PHOTOGRAPH OF CARDINAL GIBBONS, TAKEN ON OCCASION OF HIS GOLDEN JUBILEE.

CARDINAL GIBBONS AND ARCHBISHOPS.

The photograph herewith was taken during the celebration in Baltimore of Cardinal Gibbons' golden jubilee as a priest and his silver jubilee as a member of the Sacred College. Every inch of the Cathedral was packed during the ceremonies, and thousands waited outside for hours to see the procession.

TEACHERS OF RESTIGOUCHE IN SESSION

The County Institute, Held in Dalhousie, Proved Helpful—Several Important Subjects were Ably Discussed.

Dalhousie, Oct. 20.—The Restigouche Teachers' Institute closed to-night after two days of most helpful exercises. On Thursday the first hour was spent in visiting the various departments of the Dalhousie Superior school, where lessons were being taught by the staff of the Superior school. Different subjects were taken up in the different departments, giving a variety of subjects for observation. After the school was dismissed the teachers gathered in the principal's room and the institute was called to order by Inspector Geo. W. Morrison, in the absence of the vice-president, Miss Sarah Duffy, of Campbellton. Mr. Morrison spoke briefly of the work in his department of the educational field, showing how the school had forged ahead for the last 20 years and in his characteristic way encouraged the teachers to persevere in the good work they have so nobly carried on.

Dr. A. G. Ferguson, chairman of the school board, was called upon and extended a most cordial welcome to the visiting teachers and the educational officials present.

Dr. C. C. Jones, chancellor of the University of New Brunswick, followed in a brief address pointing out in a laud manner the relation between the university and the school. Dr. Jones mentioned several men of natural fame who were graduates of U. N. B., and as their Alma Mater, Dr. Jones' address was replete with encouragement for the teachers.

Dr. Carter, chief superintendent of education, being present, gave a helpful address, setting forth the duties of teachers, encouraging them to make a strong effort to bring about improvement in the quality of the moulding of a strong, vigorous citizenship, asking the institute to take into consideration the advisability of having a text book on "Canadian Civics," prescribed by the Board of Education. The doctor spoke of the pension scheme, and of a district act that would enable teachers to share proportionately in the pension if by reason of ill health, they were unable to teach the required thirty-five years.

Dr. G. U. Hay followed, briefly expressing his pleasure in being able to attend another institute of the teachers of Restigouche, and of the many pleasing recollections of former days, when he met in the institute with the Restigouche teachers. Dr. Hay presented the subject of teachers taking an educational paper and showed many advantages that the "Educational Review" offers to teachers of the Maritime Provinces, especially New Brunswick.

The first hour in the afternoon was spent in criticizing the work done in the departments the first hour in the morning. The teachers entered in to the work, showing what they thought was good and frankly saying where the method might be improved with reasons for the same. On the whole the criticism was highly favorable to the staff of the Superior school.

The last hour of the Friday sessions was devoted to the reports of the various committees.

The press committee reported that the proceedings of the institute would be forwarded to the local papers and two St. John papers.

The nominating committee reported the following names as officers for the ensuing year: James Carr, principal of the grammar school, Campbellton, president; Miss Smith, teacher of the 8th grade in Campbellton school, vice-president; Miss Carlin, Campbellton, secretary-treasurer; Miss Duffy, Miss Andrews and Miss Brown additional members of the executive.

The committee on resolutions reported that the board of education placed a textbook in Canadian civics in the hands of the teachers.

ST. STEPHEN'S BIBLE CLASS ORGANIZES FOR WINTER

First Meeting of Season Held Yesterday Afternoon—Officers Elected—Club May Have Basket Ball Team.

The first annual meeting of the Young Men's Bible Class of St. Stephen's Presbyterian church was held in their rooms yesterday afternoon for the purpose of organization and the election of officers. The following were elected:

President—H. C. Lawton. Vice-president—Arthur M. Ellis. Treasurer—James Harrison. Secretary—J. Arthur Green. Alf. D. Smith who has led the class for the last two years, will again be the leader.

Yesterday's meeting was most enthusiastic and the attendance was the largest for the opening Sunday in several years.

Plans were discussed for the winter and it is not improbable that the class will have a basketball team as among its members are such well known players as Barton, Latham, Lawton, Ellis, Wilson and several others who are also well known athletes. Several years ago the class won the championship of the church league.

Plans are being made to hold debates on matters of local interest and addresses by well known public men will also be given throughout the winter.

A cordial invitation to all past members and to all others is given to attend these meetings every Sunday afternoon from 2:30 to 3:30.

The class meets in their own rooms in St. Stephen's Sunday school building, Charles street.

Veneer tree protectors made of thin material 1/4 inch thick, 8 inches wide, 24 inches long and costing about \$5 per thousand will last three or four years and afford good protection. The paper or veneer as the case may be, should be applied in the spring, about the middle of April.

Health for Every Woman No More Headaches

From Weakness and Despair Thousands Have Been Restored to Robust Good Health by Dr. Hamilton's Pills.

That sick women are made well by Dr. Hamilton's Pills is proved in the following letter:

"For years I was thin and delicate. I lost color and was easily tired; a yellow pallor, pimples and blotches on my face were not only mortifying to my feelings, but because I thought my skin would never look nice again I grew despondent. Then my appetite failed. I grew very weak. Various remedies, pills, tonics and tablets I tried without permanent benefit. A visit to my sister put into my hands a box of Dr. Hamilton's Pills. She placed reliance upon them, and now that they have made me a well woman I would not be without them whatever they might cost. I found Dr. Hamilton's Pills by their mild yet searching action very suitable to the delicate character of a woman's nature. They never once gripped me, yet they established regularity. My appetite grew—my blood red and pure—my rings under my eyes disappeared, and today my skin is as clear and unmarred as when I was a girl. Dr. Hamilton's Pills did it all."

The above straightforward letter from Mrs. J. Y. Todd, wife of a well known citizen in Rogersville, is proof sufficient that Dr. Hamilton's Pills are a wonderful woman's medicine. Use no other pill but Dr. Hamilton's Pills, 25c per box. All dealers of the C. F. Farnham Co., Kingston, Ontario.

THE WINTER PROTECTION OF YOUNG APPLE TREES

Precautions must be taken to prevent injury from mice, rabbits, etc. Many failures in apple growing here and elsewhere are caused by these pests and a large annual toll in the form of dead trees is annually exacted by them. As far as possible crops should be avoided and the accumulation of litter, trash, weeds, low grasses, etc., which furnish suitable winter quarters for these animals, prevented. Mice work under the snow and damage from them may be prevented by tramping the snow solid round the trees after the first few snowfalls.

This method of protection is however somewhat dependent on the weather. The cheapest and safest protection is secured by wrapping the trunks of young trees with paper, wood veneer or some such material. Good strong building paper, as light as possible in color gives good satisfaction. This may be placed round the trees in the fall, not tightly but leaving an inch or so of space between the inside of the paper and the bark of the tree. The soil should then be mounded up around the bottom of the paper to a height of six inches or so.

Notice to Provincial Automobile Owners

October 20, 1911. WARNING is hereby given to all who have not paid their 1911 Auto license tax, now past due. (See schedule Section 9 of the 1914 Motor Vehicle Law), that action to collect will be taken by a special officer appointed by the Department.

Only an immediate remittance will save a delinquent car owner the possibility of being held up for non-payment of license.

(Signed) D. B. WINSLOW, Secretary of Public Works, Fredericton.
