the same wind were accomplished quickly. Roberts scored 16 points for Amherst. In the two mile run Roper, of Brown, who led within half a mile of the finish was nearly overtaken by Newton, of Williams, there being five yards between them at the tape.

Cambridge, Mass., May 7.—The University of Pennsylvania defeated Cornell in the annual dual track meet here today by 72 points to 42. In the two mile run T. S. Berna, of Cornell, broke the intercollegiate record by Taylor, of Cornell, by one second.

Cambridge, Mass., May 7.—A big athletic attraction will take place here Wednesday night when Fred L. Cameron, the champion long distance runner of America; J. Corkery, of Toronto; A. Rodgers; C. Patterson, and H. Palmer, of Halifax, will compete in a three mile championship race. The race will take place in the Arena on the indoor ten lap track. The competitors are about the five fastest men in Canada.

Cambridge, Mass., May 7.—Two Boston American baseball players are in the hospital, Ambrose McConnell, second baseman, underwent an operation for appendicitis at a Back Bay hospital today and is resting comfortably while Ralph Myers, substitute first baseman, is confined with scarlet fever.

GOOD MEN IN LUNJSTROM
THE AMATEUR 3 TEAM LEAGUE
Not the least in importance by any means in the baseball life of the city for 1910 will be the new amateur league. Many fans are inclined to look upon the newly formed organization as a minor league in comparison with the city or inter-city leagues.

Palos, Ala., May 7.—Rescue parties in the ill-fated mine No. 3 of the Palos Coal and Coke Company are today gradually working their way towards the 2,300 foot level, where it is believed the largest number of bodies will be found. Thirty-four bodies already have been found in the mine, between 100 and 150 lost their lives in Wednesday's explosion. All the bodies are horribly mangled and can only be identified from brass checks which they carried in their pockets.

AT THE OPERA HOUSE
There was a large audience at the Opera House on Saturday evening when the Kirk Brown company produced the melodrama The Man Who Dared. The piece while holding exciting climaxes is nevertheless much more reasonable than the ordinary thriller and tells a coherent and interesting story. The company appeared to good advantage and the staging was in every way adequate. One of the effects used in the play is a den of lions and this was particularly effective.
